Independent Auditor's Report

To City Council
City of Erie
Erie, PA

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Erie, Pennsylvania, as of and for the year ended December 31, 2007, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Erie's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the component units, which represent 23 percent, 42 percent, and 18 percent, respectively, of the assets, net assets, and revenues of the component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the government-wide statements and fiduciary fund statements, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Erie, Pennsylvania, as of December 31, 2007, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The required supplementary information, such as management's discussion and analysis on pages 5 through 14 and the schedule of funding progress on page 83 and the budget comparison schedule on page 84 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Erie's basic financial statements. The accompanying introductory section, supplementary information, such as the combining and individual nonmajor fund financial statements and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and accordingly, we express no opinion on them.

As discussed in Note B, the City has a General Fund deficit fund balance of \$5,615,785 and \$10,482,967 at December 31, 2007 and 2006, respectively. In 2007 the City has begun to reduce the deficit in General Fund, however due to the size of the deficit at December 31, 2007 it still remains an important issue for the City to address. Management's plans in regard to these matters are also described in note B. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

**CITY OF ERIE
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2007**

As management of the City of Erie, Pennsylvania (the "City"), we offer readers of the City's Comprehensive Annual Financial Report ("CAFR") this narrative overview and analysis of the financial activities of the City (the "Primary Government") for the year ended December 31, 2007. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the City's basic financial statements that immediately follow this section.

FINANCIAL HIGHLIGHTS

- In 2007, the property tax rate was increased to 11.45 mills, which represents a 12% increase over the prior year, with 82% being allocated to general fund activities and 18% being allocated for debt service.
- In 2007, the City introduced a new license called the Landlord and Rental License. This requires all owners of rental property to be licensed and it will require licenses and biennial property inspections for all residential rental units. As of December 31, 2007, the City had received payments totaling \$470,520 for these licenses.
- The Minimum Municipal Obligation payment increased to \$5.6 million in 2007, a 52% increase over the prior year. The calculation of this payment was based on the January 1, 2005 Original Actuarial Valuation Report.

OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis serves as an introduction to the City of Erie's basic financial statements. The City of Erie's basic financial statements are comprised of three components, government-wide financial statements, fund financial statements and notes to the financial statements. This report also contains other supplementary information in addition to the financial statements.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the City of Erie's finances, in a manner similar to a private-sector business. The Statement of Net Assets presents information on all of the City of Erie's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City of Erie is improving or deteriorating. The Statement of Net Assets combines and consolidates the governmental funds' current financial resources (short-term spendable resources) with capital assets and long-term obligations.

Other non-financial factors should also be taken into consideration, such as changes in the City's property tax base and the condition of the City's infrastructure (i.e. roads, drainage improvements, water and sewer lines, etc.), to assess the overall health or financial condition of the City. The Statement of Activities presents information showing how the City's net assets changed during the most recent fiscal year. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g., uncollected taxes and earned but not used sick leave at termination). Both the Statement of Net Assets and the Statement of Activities are prepared utilizing the accrual basis of accounting as opposed to the modified accrual basis used in prior reporting models.

In the Statement of Net Assets and the Statement of Activities, the City is divided into three kinds of activities:

- **Governmental Activities** – Most of the City's basic services are reported here, including the police, fire, streets, planning and development, parks and recreation and general administration. Property and earned income taxes and federal and state grants finance most of these activities.
- **Business type Activities** – The City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's sewer system, refuse collection and golf courses are reported here. The City also leases its water lines to a separate and distinct Water Authority.
- **Component Units** – The City includes four separate legal entities in its report – Redevelopment Authority of the City of Erie, Erie Metropolitan Transit Authority, Erie Parking Authority and Erie Sewer Authority. Although legally separate, these component units are important because the City is financially accountable for them. Financial information for these Component Units is reported separately from the financial information presented for the primary government itself.

Reporting the City's Most Significant Funds

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by state law and by bond covenants. However, the City establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants and other money. The City's two kinds of funds – governmental and proprietary – utilize different accounting approaches.

- *Governmental funds* – The majority of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method identified as the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted into cash. The governmental fund statements provide a detailed short term view of the City's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. By comparing information presented for governmental funds with similar information presented for governmental activities in the government-wide statements, readers may better understand the long term effect of the government's near term financing decisions. The relationships or differences between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds are detailed in a reconciliation following the fund financial statements.

The City of Erie maintains nine individual governmental funds. Information is presented separately in the Governmental Funds Balance Sheet and in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, Debt Service Fund, HUD Programs, Other Grants and the Capital Improvements Fund, all of which are considered to be major funds. Data from the other four governmental funds are combined into a single, aggregated non-major fund presentation. Individual fund data from each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

- *Proprietary Funds* – The City charges customers for the services it provides, whether to outside customers or to other units within the City. These services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and the Statement of Activities. In fact, the City’s enterprise funds (a component of the proprietary funds) are identical to the business type activities that are reported in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds. The internal service funds (the other component of proprietary funds) are utilized to report risk management activities of the City.

Because these services benefit both governmental as well as business type functions, their cost has been included in both the governmental and business type activities in the government-wide financial statements.

The City of Erie maintains four enterprise funds. The City uses enterprise funds to account for its water line lease, sewer, refuse and golf courses. The funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for each of the major enterprise funds, which include the Sewer Revenue Fund, the Water Revenue Fund and the Refuse and Recycling Fund. Data from the other proprietary fund is shown in a non-major fund presentation elsewhere in this report.

The City as Trustee

Reporting the City’s Fiduciary Responsibilities

The City is trustee, or fiduciary, for the retirement funds of its various employee units as well as the collection of real estate and earned income taxes, and certain amounts held on behalf of others. All of the City’s fiduciary activities are reported in separate Statements of Fiduciary Net Assets and Changes in Fiduciary Net Assets. The activities of these funds are excluded from the City’s government-wide financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purpose.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

THE CITY AS A WHOLE – Government-wide Financial Analysis

The City's combined net assets were a positive \$52.7 million (excess of total assets over total liabilities) as of December 31, 2007. Analyzing the net assets of governmental and business-type activities separately, the governmental activities are \$8.6 million and business-type activities are \$44.1 million. The analysis focuses on the net assets (table 1) and changes in net assets (table 2) of the City's governmental and business-type activities.

The largest portion of the City's total assets (67%) reflects its investment in capital assets (e.g., land, buildings, machinery and equipment). The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Governmental Activities

To aid in the understanding of the Statement of Activities some additional explanation is given. Of particular interest is the format that is significantly different than a typical Statement of Revenues, Expenses, and Changes in Fund Balance. You will notice that expenses are listed in the first column with revenues from that particular program reported to the right. The result is a Net (Expense)/Revenue.

The reason for this kind of format is to highlight the relative financial burden of each of the functions on the City's taxpayers. It also identifies how much each function draws from the general revenues or if it is self-financing through fees and grants.

Table 3 presents the cost of each of the City's seven programs – General Government, Public Safety, Highways and Streets, Sanitation, Culture and Recreation Economic and Community Development – as well as each program's net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions.

Table 3

Totals	<u>\$ 71,068</u>	<u>\$ 67,949</u>	5%	<u>\$ 42,620</u>	<u>\$ 41,011</u>	4%

Business-type Activities. Business-type activities decreased the City net assets by \$879,000 for the current year. The key element of this decrease was a \$3.6 million net transfer to the City's General Fund. The City's sewer system recorded charges for services of \$19 million and reported a net operating loss.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets. The City's investment in capital assets as of December 31, 2007, amounted to \$159.8 million (net of accumulated depreciation). This investment, detailed in Table 5, in a broad range of capital assets including police and fire equipment, buildings, streets, water and sewer lines. This amount represents a net decrease (including additions and deductions) of \$1.4 million or a 1% decrease over the prior year.

Table 5

City of Erie, Pennsylvania						
Capital Assets (net of depreciation and impairment loss)						
(amounts expressed in thousands)						
	<i>Governmental Activities</i>		<i>Business-type Activities</i>		<i>Total</i>	
	2007	2006	2007	2006	2007	2006

Equipment and vehicles	9,426	9,078	24,135	22,803	33,561	31,881
Infrastructure	33,911	32,859	-	-	33,911	32,859
Capital assets, net	<u>\$ 61,627</u>	<u>\$ 60,498</u>	<u>\$ 98,200</u>	<u>\$ 100,674</u>	<u>\$ 159,827</u>	<u>\$ 161,172</u>

Some of the City's major capital asset events in the current year were:

- In both the General Obligation Bond Fund and the HUD Programs Fund a total of \$522,000 was spent on the installation of curb cuts and the retrofitting of older curbs. The City is required through a court order to complete this project and by the end of 2007; the project was 48% complete.
- During the prior year the City of Erie permanently closed the Erie Golf Course. During 2007 the City was in talks with Millcreek Township and the Airport Authority to take over operation of the course and the associated debt. On September 9, 2008 in a related deal with the Airport Authority the Township agreed to take ownership of the Course with the Airport Authority being responsible for the outstanding debt.

Additional information on the City's capital assets can be found in Note C of the basic financial statements.

Long-term Debt. At the end of current year, the City's total long-term debt outstanding is \$161 million. This amount was largely comprised of \$159 million in general obligation bonds.

Table 6

City of Erie, Pennsylvania
Outstanding Debt
(amounts expressed in thousands)

	<u>Governmental Activities</u>		<u>Business-type Activities</u>		<u>Total</u>	
	2007	2006	2007	2006	2007	2006
General obligation bonds (backed by the City)	\$ 85,852	\$ 89,627	\$ 73,489	\$ 74,232	\$ 159,341	\$ 163,859
Other loans	300	400	2,168	2,250	2,468	2,650
Capital leases	11	137	-	-	11	137
Total	<u>\$ 86,163</u>	<u>\$ 90,164</u>	<u>\$ 75,657</u>	<u>\$ 76,482</u>	<u>\$ 161,820</u>	<u>\$ 166,646</u>

The City's total long-term debt decreased by \$4.8 million, or 3.5%, during the current year.

Bond Ratings. The City's debt rating is A- by Standard & Poor's and Ba1 by Moody's. Insurance has been purchased to guarantee repayment of certain of the City's indentures.

Additional information on the City's long-term debt can be found in Note C of the basic financial statements.

THE CITY'S FUNDS

At the close of the City's year on December 31, 2007, the governmental funds of the City reported a combined fund balance of \$32.8 million. This ending balance includes an increase in fund balance of \$4.9 million in the City's General Fund. The reason for the General Fund's increase is due to the increase in tax revenue over prior years. In addition, these other changes to fund balances should be noted:

- The City's Debt Service fund balance of \$7.9 million decreased by \$1.1 million from the prior year fund balance.
- The City spent \$1.1 million in capital outlay in the Capital Improvements and General Obligation Bond funds.
- The City's General Obligation Bond fund decreased by \$768,000, during the latest year thereby decreasing ending fund balance to \$2.4 million.

GENERAL FUND BUDGETARY HIGHLIGHTS

During 2007, there was one significant General Fund budget amendment in the amount of \$320,000.

For 2007, actual expenditures on a budgetary basis were \$58.8 million compared to the budget amount of \$59.8 million. The \$1 million positive variance was due to a concerted effort to reduce expenses.

For 2007, actual revenues on a budgetary basis were \$60.1 million as compared to the budget amount of \$56.4 million. The majority of the \$3.7 million positive variance was due to an increase in tax, licenses and permits revenue.

The City of Erie has, on a budgetary basis, an actual General Fund deficit balance of \$5.6 million as of the year end, compared to the budgeted balance of zero (including \$3.5 million in Operating Transfers In). (*See Statement of Revenue, Expenditures and Change in Fund Balance Budget and Actual, page 84*) The variance in fund balance is primarily due to the increase of revenues over the budgeted amounts.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The City's elected and appointed officials considered many factors when setting the fiscal year 2008 budget, such as tax rates and fees that will be charged for the business-type activities. The total budget appropriation is \$57.1 million. This represents a decrease of \$2.7 million from the 2007 budget.

The General Fund's largest single revenue source is property taxes. The property tax rate for 2008 is 11.45 mills (.01145 per \$1,000 valuation). Of this tax rate 84 percent or 9.59 mills is utilized for General Fund activities. The remaining 16 percent or 1.86 mills is used for debt service. The General Fund's portion of property tax revenue for 2008 is estimated to be \$26.8 million, an increase of \$8.9 million from 2007. This increase is due to a larger portion of the total mills being allocated to General Fund and a lesser portion allocated for debt service.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

The financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Director of Administration and Finance, at the City of Erie, 626 State Street – Room 309, Erie, Pennsylvania 16501.

CITY OF ERIE, PENNSYLVANIA
Reconciliation of the Balance Sheet to the Statement of Net Assets
Governmental Funds
December 31, 2007

Fund Balances – total governmental funds	\$ 32,824,650
Amounts reported for governmental activities in the statement of net assets are different because:	
Prepaid assets	(228,990)
Net Pension Asset	112,623
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. The cost of assets is \$107,424,708 and the accumulated depreciation is \$45,798,474.	
	61,626,234
Property and earned income taxes receivable will be collected this year, but are not available soon enough to pay for the current period's expenditures, and therefore are deferred in the funds.	
	3,077,351
Long-term liabilities, including bonds payable, are not due and payable in the current year and, therefore, are not reported as liabilities in the funds. Long- term liabilities at year end consist of:	
Bonds, notes and loan payable	(72,986,787)
Accrued interest on the bonds	(12,890,463)
Deferred Revenue for items not earned at year end	(30,000)
Deferred Charges for debt issuance costs	167,937
Liabilities for accrued obligations	(4,213,431)
Internal Service Funds are used by management to charge costs of certain activities to individual funds.	
The assets and liabilities of the Internal Service Funds are reported with the governmental activities.	4,001,989
Net assets of governmental activities	\$ 11,461,113

CITY OF ERIE, PENNSYLVANIA
Reconciliation of the Statement of Revenues,
Expenditures and Changes in Fund Balances of Governmental
Funds to the Statement of Activities
For the Year Ended December 31, 2007

Net change in fund balances – total governmental funds \$ 4,530,685

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This amount is the amount by which capital outlays exceeded depreciation in the current period. 1,127,394

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. 5,269,160

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. (1,532,057)

Revenues reported in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. 732,694

Real estate tax revenues reported in the statement of activities that do not provide current financial resources and, therefore are not reported as revenue in the governmental funds. 975,675

The revenue and expenses of the internal service fund is reported with the governmental activities. 3,472,637

Change in net assets of governmental activities \$ 14,576,188

CITY OF ERIE, PENNSYLVANIA

Notes to Basic Financial Statements

December 31, 2007

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City complies with generally accepted accounting principles (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide financial statements and the fund financial statements for the proprietary funds, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails. For enterprise funds, GASB Statement Nos. 20 and 34 provide the City the option of electing to apply FASB pronouncements issued after November 30, 1989. The City has elected not to apply those pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

Financial Reporting Entity

The City's financial reporting entity comprises the following:

Primary Government:	City of Erie
Discretely Presented Component Units:	Redevelopment Authority of the City of Erie
	Erie Metropolitan Transit Authority
	Erie Parking Authority

In determining the financial reporting entity, the City complies with the provisions of GASB Statement No. 14, "The Financial Reporting Entity," and includes all component units of which the City is appointed a voting majority of the units' board; the City is either able to impose its will on the unit or a financial benefit or burden relationship exists.

Blended Component Units

Blended component units are separate legal entities that meet the component unit criteria described above and whose governing body is the same or substantially the same as the City Council or the component unit provides services entirely to the City. Currently, the following entity has been included as a blended component unit:

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Erie Sewer Authority - This is a financing authority created to acquire property and equipment for a sewage treatment plant. The City is contingently liable for the debt of the authority under an agreement. In 2002 and prior years, the City entered into Guaranty Agreements whereby the City will guarantee payment of principal and interest on the 2001 series of bonds and on notes financed with Pennsylvania Infrastructure Investment Authority (Pennvest). This component unit has been included as a blended component unit because its governing body is the same or substantially the same as the City's and it provides services entirely for the benefit of the City.

Discretely Presented Component Units

Discretely presented component units are separate legal entities that meet the component unit criteria described above but do not meet the criteria for blending. Currently, the following entities have been included as discretely presented component units:

Redevelopment Authority of the City of Erie - This authority was created to operate demolition and rehabilitation projects within the City. The primary source of income is from Community Development Block Grant monies, which are allocated solely by the primary government. This component unit has been included as a discretely presented component unit because the primary government is financially accountable but does not have substantively the same governing body nor does it provide services entirely, or almost entirely, to the primary government or otherwise exclusively, or almost exclusively, benefit the primary government.

Erie Metropolitan Transit Authority - This is an operating authority created to provide mass transportation services to Erie County. The authority's main sources of revenue include income from operations, federal and state grants and local matching funds provided by the City and the County. This component unit has been included as a discretely presented component unit because the primary government is financially accountable but does not have substantively the same governing body nor does it provide services entirely, or almost entirely, to the primary government or otherwise exclusively, or almost exclusively, benefit the primary government.

Erie Parking Authority - This authority operates the municipal parking ramps and lots and enforces parking regulations throughout the City. The City has entered into a Guaranty Agreement with the authority whereby the City has unconditionally guaranteed the payment of principal and interest of the Series 2006, 2004, 2003 and 1998 bonds. This component unit has been included as a discretely presented component unit because the primary government is financially accountable but does not have substantively the same governing body nor does it provide services entirely, or almost entirely, to the primary government or otherwise exclusively, or almost exclusively, benefit the primary government.

Complete financial statements of the individual component units for periods ended and for the reports issued thereon dated, as listed below, can be obtained from their respective administrative offices or from the City Clerk's office in the Municipal Building.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Offices:

Redevelopment Authority of the City of Erie 126 West 9th Street Erie, Pennsylvania 16501 December 31, 2007 Unqualified opinion dated August 22, 2008	Erie Parking Authority 25 East 10th Street Erie, Pennsylvania 16501 December 31, 2007 Unqualified opinion dated January 28, 2008
Erie Metropolitan Transit Authority 127 East 14th Street Erie, Pennsylvania 16503 June 30, 2007 Unqualified opinion dated September 11, 2008	Erie Sewer Authority 120 West 10 th Street Erie, Pennsylvania 16501 December 31, 2007 Unqualified opinion dated March 10, 2008

Related Organizations

The City of Erie has created various municipal authorities, a non-profit corporation and a council, which operate independently of the City. The members of the boards of these entities have been appointed by the City, but the City's accountability for these organizations does not extend beyond making the appointments. The following represents a listing of related organizations of the City:

Erie City Water Authority - This authority was created to operate the City's public water system and to provide water service to the City and other portions of Erie County.

City of Erie Housing Authority - This is an operating authority created to administer federal housing programs for low and middle-income families and the elderly.

Erie Municipal Airport Authority - This authority was created to operate the Erie International Airport.

Erie Western Pennsylvania Port Authority - This operating authority has oversight responsibility for waterfront properties businesses on the waterfront and the lake cargo operations.

Higher Education Building Authority - A financing authority created to undertake projects for colleges and universities or in institutions of higher learning within or outside the City.

Erie Zoological Society - This non-profit corporation was created to operate the Erie Zoo.

Erie County Solid Waste Management Council - An organization to foster cooperative efforts to resolve problems, determine policies and formulate and implement plans relating to solid waste management.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Government-Wide and Fund Financial Statements

The statement of net assets and the statement of activities display information about the city for all non-fiduciary activities of the primary government and its non-fiduciary component units. As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities. The statement of net assets presents the financial condition of the governmental and business-type activities of the City at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for business-type activities of the City. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the City.

The City maintains its financial records on the fund basis of accounting, and each fund is considered a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate.

Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements of this report, into three fund categories in eight fund types, as follows.

For purposes of presentation, the statements have been segregated into activities of the primary government and those of its component units. The combination of these activities, comprise the total reporting entity.

The government reports the following major governmental funds:

General Fund - The General fund is the principal fund of the City, which accounts for all financial transactions not accounted for in other funds.

Debt Service Fund - The Debt Service fund is used to account for the accumulation of resources for, and payment of, general long-term debt principal and interest.

HUD Programs – Federally funded for the development of the City as a viable urban community by providing decent housing and a suitable living environment, and by expanding economic opportunities for persons of low and moderate income.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Other Grant Funds – Federal, state and locally funded projects for the construction of a baseball park; public safety equipment purchases; recycling projects; development and implementation of bridge, street and traffic signalization projects; park and playground improvements; summer recreation and senior citizen programs; enterprise marketing and assistance programs; various site improvements and renovations.

Capital Improvement Fund – To account for capital additions and improvements to public buildings, park and recreation facilities; vehicle and equipment acquisitions.

The government reports the following major proprietary funds:

Sewer Revenue Fund– To account for the provision of sewerage services to the residents, commercial and industrial establishments of the City, and certain surrounding municipalities. A portion of the 1993 general obligation bond (Series B) is accounted for as assets to be used for capital additions and improvements to sanitary and storm sewers.

Water Revenue – To account for the assets used to provide water services to the residents, and commercial and industrial establishments of the City and certain surrounding municipalities through an operating lease with the Erie Water Authority.

Refuse and Recycling – To account for the provision of refuse collection services, and the recycling and composting programs to the residents of the City.

Additionally, the government reports the following fund types:

Internal Service Fund - The Internal Service fund is used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City on a cost-reimbursement basis. The services accounted for through this fund are those related to the City's self-insurance for workers compensation, the employee's health benefit plan and all other insurance costs of the City.

Pension Trust Funds - Pension trust funds are used to account for the City's three defined benefit pension plans and the plan created and maintained in accordance with §401(a) of the Internal Revenue Code. The City also maintains and accounts for the Deferred Compensation Plans created in accordance with §457 of the Internal Revenue Code. Pension Trust Funds have been excluded from the government-wide financial statements.

Agency Funds - Agency Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations and /or other funds.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Measurement Focus

Government-wide Financial Statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operating of the City are included in the statement of net assets.

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e. revenues and other financing sources) and uses (i.e. expenditures and financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Therefore, governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide financial statements and the statements for governmental funds. Like the government-wide financial statements, all proprietary funds are accounted for using the flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included in the statement of fund net assets. The statement of changes in revenues, expenditures, and changes in fund net assets presents increases (i.e. revenues) and decreases (i.e. expenses) in net total assets. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its' proprietary activities.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary and fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenues, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-Exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, are reported on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is reported in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within sixty days of the year end.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include earned income taxes, property taxes, grants, entitlements, and donations. On an accrual basis, revenue from earned income taxes is recognized in the period in which the taxpayer earns the income.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from grants, entitlements, and donations are recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the City must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from a non-exchange transaction must also be available before it can be recognized. Under the modified accrual basis, the following revenue sources are considered both measurable and available at year end: earned income taxes, delinquent real estate taxes, interest, and grants.

Deferred Revenue arises when assets are recognized before revenue recognition criteria have been satisfied. On governmental fund financial statements, receivables that will not be collected within the available period also have been reflected as deferred revenue.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recorded at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Assets, Liabilities and Fund Equity

Cash Equivalents - For purposes of this section, cash equivalents for both unrestricted and restricted cash are defined as deposits with financial institutions and short-term treasury investments with original maturities of three months or less.

Investments - Investments other than those included in the Capital Improvements, Pension Trust and Agency Funds, consist primarily of obligations of the federal government. Under the Third Class City Code, allowable investments include U.S. Treasury Bills, short-term obligations of the U.S. Government or its agencies, certificates of deposit and other obligations of the United States or any of its agencies backed by the full faith and credit of the United States of America, the Commonwealth of Pennsylvania or any of its' agencies. The investments, stated at fair value, bear interest ranging from approximately 1.0% to 3.50% and are due at various dates through January 2009. Investments included in the Pension Trust and Agency Funds are stated at fair value and consist of a variety of fixed income and equity investments.

The City has adopted Statement No. 31 of the Governmental Accounting Standards Board (GASB 31) - *Accounting and Financial Reporting for Certain Investments and External Investment Pools*. Under GASB 31, the City is required to report investments at fair value.

Interfund Activity

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds.

Capital Assets

Capital assets, which include infrastructure assets, land, buildings, building improvements, equipment, and vehicles, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one year. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Management has elected to include certain homogeneous asset categories with individual assets less than \$1,000 as composite groups for financial reporting purposes. In addition, capital assets purchased with long term debt may be capitalized regardless of the thresholds established. Such assets are reported at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are reported at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed and are reported in the statement of net assets as construction in progress.

<u>Asset Category</u>	<u>Governmental Activities Estimated Lives</u>	<u>Business-Type Activities Estimated Lives</u>
Infrastructure	30-50	40-100
Buildings and Improvements	20-40	20-60
Equipment	5-10	3-15
Vehicles	5-15	5-10

The City’s infrastructure consists of streets, sidewalks, and the underground distribution lines of the water and sewer systems.

Due to Other Governments - Taxes that are being held by the City but are owed to other taxing authorities.

Accrued Liabilities and Long-Term Obligations - All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Long-term loans are recognized as a liability on the governmental fund financial statements when due.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Net Assets – Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use. Designated fund balances represent tentative plans for future use of financial resources.

Concentration of Credit Risk - The City maintains various deposit and trust accounts presented on the balance sheet as cash and cash equivalents, investments, and restricted cash and cash equivalents and investments with several local banks. The amounts on deposit with each bank exceed the \$100,000 federally insured limit from time to time throughout the year. Refer to Note C, **Assets, Cash and Investments** for further detail. Also, the City has amounts receivable arising from property tax levies, sewer and refuse billings, earned income and occupational tax liabilities, revolving notes, property liens and other various activities. These amounts are generally due from taxpayers and citizens of the City and are, thus, subject to the economic conditions of this geographic area.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Operating Revenues and Expenses

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the sewer enterprise fund, of the refuse & recycling enterprise fund, and of the golf enterprise fund are charges to customers for sales and services. Operating expenses of the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

NOTE B – DETAIL NOTES – ALL FUNDS

Assets

Cash and Investments - Cash balances available for investment by most City funds are maintained in both pooled and individual bank and investment accounts. Available cash is invested until the cash is needed for expenditures.

Custodial Credit Risk – For a deposit, custodial credit risk is the risk that in the event of a bank failure, the combined deposits of the City's funds may not be returned to it. There are no formal deposit policies specifically addressing custodial credit risk. The City's cash deposits, which includes money market funds at year-end, are covered by a combination of federal depository insurance and marketable securities designated as collateral by the financial institution holding City funds. These accounts are carried at cost. Balances are categorized to give an indication of the level of risk assumed by the City at year-end.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

<i>Category</i>	<i>Carrying Amount</i>	<i>Bank Balance</i>
1. Insured or collateralized with securities held by the City or by its' agent in the City's name.	\$ 600,000	\$ 600,000
2. Collateralized with securities held by the pledging financial institutions' trust department or agent in the City's name.	54,768	323,014
3. Uncollateralized, including any bank balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the entity's name	<u>31,564,349</u>	<u>31,581,180</u>
Total	<u>\$ 32,219,117</u>	<u>\$ 32,504,194</u>

Long-term investments – Investments are all held by the City with oversight by an outside investment consultant and the Board in order to achieve an appropriate, diversified and balances asset class mix to minimize portfolio risk.

The deposits and investments held at December 31, 2007 are as follows:

<i>Type</i>	<i>Fair Value</i>

Restricted Investments	4,012,025
	<u>\$ 44,678,131</u>

Investment Interest Rate Risk – The City does not have a formal investment policy that limits the investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk – The City has no investment policy that limits its investment choices other than the limitation of state law.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Accounts Receivable - Accounts receivable represents the balance due to the City’s Sewer Revenue and Refuse and Recycling Funds as of December 31, 2007 for services provided through December 31, 2007, net of an allowance for uncollectible accounts.

	<i>Sewer Revenue Fund</i>	<i>Refuse and Recycling Fund</i>	<i>Total</i>
Gross Accounts Receivables	\$ 1,721,505	\$ 835,527	\$ 2,557,032
Less: Allowance for Uncollectible Receivables	195,000	96,000	291,000
Accounts Receivable, net	<u>\$ 1,526,505</u>	<u>\$ 739,527</u>	<u>\$ 2,266,032</u>

The allowance generally represents accounts that are more than one year old, which have not been liened.

Property Taxes Receivable and Deferred Revenue - The City assesses real estate taxes on individual property valuation and collects the taxes accordingly. Some taxpayers periodically contest their assessed valuations.

The City levied real estate taxes of \$29,237,242 on January 1, 2007 based on a gross assessed valuation of \$2,553,470,917 at 11.45 mills. Real estate taxes attach as an enforceable lien on property as of January 1.

Taxes are levied on January 1 and are collected by the tax collector until December 31, at which time the uncollected taxes are required to be submitted to the County of Erie Tax Claim Bureau for collection.

Taxes paid prior to March 31 are eligible for a 2% discount. The face period runs from April 1 through May 31, after which taxes are subject to a 3% penalty.

For the purposes of the fund statements, the City’s real estate tax revenues are recognized as revenue in the current year to the extent they are collected or are measurable and available at December 31, 2007. Current real estate taxes receivable at December 31, 2007 consists of the face value of the tax levy uncollected at December 31, 2007.

The receivable for outstanding delinquent tax levied at December 31, 2007 consists of the face value of the delinquent taxes plus accrued penalty and interest as confirmed by the Tax Claim Bureau of the County of Erie, Pennsylvania.

For fund statement reporting purposes, the property tax receivable represents the balance due to the City for real estate taxes levied prior to December 31, 2007. In accordance with accounting principles generally accepted in the United States of America, revenue from these receivables are recognized only to the extent received within 60 days of December 31, 2007.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

The balance of the receivable is reported as deferred revenue as follows:

Balance Held by County Tax Claim Bureau for 2007	\$ 2,271,364
Cost charged by the County for collection of the above	(113,568)
Total Property Tax Receivable	<u>2,157,796</u>
Total Lien Receivable	49,279
Other deferred revenue	498,007
Total Deferred Revenue	<u><u>\$ 2,705,082</u></u>

On the government-wide financial statements using the full accrual method of reporting, delinquent property taxes are recorded as revenue.

Earned Income Tax and Local Services Tax Receivable - The Earned Income Tax and Local Service Tax receivable represents the City's share of the fourth quarter, 2007 taxes collected by the tax collector in January and February 2008 as follows:

Estimated Share of December 31, 2007 Cash Balance	\$ -
Estimated Share of January and February 2008 Cash Receipts	<u>2,414,140</u>
Total Receivable	<u><u>\$ 2,414,140</u></u>

Notes Receivable - The City has made various loans to certain Erie businesses through the Urban Development Action Grant, Community Development Block Grant, Enterprise Loan Grant and Home Investment Partnership Program, four programs included with the Special Revenue Funds. The notes bear interest ranging from 1.0% to 5.0% with various maturities. During 2007, payments made to the City totaled \$803,462 representing \$599,983 of principal and \$203,479 of interest. The detailed activity is as follows:

Balance Outstanding at December 31, 2006	\$ 13,209,615
2007 Loans	1,516,085
2007 Write Offs	-
2007 Accrued Interest on Loans	120,472
Principal Repayments	(599,983)
Balance Outstanding at December 31, 2007	<u><u>\$ 14,246,189</u></u>

Liens Receivable and Deferred Revenue - The liens receivable represents amounts due to the City for liens assessed on properties as a result of improvements made to properties by the City for which the property owner is responsible. The four general categories of liens are nuisance liens for demolition costs, paving liens for street improvements, sewer liens for sewer lines and sidewalk liens for sidewalk paving. The receivable is being reported in the fund from which the improvement was originally financed.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Nuisance liens are being reported as Special Revenue Fund receivables to the extent the demolition costs were paid with Community Development Block Grant funds and such assessments should be accounted for as program income to these grants. The paving, sidewalk and sewer liens are being reported as a General Fund or Capital Project Fund receivable based on how these improvements were financed.

Based on the estimated market value of the properties liened compared to the lien amount, the receivables have been reduced by a provision for uncollectible liens as presented in the following table.

	<i>General Fund</i>	<i>Special Revenue</i>	<i>Capital Projects</i>
Gross Amount of Receivable	\$ 136,206	\$ 842,608	\$ 81,345
Less: Provision for Uncollectible Receivables	(86,927)	(631,207)	(47,394)
Net Lien Receivable	<u>\$ 49,279</u>	<u>\$ 211,401</u>	<u>\$ 33,951</u>

The lien receivables have been reported as deferred revenue to the extent not susceptible to accrual. Deferred revenue for the General Fund, Special Revenue Fund, Capital Projects Fund and Enterprise Fund at December 31, 2007 is \$2,316,867; \$894,136; \$33,951 and \$7,050,932, respectively.

Intergovernmental Receivable - The intergovernmental receivable represents amounts due to the City from other governmental entities.

Lease Agreement

Erie City Water Authority - In 1991, the City entered into a lease agreement, whereby, the Authority, a related organization, leases the water system from the City. All assets, accounted for by the City in the Water Revenue Fund (an Enterprise Fund) are being leased for a 50-year period, as all lease extension options available to the authority per the September 11, 2001 lease amendment have been exercised. The lease calls for quarterly payments totaling \$1,250,000 with an annual 4½% inflation increase beginning in 1992. Annual lease payments to the City under the modification will increase in the year 2016 to \$3,600,000 per year and then increase further by \$200,000 in the years 2020, 2025, 2030, and 2035 at which time they will become \$4,400,000. Upon termination of the lease, the leased assets remain the property of the City. Therefore, this lease is being accounted for as an operating lease.

Future minimum lease payments are presented below.

2008	\$ 2,641,721
2009	2,760,599
2010	2,884,825
2011	3,014,643
2012 and thereafter	114,277,594
Total Future Lease Payments	<u>\$ 125,579,382</u>

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Prepaid items - Prepaid items represent a lump sum payment in the amount of \$4,680,000 made in 2003 by the Sewer Authority for their share of the Series 1993 General Obligation Bonds. The payment was to be used by the City to pay down debt outstanding (original or refunded) relating to the 1993 series. The City used the proceeds toward their November 2003 debt service payment.

As a result the entire amount paid by the Authority was not used as directed which resulted in a prepayment to be amortized over the life of the bonds which refunded that series (Series 2001E General Obligation Bonds). Prepaid item in the Enterprise Fund is \$4,669,000 at December 31, 2007.

Capital Assets

Capital asset activity for primary government – governmental activities for the year ended December 31, 2007 was as follows:

	<i>Primary Government</i>			
	<i>Beginning Balance</i>	<i>Additions</i>	<i>Retirements</i>

**Impairment Loss* – On October 31, 2006, the City permanently closed the Erie Golf Course. As a result, it was determined that the Erie Golf Course’s assets were impaired and an impairment loss of \$1,408,220 was recorded. The course’s assets were determined to be impaired because the costs associated with operation were significant in relation to expected future utility. Also, the decision to close the course, which was based on continued losses and the inability to service debt, was not anticipated.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Depreciation expense was charged to governmental functions as follows:

Governmental activities:	
General government	\$ 1,822,715
Public safety	148,361
Highways and streets	105,972
Culture and recreation	42,389

Water	557,784
Total depreciation expense - business-type activities	<u>\$ 6,364,685</u>

Liabilities

Pension Plans - All City of Erie employees are covered by one of three pension plans. The plans are characteristically alike in that all contributions are made as single-employer, defined-benefit pension plans and cover only City of Erie employees. Plan assets are retained by the City of Erie Aggregate Pension Fund as a part of an aggregation of municipal pension assets pursuant to §607(b) of Act 205 for distressed municipalities.

The Aggregate Pension Board of the City of Erie is responsible for the management of the plan assets. The funds are not subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Additionally, the City established a defined contribution deferred compensation plan for AFSCME, Teamster, non-bargaining and management employees in accordance with §401(a) of the Internal Revenue Code effective October 1, 2000. There are approximately 400 employees eligible to participate. The primary purpose of this plan is to attract and retain qualified personnel by permitting them to provide for benefits in the event of their retirement or death.

The information pertaining to the particular plans is explained in the following pages.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Officers' and Employees' Retirement Association

Plan Description

Ordinance 15-1962 established the Plan for officers and employees of the City of Erie, other than firemen and policemen. Fund assets are retained by the City of Erie Aggregate Pension Fund as part of an aggregation of municipal pension assets pursuant to Section 607 (b) of Act 205 for distressed communities. The Aggregated Pension Board is responsible for management of Fund assets. The Fund is not subject to the provisions of the Employee Retirement Income and Security Act of 1974.

The Fund is a single-employer, defined-benefit plan that covers all full-time officers and employees, other than firefighters and police officers, of the City of Erie. Participants become eligible to participate on their first day of employment.

As of January 1, 2007 and 2006 (date of latest actuarial valuation), employee membership data is as follows, excluding Erie City Water Authority employees:

	<u>2007</u>	<u>2006</u>
Retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them	<u>400</u>	<u>400</u>
Active participants, vested and non-vested	<u>419</u>	<u>464</u>

Participants with twenty or more years contributory service are entitled to monthly benefits for life, beginning at age 55, equal to fifty percent of the benefit compensation base, as defined by the Fund, adjusted for service increments and other offsets, as defined in the Fund. Participants with twenty or more years service retiring prior to age fifty-five may receive the same monthly benefit, at age fifty-five, by continuing their contributions to the Fund until attaining age fifty-five. Participants terminating prior to age fifty-five with at least twelve, but less than twenty years service, are eligible for prorated early retirement benefits when they reach age sixty.

The benefit will be equal to the participant's accrued benefit at the date of termination prorated by the percentage that the participant's years of service bear to twenty years. Participants terminating prior to age fifty-five may elect to receive a refund of their contributions, without interest, in lieu of an early retirement benefit.

Terminated participants with less than twelve years service shall be entitled only to the total amount of their contributions paid into the Fund, without interest. Other Plan provisions provide for the payment of retirement benefits based upon total and permanent disability or death. Increases on benefit payments are at the discretion of the City of Erie upon recommendation of the managers of the Fund and are made in accordance with Section 305 of the Act of December 18, 1984.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

All participants of the Fund are required to contribute the following percentages of their gross monthly wages to the Fund – (a) three percent for single-coverage employees with no social security buyback, (b) three and one-half percent for joint coverage with no social security buyback or (c) five percent for joint coverage with 40% PIA offset buyback. The City remits participant contributions immediately after each pay period. The City makes annual contributions to the Fund equal to the amount required by state statute (per minimum funding standards or the Minimum Municipal Obligation).

Summary of Significant Accounting Policies

The fund’s policy is to prepare its’ financial statements on the accrual basis of accounting. Income is recognized when earned. Fund participant contributions are recognized in the period in which contributions are withheld from the participants' wages and salaries. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefit payments, expenditures and refunds are recognized when due and payable in accordance with the terms of the plan.

In accordance with Statement on Governmental Accounting Standards (GASB) No. 31, investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. The carrying value and fair value of investments maintained in trust is \$72,446,503 at December 31, 2007. Gains (losses) on unrealized appreciation (depreciation) of investments' fair value above (below) cost are recognized in the period of appreciation (depreciation).

The plan issues stand-alone financial statements, which contain the schedule of employer contributions and the schedule of funding progress, and those statements can be obtained from the administrative office of the Plan or from the City Controller's office in the Municipal Building.

Investments held by a single entity that represents 5% (\$3,722,500 for 2007 and \$3,456,200 for 2006) or more of net assets available for benefits, include investments insured by the United States Government, and the following:

	<u>2007</u>	<u>2006</u>
International Investment Mutual Funds		
Templeton Funds Inc. Foreign Fund Class A	\$ 7,188,366	\$ 7,316,013
American Funds Euro Pac Growth Fund Sh Int Fd #16	7,387,926	7,375,907
	<u>\$ 14,576,292</u>	<u>\$ 14,691,920</u>

Funding Status and Progress of Plan

Presented below is the “Actuarial Accrued Liability” of the Fund as determined in the Fund’s January 1, 2007 and 2006 actuarial valuations. The standard measurement is the actuarial present value of total projected benefits. This standard measurement reflects the present value of the cost to finance benefits payable in the future, discounted to reflect the expected effects of the time value (present value) of money and the probabilities of payment. Total projected benefits include all benefits estimated to be payable to plan members as a result of their service through the valuation date and their expected future service

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

The actuarial accrued liability represents the actuarial present value of estimated pension benefits that will be paid in future years to each employee included in the valuation as a result of employee services performed to date and adjusted for effects of projected salary increases; allocated on a level basis over the earnings of the employee between entry age into and assumed exit age from the Fund. The portion of this actuarial present value allocated to a valuation year is called the “normal cost”. The portion of this actuarial present value not provided for at a valuation date by the actuarial present value of future normal costs is called the “actuarial accrued liability”.

Significant actuarial assumptions used to determine the actuarial accrued liability are summarized below.

The present value of future pension payments was computed using a discount rate of 8%. The discount rate is equal to the estimated long-term rate of return on current and future investments of the Fund, net of investment expense.

The future pension payments assume average compound annual salary rate increase of 5%.

Future benefits assume retirement age will occur at the later of age sixty-two or twelve years of contributory service.

The summary of the Fund’s unfunded actuarial accrued liability is presented on the next page.

	<i>January 1,</i>	
	<u>2007</u>	<u>2006</u>
Present value of benefits at attained age		
Active participants	\$ 57,460,452	\$ 59,470,890
Inactive participants	1,904,631	2,444,556
Retirees and beneficiaries receiving benefits	<u>36,342,864</u>	<u>34,511,864</u>
Total present value of projected benefits	95,707,947	96,427,310
Actuarial present value of future normal costs	<u>14,924,393</u>	<u>16,374,127</u>
Actuarial accrued liability	80,783,554	80,053,183
Actuarial value of assets at fair value	<u>64,819,617</u>	<u>63,417,458</u>
Unfunded actuarial accrued liability	<u>\$ 15,963,937</u>	<u>\$ 16,635,725</u>

Employee contributions at January 1, 2007 and 2006 consist of:

	<u>2007</u>	<u>2006</u>
All active participants	<u>\$ 11,435,788</u>	<u>\$ 11,704,143</u>

No changes in actuarial assumptions or benefit provisions that would significantly affect the valuations of the pension benefit obligation occurred during 2007 or 2006.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Periodic employer contributions to the Fund are determined on an actuarial basis using the entry age normal actuarial cost method. Normal cost is funded on a current basis. The unfunded actuarial accrued liability consists of various components, which are funded over the following periods: (a) Initial liability - 40 years; (b) Assumption changes - 20 years; (c) Benefit changes - 20 years; (d) Actuarial gains and losses - 15 years and (e) 2002 and 2003 investment losses. Periodic contributions for both normal cost and the amortization of the unfunded actuarial accrued liability should provide sufficient resources to pay employee pension benefits on a timely basis.

A comparison of the preliminary pension costs based on the respective actuarial valuations and the actual pension contributions are as follows:

	<i>January 1,</i>	
	<u>2007</u>	<u>2006</u>
Preliminary Minimum Pension Cost		
Normal Cost	\$ 1,490,596	\$ 1,602,391
Administrative expenses	130,362	162,978
Amortization of the unfunded actuarial accrued liability	1,526,010	1,616,429
Actuarial present value or future normal costs	<u>\$ 3,146,968</u>	<u>\$ 3,381,798</u>
Total current year pension contributions	<u>\$ 3,345,355</u>	<u>\$ 2,898,577</u>
Actual funding level of minimum pension cost	<u>106.30%</u>	<u>85.71%</u>

For the years ended December 31, 2007 and 2006, the pension contributions to the Fund were based on total covered payroll of the previous fiscal year. Employee contributions were based on total covered payroll of the current fiscal year. Total covered payroll was as follows:

	<u>2007</u>	<u><i>Covered</i> <i>Payroll %</i></u>	<u>2006</u>	<u><i>Covered</i> <i>Payroll %</i></u>
Annual participating payroll based on prior year W-2 earnings	<u>\$ 15,375,042</u>		<u>\$ 16,620,587</u>	
Contributions - Year ended December 31,				
Employers' contributions	\$ 2,284,212	14.90%	\$ 1,906,810	11.50%
Employee contributions	1,061,143	6.90%	991,767	6.00%
	<u>\$ 3,345,355</u>	<u>21.80%</u>	<u>\$ 2,898,577</u>	<u>17.50%</u>

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

The following specific information was used in the actuarial valuation dated January 1, 2007 and 2006:

Actuarial cost method	Entry age normal
Unfunded actuarial liability amortization method	Level dollar amount, closed
Remaining amortization period	25 years
Asset valuation method	5-year, Smoothed market value
Investment rate of return	8.0% per annum
Projected salary increases	5.0% per annum
Cost-of-living adjustments	Not applicable

Police Relief and Pension Association

Plan Description

Ordinance 15-1962 established the Plan for all police officers of the City of Erie. Fund assets are retained by the City of Erie Aggregate Pension Fund as part of an aggregation of municipal pension assets pursuant to Section 607 (b) of Act 205 for distressed communities. The Aggregated Pension Board is responsible for management of Fund assets. The Fund is not subject to the provisions of the Employee Retirement Income and Security Act of 1974.

The Fund is a single-employer, defined-benefit plan that covers all police officers of the City of Erie. Participants become eligible to participate on their first day of employment.

As of January 1, 2007 (date of latest actuarial valuation), employee membership data is as follows:

	<u>2007</u>
Retirees, and beneficiaries, including widows, court-ordered, and guardians currently receiving benefits	259
Current employees including fully and partially vested, and non-vested	163
Terminated employees - vested, but not currently receiving benefits	<u>2</u>
Total	<u><u>424</u></u>

A member may retire upon completing twenty years of service and having attained age fifty. The retirement allowance, payable monthly for life, without regard for service increments, is one-half the member's annual salary at date of retirement. Service increments earned for each year of service in excess of twenty increases the monthly benefit by one-fortieth for each year to a maximum of \$500 per month additional benefit.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Members who have twelve years service and terminate before twenty years service, and have attained age fifty, may receive such portion of the pension as the period of service to the date of termination bears to the full twenty-year period of service. Other Plan provisions provide for the payment of retirement benefits based upon total and permanent disability or death.

Members hired by the City of Erie Bureau of Police on or before January 1, 1981 shall receive, when retired, an annual cost of living allowance increase to their monthly benefit based on the percentage increase in the Consumer Price Index (CPI) published by the United States Department of Labor, Bureau of Labor Statistics. Adjustments to the cost of living allowances will be effective on the first day of January each year. Cost of living allowances may not at any time exceed one-half of the current salary paid a patrolman of the highest pay grade. Members hired after January 1, 1981 shall receive, when retired, increases to their monthly benefit as Council shall determine and authorize on an annual basis.

In accordance with a new labor agreement, members who retire after January 1, 2002 will receive cost of living adjustments which will provide that the pension of a retired officer shall not drop below 50% of the monthly salary being paid to a Class A patrolman.

Members are required to contribute 5% of their annual covered salary. Effective January 1, 2000, the employee contribution rate for officers hired after January 1, 1981 shall increase by one-half of one percent to a total of five and one-half percent. Effective January 1, 2002, said rate for officers will increase by an additional one-half of one percent to a total of six percent. The City remits participant contributions immediately after each pay period. The City makes annual contributions to the Fund equal to the amount required by state statute (per minimum funding standards or the Minimum Municipal Obligation).

Summary of Significant Accounting Policies

The fund's policy is to prepare its' financial statements on the accrual basis of accounting. Income is recognized when earned. Fund participant contributions are recognized in the period in which contributions are withheld from the participants' wages and salaries.

Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefit payments, expenditures and refunds are recognized when due and payable in accordance with the terms of the plan.

In accordance with Statement on Governmental Accounting Standards (GASB) No. 31, investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. The carrying value and fair value of investments maintained in trust are \$70,326,235 and \$67,128,365 at December 31, 2007 and 2006, respectively. Gains (losses) on unrealized appreciation (depreciation) of investments' fair value above (below) cost are recognized in the period of appreciation (depreciation).

The plan issues stand-alone financial statements, which contain the schedule of employer contributions and the schedule of funding progress, and those statements can be obtained from the administrative office of the Plan or from the City Controller's office in the Municipal Building.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Other than investments insured by the United States Government, the plan held no investments in a single entity at year end that represent 5% or more of net assets available for benefits.

Employer contributions are as follows:

<i>Year ended December 31,</i>	<i>Annual Required Contribution</i>	<i>Percentage Contributed</i>
1994	\$ 5,203,963	100.4%
1995	5,028,735	100.8%
1996	4,958,935	101.0%
1997	4,341,905	101.0%
1998	3,631,007	559.8%
1999	2,477,666	32.3%
2000	-	N/A
2001	144,796	100.0%
2002	-	N/A
2003	882,758	100.0%
2004	591,333	111.3%
2005	671,014	100.0%
2006	909,353	100.0%
2007	1,879,486	100.0%

Firemen's' Pension Fund

Plan Description

Ordinance 15-1962 established the Plan for all full-time firefighters of the City of Erie. Fund assets are retained by the City of Erie Aggregate Pension Fund as part of an aggregation of municipal pension assets pursuant to Section 607 (b) of Act 205 for distressed communities. The Aggregated Pension Board is responsible for management of Fund assets. The Fund is not subject to the provisions of the Employee Retirement Income and Security Act of 1974.

The Fund is a single-employer, defined-benefit plan that covers all full-time firefighters of the City of Erie. Participants become eligible to participate on their first day of employment.

As of January 1, 2007 (date of latest actuarial valuation), employee membership data is as follows:

Retirees and beneficiaries currently receiving benefits	208
Terminagted participants with vested benefits	0
Active employees, including fully vested, partially vested and non-vested	148
Total	356

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

A member may retire upon completing twenty years of service and having attained age fifty unless the member entered the service of the fire department before December 22, 1965 in which case the member may retire without regard to age.

The retirement allowance, payable monthly for life, without regard for service increments, is the higher of one-half the member's annual salary at date of retirement or one-half the highest average annual salary received during any five years of service preceding retirement. Service increments, earned for each year of service in excess of twenty, increase the monthly benefit by one fortieth for each year to a maximum of \$500 per month additional benefit. Members who retire on or after January 1, 1998 will receive a cost of living increase under the plan such that their pension benefit shall not drop below fifty percent of the monthly salary being paid to a Class A Firefighter. Other Plan provisions provide for the payment of retirement benefits based upon total and permanent disability or death. Increases on benefit payments are at the discretion of the City of Erie upon recommendation of the managers of the Fund and are made in accordance with Section 305 of the Act of December 18, 1984. During 2005, there was an ad-hoc increase for pensioners determined in accordance with guidance provided by the State.

Members are required to contribute 6% of their annual covered salary. The City remits participant contributions immediately after each pay period. The City makes annual contributions to the Fund equal to the amount required by state statute (per minimum funding standards or the Minimum Municipal Obligation).

Summary of Significant Accounting Policies

The fund's policy is to prepare its' financial statements on the accrual basis of accounting. Income is recognized when earned. Fund participant contributions are recognized in the period in which contributions are withheld from the participants' wages and salaries. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefit payments, expenditures and refunds are recognized when due and payable in accordance with the terms of the plan.

In accordance with Statement on Governmental Accounting Standards (GASB) No. 31, investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. The carrying value and fair value of investments maintained in trust is \$53,694,919 at December 31, 2007. Gains (losses) on unrealized appreciation (depreciation) of investments' fair value above (below) cost are recognized in the period of appreciation (depreciation).

The plan issues stand-alone financial statements, which contain the schedule of employer contributions and the schedule of funding progress, and those statements can be obtained from the administrative office of the Plan or from the City Controller's office in the Municipal Building.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

The summary of the Fund's unfunded actuarial accrued liability as of its latest actuarial valuation date, January 1, 2007 (the date of the latest actuarial valuation) is as follows:

Present Value of Benefits at Attained Age-	
Active Participants	\$ 41,912,505
Retirees and Beneficiaries Receiving Benefits	42,131,372
Total Present Value of Projected Benefits	<u>84,043,877</u>
Actuarial Present Value of Future Normal Costs	10,263,059
Actuarial Accrued Liability	<u>73,780,818</u>
Actuarial Value of Assets (Fair market value is \$56,748,294)	55,543,720
Unfunded Actuarial Accrued Liability	<u><u>\$ 18,237,098</u></u>

At December 31, 2007, the following investments exceeded 5% of net assets available for benefits:

Templeton Funds Inc. Foreign Fund Class A	\$ 6,548,102
American Funds Euro Pacific Growth Fund #16	6,608,564
	<u><u>\$ 13,156,666</u></u>

Funding Status and Progress of Plan

Total payroll and covered payroll for the year ended December 31, 2007 and 2006 was \$9,658,256 and \$7,664,256, respectively. In 2007, net contributions made totaled \$2,302,261, as follows:

	<i>Amount</i>	<i>Covered Payroll %</i>
Municipal Contribution - City of Erie, PA - MMO	<u>\$ 1,854,954</u>	24.20%
Active Member Contributions	461,563	6.02%
Other Member Contributions	2,831	0.04%
Return of Contribution	(17,087)	
	<u><u>\$ 2,302,261</u></u>	

Deferred Compensation Plan

The City offers its' employees two deferred compensation plans created in accordance with Internal Revenue Code §401a and §457. The 457 Deferred Compensation Plan is the original plan that has been left open for employees who choose not to transfer their assets into the new plan. The City of Erie, PA Deferred Compensation Program is the new plan that all new employees have the option of entering. The plans, administered by the City and available to all City employees, permit the employees to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Total contributions into the plans for 2007 were \$3,403,885.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

The City's policy is to prepare the financial statements on the accrual basis of accounting. Income is recognized when earned. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

In accordance with Statement of Governmental Accounting Standards (GASB) No. 31, investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. The carrying value and fair value of investments maintained in trust is \$25,577,907 at December 31, 2007. Gains (losses) on unrealized appreciation (depreciation) of investments' fair value above (below) cost are recognized in the period of appreciation (depreciation). The plan currently has 371 active participants. All amounts of compensation deferred under these plans, all property and rights purchased with those amounts and all income attributable to those amounts, property or rights are held in trust for the exclusive benefit of the participants and their beneficiaries.

Risk Management

The City accounts for its' various insurance programs in the Internal Service Fund. Insurance, administrative and claims costs are charged to expenditures in those funds. The annual costs are billed to the other funds, which amounts are reported as revenues in the Internal Service Fund. Claim liabilities, which include incurred but not reported claims, are based on the estimated ultimate costs of settling the claims, based on historical experience. The components of this fund are Workers Compensation, Employees' Health Benefit Plan and Risk Management.

The Employees' Health Benefit Plan is a modified, self-insurance program for insuring hospitalization and medical costs. The program is limited to losses of \$125,000 annually per covered person for all programs combined. Additional coverage to the policy limits is provided through the use of stop-loss policies. The Plan is fully funded by City contributions and covers all employees and eligible dependents.

The City is exposed to various risks of losses resulting from theft, damage and destruction of assets, errors and omissions and various other actions. Beginning in 1995, the City began a "protected" self-insurance plan. The City's comprehensive excess insurance program allows the City to self-insure small losses and fully insure catastrophes. Substantially all prospective losses are covered by excess loss insurance with retained losses generally of \$25,000. At December 31, 2007 there were no material amounts of claims liabilities. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

The City maintains a self-insurance program for workers' compensation coverage. The fund charges back the costs to various other funds of the City based upon an appropriate risk factor, based on the Pennsylvania Workers compensation "Lost Cost" rates. This risk factor is then applied to the City's actual workers compensation losses and administrative costs in order to develop the actual charge-back amount. A third-party claim administrator establishes claim reserves and adjusts claims. The City purchases stop-loss insurance for catastrophic type losses. This insurance limits the City's payout per accident to a fixed amount.

For 2007, the combined medical and indemnity stop-loss amount was \$100,000. The self-insured retention amount was \$500,000 per occurrence and \$650,000 per occurrence for Police and Fire.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Unpaid Claims Liabilities - Workers' Compensation - The following represents the changes in approximate aggregate liabilities for the City from January 1, 2007 to December 31, 2007.

	<u>2007</u>	<u>2006</u>
Accrued Worker's Compensation, January 1	\$ 490,833	\$ 730,407
Current Year Claims	92,181	161,130
Claim Payments	(314,124)	(400,704)
Accrued Worker's Compensation, December 31	<u>\$ 268,890</u>	<u>\$ 490,833</u>

Judgments Payable - Judgments payable represent amounts of cases against the City which the City solicitor has indicated will probably result in a liability to the City. The claims payable in the Internal Service Fund represents the open reserves for workers' compensation claims. The City is also involved in various other litigation claims related to property damage, personal injury, civil rights and other matters, which the City is vigorously defending. The individual cases range from \$5,000 to \$370,000. With regard to unsettled cases, the range of possible outcomes varies from remote to reasonably possible. The City's aggregate potential liability is \$1,833,890. This estimate was not affected by incremental claims adjustment expenses and does not include other allocated or unallocated claims adjustment expenses.

Lease Agreements

Erie Sewer Authority - In 1972, the City entered into a lease with the Erie Sewer Authority, a component unit, wherein the Authority issued debt to acquire real estate, building and equipment for the purpose of collecting and disposing of sewage. Upon termination of the lease, the Authority retains the leased property. Therefore, this lease is being accounted for as an operating lease. During 1993, the City advanced to the authority \$6,000,000 from the proceeds of the 1993 General Obligation bond of the City in exchange for a note from the Authority. The note is in the amount of \$6,290,000, which includes the authority's pro-rata share of issue costs, discount, interest, bond insurance and original issue discount. The note was paid off in 2002.

In 1995, the Authority refunded the 1972 bonds and has issued numerous other bond issues and notes in conjunction with this lease. The annual lease payments are based on the debt service requirements of the Authority, including an additional amount to cover the administrative expenses of the Authority.

Repayment by the Authority is through semi-annual lease payments from the City in amounts necessary to retire the Authority's bonds and notes. The lease payments are due on April 15 and October 15 through 2026.

The remaining lease payments as of December 31, 2007 are as follows:

	<u>Total</u>
2008	\$ 5,003,378
2009	4,961,142
2010	5,055,721
2011	5,106,706
Thereafter	79,184,038
Minimum Lease Obligation	<u>\$ 99,310,985</u>

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

The lease rental payment for 2007 was \$5,151,949.

Other Lease Agreements - The City has historically entered into other capital lease agreements to purchase equipment (fire trucks and equipment, computers, and telephone system). The City had two capital lease agreements for equipment during the year ended December 31, 2007.

The remaining lease payments as of December 31, 2007 are as follows:

2008	10,659
Total Lease Payments	<u>10,659</u>
Less: Interest Portion	(265)
Minimum Lease Obligation	<u><u>\$ 10,394</u></u>

Long-Term Debt

General obligation notes and bonds are direct general obligations of the City. Principal and interest payments are backed by the full faith, credit and taxing power of the City. Under Commonwealth of Pennsylvania Local Government Unit Debt Act limitations, the City may incur up to \$208,720,614 of non-electoral indebtedness.

General Obligation Bonds

On May 15, 1997, the City issued \$8,910,000 principal amount of General Obligation Bonds, Series of 1997 for the purpose of providing funds to finance various capital projects, and to pay the costs of issuing and insuring the Bonds. The 1997 General Obligation Bond was defeased during 1998.

On October 21, 1998, the City issued \$72,063,606 principal amount of Taxable General Obligation bonds, Series of 1998A, (the "1998A Bonds"), and the Tax-Exempt General Obligation Bonds, Series of 1998B, (the "1998B Bonds"). The 1998A Bonds were issued for the purpose of funding a portion of the City's unfunded actuarial accrued pension liability, funding capital projects and paying the costs of issuing the 1998A Bonds. The 1998B Bonds in the principal amount of \$39,133,606 were issued for the purpose of providing funds for refunding certain of the City's general obligation bonds, funding capital projects, and paying the costs of issuing the 1998B Bonds.

The 1998A Bonds and 1998B Bonds maturing on November 15, 1999 through and including November 15, 2007 were issued as current interest bonds and will bear interest at varying rates from 3.10% to 5.60%. Interest is payable semiannually on May 15 and November 15 of each year, commencing May 15, 1999. The 1998B Bonds maturing on November 15, 2004 through and including November 15, 2024 were issued as capital appreciation bonds and do not pay interest currently but will accrete in value and interest will be payable at maturity. Principal and compounded accreted value of the 1998 Bonds will be paid to the registered owners, when due, upon surrender of the 1998 Bonds to the designated Paying Agent. The 2001 Bond series B defeased \$9,755,000 maturity value of the 1998B Bonds (See above).

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

The 2001 Bond series F defeased \$10,091,656 maturity value of the Series B of 1998. Outstanding principal, including compounded accreted value, of the 1998A and 1998B bonds at December 31, 2007 is \$0 and \$2,700,000, respectively.

Outstanding principal, including compounded accreted value, of the 1998B Bonds in the amount of \$8,969,306 is being classified as Proprietary Fund debt based on the nature of the uses of the funds and the expected source of debt retirement. The remaining \$23,063,931 of the 1998B Bonds is included in the Governmental Activities section of the Statement of Net Assets.

On February 21, 2001, the City issued \$28,698,631 principal amount of Taxable General Obligation Bonds, Series of 2001A, (the "2001A Bonds"), the Tax-Exempt General Obligation Bonds, Series of 2001B (the "2001B Bonds") and the Tax-Exempt General Obligation Bonds, Series of 2001C, (the "2001C Bonds"). The 2001A Bonds, in the principal amount of \$5,115,000, were issued for the purpose of refunding the taxable General Obligation Note, Series of 2000 and paying the costs of issuing the 2001A Bonds.

The 2001B Bonds in the principal amount of \$8,995,000 were issued for the purpose of refunding the \$2,500,000 Note issued September 15, 1999, refunding the \$500,000 Note issued June 30, 2000 and refunding certain of the City's general obligation bonds and paying the costs of issuing the 2001B Bonds. The 2001C Bonds in the principal amount of \$14,588,631 were issued for the purpose funding capital projects and paying the costs of issuing the 2001C Bonds. The 2001A Bonds, the 2001B Bonds and the 2001C Bonds maturing on November 15, 2002 through and including November 15, 2008 were issued as current interest bonds and will bear interest at varying rates from 3.30% to 6.625% from January 15, 2001.

Interest is payable semiannually on May 15 and November 15 of each year, commencing May 15, 2001. The 2001C Bonds maturing on November 15, 2009 through and including November 15, 2027 were issued as capital appreciation bonds and do not pay interest currently but will accrete in value and interest will be payable at maturity. Principal and compounded accreted value of the 2001 Bonds will be paid to the registered owners, when due, upon surrender of the 2001 Bonds to the designated Paying Agent. The 2001 Bond series E defeased \$6,910,000 maturity value of the Series C of 2001 (See below). Outstanding principal, including compounded accreted value, of the 2001A, 2001B and 2001C bonds at December 31, 2007 is \$1,420,000; \$8,865,000 and \$11,184,869, respectively. Outstanding principal of the 2001B Bonds in the amount of \$1,595,700 is being classified as Proprietary Fund debt based on the nature of the uses of the funds and expected source of debt retirement. The remaining \$7,269,300 of the 2001B Bonds is included in the Governmental Activities section of the Statement of Net Assets.

On January 18, 2002, the City issued \$43,320,000 principal amount of Taxable General Obligation Bonds, Series of 2001D, (the "2001D Bonds"), the Tax-Exempt General Obligation Bonds, Series of 2001E (the "2001E Bonds") and the Taxable General Obligation Bonds, Series of 2001F, (the "2001F Bonds"). The 2001D Bonds, in the principal amount of \$18,700,000, were issued for the purpose of funding a portion of the City's unfunded actuarial accrued pension liability and paying the costs of issuing the 2001D Bonds.

The 2001E Bonds in the principal amount of \$13,530,000 were issued for the purpose of refunding the entire amount of the City's General Obligation Bonds, Series of 1993B, the refunding of a portion of the City's General Obligation Bonds Series 2001C, and paying the costs of issuing the 2001E Bonds.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

The 2001F Bonds in the principal amount of \$11,090,000 were issued for the purpose refunding a portion of the City's General Obligation Bonds, Series of 1998B and paying the costs of issuing the 2001F Bonds. The 2001D Bonds, the 2001E Bonds and the 2001F Bonds maturing on November 15, 2013 through and including November 15, 2025 were issued as current interest bonds and will bear interest at varying rates from 2.50% to 6.70% from January 15, 2002. Interest is payable semiannually on May 15 and November 15 of each year, commencing May 15, 2002.

Principal of the 2001D, E and F Bonds will be paid to the registered owners, when due, upon surrender of these Bonds to the designated Paying Agent. Outstanding principal of the 2001D, 2001E and 2001F bonds at December 31, 2007 is \$18,035,000; \$13,500,000; and \$11,065,000, respectively. Outstanding principal of the 2001E and F Bonds in the amount of \$5,940,000 and \$3,098,200 are being classified as Proprietary Fund debt based on the nature of the uses of the funds and expected source of debt retirement. The 2001D remaining \$7,560,000 and \$7,966,800 of the 2001E and F Bonds are included in the Governmental Activities Section of the Statement of Net Assets.

On November 1, 2003, the City authorized the issuance of a General Obligation Note in the principal amount not to exceed \$2,250,000. The 2003 Note, in the principal amount of \$2,250,000, were issued for the purpose of providing funds to pay the cost of general infrastructure improvements and building improvements undertaken by the City; including improvements to the City's Downing Golf Course and Erie Golf Course and the club houses located thereon. The 2003 Note is due in annual installments commencing on the date of the first disbursement received by the City and ends on December 1, 2024. Interest is determined by the Note's Services and is calculated in accordance with the Note agreement. Outstanding principal of the 2003 Note at December 31, 2007 is \$2,168,400. The 2003 Note is included in the Proprietary Fund Section of the Statement of Net Assets.

On December 29, 2003, the City entered into a letter agreement - term loan with PNC Bank in the principal amount of \$500,000. The Term Note in the principal amount of \$500,000 will be used for construction of a new communications tower, related equipment and demolition costs. The Term Note is due in 13 equal consecutive semi-annual installments in the amount of \$25,000 each, commencing on June 30, 2004 and continuing until December 31, 2010. Interest accrues on the outstanding balance of the Note at a rate per annum equal to LIBOR plus one hundred thirty basis points. Outstanding principal of the Term Note at December 31, 2007 is \$300,000. The outstanding balance is included in the Governmental Activities Section of the Statement of Net Assets.

On September 1, 2004, the City issued \$9,560,000 principal amount of Taxable General Obligation Bonds, Series of 2004A, (the "2004A Bonds") and the Taxable General Obligation Bonds, Series of 2004B (the "2004B Bonds"). The 2004 Bonds were issued for the purpose of street improvements, public building improvements, information technology, and funding the costs and expenses related to the issuance of the 2004 bonds. The 2004 Bonds maturing on November 15, 2014 through and including November 15, 2019 were issued as current interest bonds and will bear interest at varying rates from 3.00% to 5.00% from January 15, 2005. Interest is payable semiannually on May 15 and November 15 of each year, commencing January 15, 2005. Principal of the 2004 Bonds will be paid to the registered owners, when due, upon surrender of these Bonds to the designated Paying Agent.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Outstanding principal of the 2004A and 2004B bonds at December 31, 2007 is \$7,040,000, and \$1,665,000, respectively. Outstanding principal of the 2004A and B Bonds in the amount of \$8,705,000 is being classified in the Governmental Activities Section of the Statement of Net Assets.

The annual debt service requirements to maturity, including principal and interest, for the General Obligation Bonds as of December 31, 2007, are as follows:

	<i>Governmental Activities</i>	<i>Business- Type Activities</i>
2008	\$ 8,704,652	\$ 5,593,288
2009	8,422,973	5,865,455
2010	8,364,414	5,949,957
2011	8,460,427	5,874,480
2012	8,457,247	5,877,508
2013-16	28,355,962	29,253,066
2017-20	27,981,915	27,715,668
2021-24	21,797,719	28,938,265
2025-26	12,969,765	10,294,752
Total principal and interest	133,515,074	125,362,439
Less: Interest, other than accreted interest	17,432,559	25,754,087
Total Outstanding Liability	116,082,515	99,608,352
Less: Accreted interest	29,919,601	23,951,092
Total General Obligation Bonds	<u>\$ 86,162,914</u>	<u>\$ 75,657,260</u>

Prior Year's Debt Defeasance

In prior years, the City has defeased various bond issues by creating separate irrevocable trust funds. New debt has been issued and the proceeds have been used to purchase U.S. government securities that were placed in the trust funds. The investments and fixed earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and therefore removed as a liability from the City's financial statements. As of December 31, 2007, the amount of defeased debt outstanding and removed from the Statement of Net Assets amounted to \$ 24,766,500.

Long-term liability activity for the year ended December 31, 2007 was as shown on the following page:

Compensated Absences - Vested or accumulated vacation leave and sick pay that is expected to be liquidated with expendable available financial resources is reported as expenditure and a fund liability of the Governmental Fund that will pay such leave. Vested or accumulated vacation leave and sick pay of Proprietary Funds is recorded as an expense and a liability of those funds as the benefits accrue to employees. The balance that has been accrued is \$435,000 which represents a decrease of \$20,263 from the prior year, and is recorded out in the appropriate funds as a current and/or non-current liability.

Other Post-employment Benefits - In addition to pension benefits the City provides post-employment health insurance coverage for retirees of the Police and Firefighters unions at no cost to the participants. These benefits are provided pursuant to an arbitration award (re: salaries, wages, fringe benefits and other working conditions). In order to receive health care benefits, an employee must have 12 years of service and attain the age of 50.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

The cost of benefits is recognized on a pay-as-you go basis as part of the expense for health insurance (an initial premium is paid and subsequently adjusted for experience, subject to limits of individual and aggregate stop loss insurance). In 2007, the cost of post-employment benefits was \$1,200,445 for the 78 eligible Police retirees and \$1,085,413 for the 67 eligible Firefighter retirees.

Interfund Receivables and Interfund Payables

Periodically throughout the year, temporary loans are made between funds to cover cash deficiencies. Accordingly, any such overdraft conditions at the balance sheet date are included in "interfund payables" and "interfund receivables." Also, during the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are also classified as "interfund receivables" or "interfund payables" on the balance sheets.

Interfund balances at December 31, 2007 consisted of the following individual fund receivables and payables:

	<i>Receivables</i>	<i>Payables</i>
General Fund:		
Golf	\$ 1,048,171	\$ -
Internal Service	100,000	-
Debt Service	1,965,473	13,274,762

	<u>\$ 18,451,307</u>	<u>\$ 18,451,307</u>

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Fund Equity

The reserve for encumbrances represents the amount of the fund equity which has been committed for expenditures of the current year in accordance with the City's budgetary accounting procedures and is, therefore, not part of unreserved fund equity available to meet expenditures of the succeeding year.

The reserve for non-current notes receivable represents the amount of fund equity used to finance certain projects for which repayment will not be available to meet expenditures of the succeeding year.

The portion of unrestricted net assets designated for catastrophic losses represents an amount management feels will cover future losses that are anticipated to occur based on the City's insurance carriers opinion of projected future claims. The insurance carrier has based these projections on trend information developed from the City's claims history. For the 2009 budget the City appropriated \$1.3 million of these net assets for insurance related expenditures thereby reducing the amount of intergovernmental revenue anticipated from other funds.

A portion of the proceeds of the General Obligation Bonds of 2001 has been used to construct certain sewer assets. Since the corresponding debt is not reflected in the Sewer Revenue Fund, contributed capital is presented to reflect the value of income producing assets purchased/constructed by the Capital Projects Fund.

The reserve for equity in Authority rentals represents the amount of fund equity for the purpose of recording Authority rentals receivable in the component units.

The reserve for endowment principal is a portion of the Capital Project Fund's unreserved fund balance that has been designated to record the initial lease rental received from the Erie City Water Authority (a.k.a. Erie Water Works). At the date at which this agreement was amended and extended the amount designated was increased to \$7,750,000.

The reserve for employees' pension benefits represents the amount of fund equity that is reserved for payment of employees' pension benefits.

SUMMARY DISCLOSURE OF SIGNIFICANT COMMITMENTS & CONTINGENCIES

Debt Guaranty Agreements

The Erie Sewer Authority's Revenue Bonds, Series A and B of 2001, refunded the 1998 series A and B, restructured debt service requirements, financed various sewer projects, and are fully insured by an independent insurance company against default. The City agreed to guaranty this component unit's bond in the form of a Guaranty Agreement whereby the City will guarantee payment of principal and interest. The insurance company's guarantee would become effective if both the Authority and the City failed to meet the obligation. Bonds outstanding at December 31, 2007 are \$19,640,284.

The Erie Sewer Authority's Revenue Bonds, Series of 2001, refunded the 2000 series and are fully insured by an independent insurance company against default. The City agreed to guaranty this component unit's 2000 Series in the form of a Guaranty Agreement whereby the City will guarantee payment of principal and interest. The insurance company's guarantee would become effective if both the Authority and the City failed to meet the obligation. Bonds outstanding at December 31, 2007 are \$13,430,000.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

During 2007, the Erie Sewer Authority entered into two Swaptions. The City agreed to guaranty this component unit's Swaptions in the form of an Interest Rate Swaption Agreement whereby the City will guarantee payment of the swap options. The amount of deferred premium payments at December 31, 2007 is \$155,193.

The Erie Parking Authority's Guaranteed Parking Revenue Bonds, Series 1998A and 1998B, refunded the 1987 series and advance refunded the 1995 series and are fully insured by an independent insurance company against default. The City will guarantee payment of principal and interest. The insurance company's guarantee would become effective if both the Authority and the City failed to meet the obligation. Bonds outstanding at December 31, 2007 are \$10,275,000.

The Erie Parking Authority's Guaranteed Parking Revenue Refunding Bonds, Series 2003, will provide resources to construct a new parking garage and various improvements and is fully insured by an independent insurance company against default. The City agreed to guaranty this component unit's 2003 Series in the form of a Guaranty Agreement whereby the City will guarantee payment of principal and interest. The insurance company's guarantee would become effective if both the Authority and the City failed to meet the obligation. Bonds outstanding at December 31, 2007 are \$7,650,000.

The Erie Parking Authority's Guaranteed Parking Revenue Refunding Bonds, Series 2004, were issued to advance refund the Authority's Series of 1994 and is fully insured by an independent insurance company against default. The City agreed to guaranty this component unit's 2004 Series in the form of a Guaranty Agreement whereby the City will guarantee payment of principal and interest. The insurance company's guarantee would become effective if both the Authority and the City failed to meet the obligation. Bonds outstanding at December 31, 2007 are \$7,330,000.

During 1999, the Erie Sewer Authority entered into a financing agreement, evidenced by a note, with the Pennsylvania Infrastructure Investment Authority ("Pennvest"). The City agreed to guaranty this component unit's note in the form of a Guaranty Agreement whereby the City will guarantee payment of principal and interest. Amount outstanding at December 31, 2007 is \$4,985.

During 1998, the Erie Sewer Authority entered into a financing agreement, evidenced by a note, with the Pennsylvania Infrastructure Investment Authority ("Pennvest"). The City agreed to guaranty this component unit's note in the form of a Guaranty Agreement whereby the City will guarantee payment of principal and interest. Amount outstanding at December 31, 2007 is \$409,466.

The Erie Parking Authority's Guaranteed Parking Revenue Refunding Bonds, Series 2006, were issued to advance refund the Authority's Series of 1998 and 2003 and provide resources for various projects. The City agreed to guaranty this component unit's 2006 Series in the form of a Guaranty Agreement whereby the City will guarantee payment of principal and interest. The insurance company's guarantee would become effective if both the Authority and the City failed to meet the obligation. Bonds outstanding at December 31, 2007 are \$5,994,194.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Financial Award Programs

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

OTHER DISCLOSURES

Revolving Fund Programs

Bayfront Urban Development Action Grant (BUDAG) - In 1980, the City received an Urban Development Action Grant under §179 of the Housing and Urban Development Act of 1974 (P.L. 93-383) in the amount of \$7,315,338 for the purpose of developing the bayfront area. Of this total grant award, \$1,500,000 was used by Erie Insurance for the purpose of acquiring certain parcels of property in the bayfront area. The purchase price plus interest is being repaid to the City in the form of a \$200,000 lump sum payment and 30 subsequent annual installments of \$75,179. All payments received by the City are restricted to expenditures for further improvement activities in the bayfront area subject to approval by both the City and HUD. The City is reporting this activity as Special Revenue Fund activity and the balance available for expenditure is presented appropriately.

Enterprise Zone Loan Program - During the past several years, the City has received state grant funds under the Enterprise Zone Program, which are utilized by the City in supporting businesses within the "Enterprise Zone." These funds are loaned to businesses at attractive interest rates, which the City believes results in increased business investment, job creation, and expansion and retention of manufacturing and service firms in the area. All principal and interest payments received by the City are restricted to expenditures that meet the objectives of the Enterprise Zone Program. The City is including this activity with "Other Grant Funds," a Special Revenue Fund. The balance available for expenditure is \$874,174.

Deficit Fund Balance of Individual Funds

As reported on the balance sheet of governmental funds, the General Fund of the City has a fund deficit of \$5,615,785 at December 31, 2007 that was the result of an excess of expenditures over revenues from previous years. The City began to address this shortfall beginning in 2007 by increasing taxes and fees and reducing expenditures through job cuts and cost cutting. The excess of revenues over expenditures for the period end December 31, 2007 helped to reduce the prior year deficit fund balance but the City will need to continue addressing the deficit each year through the budget until it is eliminated. In 2008 to help reduce the deficit the City allocated a larger percentage of property taxes to be used for general fund activities (84% and 82%, 2007 and 2006, respectively).

Special Revenue - Liquid Fuels Tax Fund

The initial budget for the Liquid Fuels Tax Fund, a Special Revenue Fund, represents total expected revenues and expenditures over the life of the project. In subsequent years, the revenue and expenditure budgets are "derived" by adjusting the initial budget for actual, inception-to-date amounts.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

This procedure causes what normally would be beginning budgeted fund balance to be included with current year revenues and expenditures. In order to properly demonstrate the flow from year to year, ending budgeted fund balance is being "reset" to zero.

Prior Period Adjustments and Restatements

HOME Investment Partnership Program Fund (A Special Revenue Fund)

At December 31, 2006, the HOME Investment Partnership Program Loans Receivable was understated by \$1,461,479. As a result various economic and community development related expenditures were overstated in prior years. The restatement has the effect of increasing beginning fund balance by \$1,461,479 in the HOME Investment Partnership Program Fund in the current year.

Bayfront Urban Development Action Grant Fund (A Special Revenue Fund)

At December 31, 2006, the Bayfront Urban Development Action Grant Loans Receivable was understated by \$120,129. As a result expenditures were overstated in prior years. The restatement has the effect of increasing beginning fund balance by \$120,129 in the Bayfront Urban Development Action Grant Fund in the current year.

Capital Improvement Fund

At December 31, 2006, the Capital Improvement Fund balance was understated by \$500,000. As a result economic and community development expenditures were overstated in the prior year. The restatement has the effect of increasing beginning fund balance by \$500,000 in the Capital Improvement Fund in the current year.

Golf Fund (A Proprietary Fund)

At December 31, 2006, the Golf Fund Temporary Loans Payable was understated by \$43,177. As a result, insurance related expenditures were understated in the prior year. The restatement has the effect of decreasing beginning fund balance by \$43,177 in the Golf Fund in the current year.

Subsequent Events

Tax and Revenue Anticipation Note – On January 23, 2008, Council approved a tax and revenue anticipation note of \$4,000,000, bearing an interest rate of 4.25% and payable on June 29, 2008.

Repayment of State pension aid – The Pennsylvania Auditor General Office made a ruling that the City improperly received state aid for police and firefighters who participated in the *Deferred Retirement Option Program (D.R.O.P)* and must repay \$900,000 in state aid. This amount has been included in claims and judgments payable in the internal service fund at December 31, 2007. On November 19, 2008 the Commonwealth Court of Pennsylvania ruled the City does not have to repay the \$900,000. Recognition of the court's ruling eliminating this liability will be made in 2008.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Erie Golf Course –

On October 2, 2008, Erie City Council agreed to extend the contract of Environmental Remediation & Recovery, Inc. to do additional environmental testing at The Erie Golf Course. Testing results so far found two chemicals that exceeded allowable limits. The City is seeking an Act 2 clearance from DEP, releasing the City from any environmental liability. At this time, however, no estimate can be made as to the amount of the liability.

On September 9, 2008, Millcreek Township agreed to take ownership of the Erie Golf Course. In accordance with the aforementioned agreement the outstanding debt the Course has will be paid off by the Airport Authority in connection with an agreement they have with the Township. As of September 30, 2008, City Council had not yet approved this transfer.

Write off of Inter-fund loan – On April 16, 2008, Erie City Council approved the write-off of an inter-fund loan made in 2003 between General Fund and Capital Projects Fund in the amount of \$1,500,000.

New Pronouncements

GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, generally requires that state and local governments account for and report the annual cost of OPEB and the outstanding obligations and commitments related to OPEB in essentially the same manner as they currently do for pensions. Annual OPEB cost will be based on actuarially or similarly determined amounts that, if paid on an ongoing basis, generally would provide sufficient resources to pay benefits as they come due.

The provisions of Statement No. 45 may be applied prospectively and do not require governments to fund their OPEB plans. The City will be required to implement this statement for periods beginning after December 31, 2007.

COMPONENT UNIT DISCLOSURES

Redevelopment Authority of the City of Erie

Activities - The Redevelopment Authority of the City of Erie is an authority created under the Urban Redevelopment Law, Act 385 of 1945, by the Commonwealth of Pennsylvania in agreement with the City of Erie, with the primary objective of developing viable urban communities, including decent housing and suitable living environments, and expanding economic opportunities, principally of persons of low and moderate income. Consistent with this primary objective, the federal, state and local assistance provided is for the support of community development activities.

Basis of Accounting – The Authority has adopted the provisions of GASB Statement No. 34 *Basic Financial Statements and Management Discussion and Analysis for State and Local Governments*. The accompanying financial information has been prepared on the accrual basis of accounting. Under this method, revenues are recognized when earned and expenses are recognized when incurred. Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant and, accordingly, when such funds are received they are recorded as deferred revenues until earned.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Cash Deposits - Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned. At December 31, 2007, the carrying amount of the Authority's deposits was \$377,092 and the bank balance was \$467,987 of which \$164,356 was exposed to custodial credit risk because it was uninsured and the collateral held by the depository's agent was not in the Authority's name.

The Authority has adopted Statement No. 31 of the Governmental Accounting Standards Board (GASB 31) - "Accounting and Financial Reporting for Certain Investments and External Investments Pools." Under GASB 31, the Authority is required to report investments at fair value.

Property and Equipment – Property and equipment purchased or acquired with an original cost of \$2,000 or more are reported at historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on all assets is recorded on the straight-line basis over the estimated useful life. The Authority depreciates their real property over 27.5 years.

Property and equipment activity for the year ended December 31, 2007, was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Real Property	<u>\$ 1,400,015</u>	<u>\$ 446,377</u>	<u>\$ 711,016</u>	<u>\$ 1,135,376</u>

Note: Ending balance does not include accumulated depreciation of \$25,329

Long-term Debt - The Authority entered into a mortgage agreement dated May 14, 1992 with an association of local banks. The mortgage payable of \$104,000 consists of a non-interest bearing note secured by various parcels of real estate. The net proceeds from sales are applied against the principal balance of this. The Authority does not anticipate repayment of any portion of this loan within the next year; therefore the entire balance has been classified as long-term. As of December 31, 2007, the balance of this loan remained at \$104,000 and the terms of the loan have not been renegotiated.

The second loan is an open-end mortgage agreement entered into November 25, 2002 with a local bank. The original amount of this mortgage was for \$175,000. The term of this loan is for 20 years and requires monthly payments of \$1,249, which includes interest at 5.95%. This interest rate is fixed for 10 years, at which time it will adjust to a new rate as described in the loan agreement. This new rate shall be effective for the remaining 10 years of the term of this loan. The property located at 826 Parade Street serves as collateral for this loan. On May 23, 2007, the Authority sold the property located at 826 Parade Street, at which time the loan was repaid in full.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

In November of 2003, the Authority borrowed \$180,000 from the City of Erie for the purchase of ten properties along 17th and 18th Streets and to pay for various attorneys' fees. The properties serve as collateral for the loan. The loan bears a 3% interest rate; however, no interest has been accrued by the Authority. The Authority does not anticipate repayment of any portion of this loan within the next year, therefore the entire balance has been classified as long-term. As of December 31, 2007, the outstanding balance was \$180,000.

During September of 2003, the Authority borrowed \$233,600 from a local bank for the purchase of four properties along West 5th Street. The term of this loan is for 15 years and requires 180 monthly payments of \$1,887, which includes interest at 5.25%. The interest rate is fixed for three years at which time it will adjust to a new rate as described in the loan agreement. The properties serve as collateral for this loan. As of December 31, 2007, the outstanding balance was \$188,029.

The fifth loan entered into on December 19, 2003 is with an individual. The original amount of this mortgage was for \$23,000. The term of this loan is for 25 years and requires monthly payments of \$175, which includes interest at 4.25%. This interest rate is fixed for the life of the loan term. A balloon payment of approximately \$17,000 will be due in December 2008. The 428 E. 11th Street property serves as collateral. As of December 31, 2007, the outstanding balance was \$18,218.

The sixth loan is a note payable to a local bank. The Authority borrowed \$125,510 in prior years by way of a revolving line of credit for the purchase of properties at 428 E. 11th Street, 2120 Parade Street and 531, 535 and 556 W. 5th Street. The properties serve as collateral for this loan. Effective May 1, 2007, this line of credit was converted to a 10 year term note. The note requires 120 monthly payments of \$1,599, including interest, at a fixed rate of 9.0%. As of December 31, 2007, the outstanding balance was \$121,670

Compensated Absences - Employees of the Authority are entitled to paid vacation and paid sick days, depending on length of service. No more than thirty vacation days may be carried over from one calendar year to the next. Sick leave may be accumulated, but no more than one hundred days may be carried from one calendar year to the next. In addition, employees have the option to receive one day's pay for every four days unused sick leave. This option is only available for unused days earned during the current year. It is impracticable to estimate the allocation of compensation for future absences among the various projects and, accordingly, no liability has been recorded in the accompanying financial information. The Authority's policy is to recognize the costs of compensated absences when actually paid to the employee.

Pension - The Authority provides pension benefits for all of its full-time employees through a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate after completing six months of service and 1,000 hours of service during the plan year. The plan stipulates that the Authority shall contribute and allocate to the account of each eligible participant 7½% of such participant's compensation. Each participant shall contribute 5½% of such participant's compensation. The Authority's contribution for each participant is fully vested after five years of continuous service. Each participant has a 100% vested interest in his or her contribution regardless of length of service. The Authority's contributions for the plan year ended June 30, 2007, were calculated using the total compensation of eligible participants in the amount of \$361,573. Both the Authority and the covered employees made the required contributions, amounting to \$27,118 from the Authority and \$42,653 from the covered employees.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Transactions with the Primary Government - During 2007, the Redevelopment Authority received \$2,275,881 in grants from the City of Erie, recorded as intergovernmental revenue in the component unit's Statement of Revenues, Expenditures and Changes in Fund Balance.

Erie Metropolitan Transit Authority

Activities - The Authority is an operating authority created by the City and the County of Erie in 1967 for the purpose of operating the public transportation system of the City and County of Erie. The operation's deficits are funded by the U.S. Department of Transportation, Pennsylvania Department of Transportation, City of Erie, County of Erie and other municipalities of the County of Erie. Also, the physical plant and equipment of the Authority was obtained and continues to be obtained with funding from these same sources.

Basis of Accounting - The records covering transit operations are maintained on the accrual basis of accounting. Under this method revenues are recognized when they are earned and expenses are recognized when they are incurred. The records supporting the capital grant projects in which there is federal government participation are maintained in accordance with the requirements of the U.S. Department of Transportation and are also maintained on the accrual basis.

Deposits with Financial Institutions and Investments - Deposits are primarily in local financial institutions, and are also invested in the Pennsylvania INVEST Program for Local Governments, located in Harrisburg, Pennsylvania; the Government Income Securities, Inc. Fund which is located in Boston, Massachusetts; mortgage-backed securities through PaineWebber; federal securities mutual funds and U.S. Treasury Notes. Investments are carried at fair value, which approximates cost.

Investments - Certain investments are restricted by grant agreements. The restricted amounts are as follows:

Pennsylvania Department of Transportation, Act 26, Section 1310	\$ 2,644,958
Pennsylvania Department of Transportation, Act 3, Additional Supplemental Grant and Base Supplemental Grant	3,669,058
	<u>\$ 6,314,016</u>

Pennsylvania statutes provide for investment of governmental funds into certain authorized investment types including U.S. Treasury bills, other short-term U.S. and Pennsylvania government obligations, and insured or collateralized time deposits and certificates of deposit. The statutes do not prescribe regulations related to demand deposits; however, they do allow the pooling of governmental funds for investment purposes.

The deposits and investments policy of the Authority adheres to statutes and prudent business practice. Deposits of the governmental funds are either maintained in demand deposits or certificates of deposit.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Custodial Credit Risk for Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority does not have a deposit policy for custodial credit risk. As of June 30, 2007, \$5,068,130 of the Authority's bank balance of \$5,268,130 was exposed to custodial credit risk as uninsured and collateralized by the pledging financial institution, or its trust department, but not in the Authority's name. The depository secures the deposit of these funds, which are not covered by applicable Federal Deposit Insurance Corporation coverage in accordance with the Pooled Asset Pledging Law, Act 72 of the 1971 Session of the Pennsylvania General Assembly (72 PA 3836).

Investments are stated at fair value, which approximates cost. Details are as follows:

<i>Mutual Funds investing in securities of:</i>	<i>Carrying Amount</i>
U.S. Government Agencies (uncategorized)	\$ 413,904
Pennsylvania Treasury Local Government Investment Program (uncategorized)	282,586
Certificates of deposit (uncategorized)	1,593,058
Money market funds (uncategorized)	157,431
Total	<u>\$ 2,446,979</u>

Capital Assets - The capital assets carried on the books at cost and consist of the following:

	<i>Estimated Useful Lives in Years</i>	<i>Balance June 30, 2006</i>	<i>Additions</i>	<i>Reclassifications and Transfers</i>	<i>Dispositions</i>	<i>Balance June 30, 2007</i>
Land	N/A	\$ 189,369	\$ -	\$ -	\$ -	\$ 189,369

Inventories - Inventories, which consist primarily of replacement parts, fuel and oil, are generally valued at average cost. Garage and office supplies are not inventoried.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Pension - All Authority full-time employees participate in the single-employer defined benefit pension plan maintained by the Authority. Covered employees are required to contribute \$6.75 plus 40% of the required monthly contributions over \$13.50. The Authority is required to contribute \$6.75 plus 60% of the required monthly contributions over \$13.50.

In 1994, the Authority adopted a Non-Bargained Employees Supplemental Retirement Plan, which was implemented to provide supplemental benefits to the Authority's non-bargained employees. The plan is contributory and provides monthly payments upon retirement at age 65. Early retirement is permitted after age 52 and 15 years of service.

Contributions to the supplemental plan are provided 60% from the employer and 40% from the employee. Both plans issue financial reports that include financial statements. Those reports may be obtained by contacting the Erie Metropolitan Transit Authority. The annual required contributions for the current year were determined as part of the May 1, 2005 actuarial valuation using the entry age normal cost method. The actuarial assumptions included (a) 7% investment rate of return and (b) projected salary increases of 4% per year for the Regular Plan and 3% per year for the Supplemental Plan. The actuarial value of assets was determined using the five-year smoothed market value method. The unfunded actuarial accrued liability is being amortized on the level dollar payment method on a closed basis. The remaining amortization period at April 30, 2007 was 13 years for the Regular Plan and 11 years for the Supplemental Plan.

Trend Information

	<i>Plan Year Ending</i>	<i>Annual Pension Cost (APC)</i>	<i>Percentage of APC Contributed</i>	<i>Pension Obligation (Asset)</i>
Regular Plan	04/30/05	462,172	94.41%	(166,887)
	04/30/06	456,962	98.47%	(159,918)
	04/30/07	357,123	107.58%	(186,990)
Supplemental Plan	04/30/05	67,268	98.11%	(174,036)
	04/30/06	67,691	99.36%	(173,603)
	04/30/07	73,492	100.71%	(174,122)

The Plan issues stand-alone financial statements, which contain the schedule of employer contributions and the schedule of funding progress, and those statements can be obtained from it's administrative office or from the City clerk's office in the Municipal Building.

Line of Credit - The Authority has available a revolving credit agreement for a maximum of \$100,000 with a local bank which has been extended through May 17, 2008. The line is unsecured and bears interest at the prime rate minus 1½ percent. There were no borrowings outstanding at June 30, 2007 and 2006.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Erie Parking Authority

Activities - The Erie Parking Authority is an operating authority created for the purpose of operating metered street parking and off street parking lots and ramps in the City of Erie.

Basis of Accounting - The accompanying financial information had been prepared on the accrual basis of accounting. Under this method revenues are recognized when they are earned, and expenses are recognized when they are incurred.

Restricted Assets - In accordance with the terms and conditions of its trust indenture, the Authority has restricted assets for the specific purposes of debt service, debt service reserve, bond retirement, construction, and capital improvements.

Cash and Investments - The Authority considers all highly liquid investments (including restricted assets) with a maturity of three months or less to be cash equivalents.

Cash and Cash Equivalents - The Authority's cash deposits are carried at fair value. The year-end balances are categorized as follows with respect to credit risk. As of December 31, 2007, the bank balance of the Authority's deposits that are exposed to custodial credit risk is \$2,093,214. These amounts are uninsured. However they are collateralized with securities held by the trust department or agent but not in the Authority's name.

<u>Category</u>	<u>Carrying Amount</u>
1. Insured or collateralized with securities held by the Authority or by its agent in the Authority's name.	\$ -
2. Collateralized with securities held by the pledging financial institutions' trust department or agent but not in the Authority's name.	2,061,194
3. Uncollateralized, including any bank balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the entity's name.	-
Total	<u><u>\$ 2,061,194</u></u>

Investments - The Authority's investments are categorized below to give an indication of the level of credit risk assumed at year-end. Investments in pooled money market funds are not categorized.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Category 1 includes investments that are insured or registered for which the securities are held by the Authority or its agent, in the Authority's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the financial institution's trust department or agent in the Authority's name. Category 3 includes uninsured and unregistered investments held by the financial institution's trust department or agent, but not in the Authority's name. Investments are categorized as to the risk assumed at year-end.

	<i>Category</i>			<i>Fair Value</i>
	<i>1</i>	<i>2</i>	<i>3</i>	
Government obligations - overnight investments	\$ -	\$ -	\$ 961,753	\$ 961,753
FNMA note maturing within 4 months	-	-	1,909,650	1,909,650
	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,871,403</u>	<u>\$ 2,871,403</u>

The above investments are restricted for revenue bond debt service, bond retirement, construction and capital improvements and will be held to maturity.

Capitalization and Depreciation - Property is stated at cost. Expenditures for additions, replacements and major renovations are capitalized while those for normal repairs and maintenance are expensed in the year incurred. Depreciation of property is computed using the straight-line method over the estimated useful lives of the various assets.

Estimated useful lives are as follows:

Parking Ramps	45 years
Surface Lots	10 to 25 years
Meters and Collection Equipment	10 years
Other Equipment and Vehicles	5 to 10 years

A summary of property activity for 2007 is as follows:

	<i>Balance</i> <i>December 31, 2006</i>	<i>Additions</i>	<i>Dispositions</i>	<i>Balance</i> <i>December 31, 2007</i>
Land	\$ 2,199,527	\$ -	\$ -	\$ 2,199,527
Parking Facilities	42,480,489	2,704,031	-	45,184,520

Other Equipment and Vehicles	485,730	8,102	-	493,832
Total Fixed Assets	<u>45,974,819</u>	<u>2,712,133</u>	<u>-</u>	<u>48,686,952</u>
Less: Accumulated Depreciation	16,738,653	(1,161,105)	-	17,899,758
Net Fixed Assets	<u>\$ 29,236,166</u>	<u>\$ 1,551,028</u>	<u>\$ -</u>	<u>\$ 30,787,194</u>

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Compensated Absences - Earned vacation is generally required to be used in the year of accrual. The Authority's employees are allowed to accumulate a maximum of 120 days of sick pay. If not used, 33% of the accumulated sick pay will be paid upon retirement. Accumulated sick pay is lost in the events of termination or death. The accrued sick pay liability at December 31, 2007 amounted to \$31,858.

Pension - The Authority maintains a single-employer defined benefit pension plan, which covers substantially all of its employees, who were employed prior to September 1, 2000. Employees were eligible to participate beginning on the first day of the calendar year after their date of employment. Plan benefits begin vesting after five years of service with full vesting occurring after fifteen years of service, in an amount equal to \$17.00 for each year of credit service. The Plan also provides for early retirement, death and disability benefits.

The Plan issues stand-alone financial statements, which contain the schedule of employer contributions and the schedule of funding progress, and those statements can be obtained from it's administrative office or from the City Clerk's office in the Municipal Building.

Funding Policy

Employees are not required to pay a portion of their total compensation to the plan. The Authority's funding policy provides for actuarially determined periodic contributions at rates that sufficient assets will be available to pay benefits when due.

The contribution rate for normal cost is determined using the Entry Age Normal Actuarial Cost Method, which is in compliance with the guidelines of Act 205 under the Minimum Municipality Obligation.

Annual Pension Cost and Net Pension Obligation	
Annual Required Contribution	\$ 13,383
Interest on Net Pension Obligation	-
Adjustment to Annual Required Contribution	(7,861)
Annual Pension Cost	<u>5,522</u>
Contributions Made	<u>(11,626)</u>
Decrease in Net Pension Obligation	(6,104)
Net Pension Obligation Beginning of Year	<u>6,104</u>
Net Pension Obligation End of Year	<u><u>\$ -</u></u>

The annual required contribution was determined as part of January 1, 2007 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions including (a) a 7.0% per year assumed rate of return on the investment of present and future assets compounded annually, and (b) retirement of employees at their normal retirement dates. The actuarial value of assets was determined using the fair market value of assets.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Trend Information

<i>Fiscal Year Ending</i>	<i>Annual Pension Cost (APC)</i>	<i>Percentage of APC Contributed</i>	<i>Net Pension Obligation</i>
12/31/04	\$ 30,343	121.0%	\$ 36,711
12/31/05	25,340	128.1%	32,467
12/31/06	5,672	505.0%	28,645

The Authority also maintains a 401(k) retirement savings plan for its employees. Benefits payable are dependent solely on amounts contributed to the plan plus investment earnings. Participants may contribute up to the maximum percentage allowed by law of their compensation to the plan of which up to six percent is matched by the Authority. The Authority's contribution to the plan amounted to \$45,354 in 2007. Employee contributions to the Plan amounted to \$72,696 in 2007. At December 31, 2007, the plan has \$0 in forfeitures available to reduce future contributions by the Authority.

Long-Term Debt - The Erie Parking Authority has entered into the following debt agreements with balances as of December 31, 2007:

Series of 1998 Refunding Bond secured by the Authority's revenue bearing interest at 3.7% to 5.125% with various maturities through September 1, 2022.	\$ 10,275,000
Series of 2003 Refunding Bonds secured by the Authority's revenue bearing interest at 4.65% with various maturities through September 1, 2026.	7,650,000
Series of 2004 Refunding Bonds secured by the Authority's revenue bearing interest at 2.00% to 4.25% with various maturities through September 1, 2015.	7,330,000
Series of 2006 Refunding Bonds secured by the Authority's revenue bearing interest at 4.25% to 4.70% with various maturities through September 1, 2027.	<u>5,994,194</u>
Outstanding Principal at December 31, 2007	31,249,194
Less: Original Issue Discount	(253,097)
Less: Deferred Amount of Refunding	(999,819)
Less: Current Maturities	(965,000)
Total Long-Term Portion	<u>\$ 29,031,278</u>

The following summarizes the maturities due subsequent to December 31, 2007, for future debt obligation payments, including \$18,777,378 of interest.

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

2008	\$	2,353,593
2009		2,352,988
2010		2,354,238
2011		2,352,920
2012		2,352,846
Thereafter		36,839,630
	\$	<u>48,606,215</u>

During fiscal year ended December 31, 2006, the Authority defeased portions of the Series of 1998 and Series 2003 notes by placing a portion of the proceeds of the Series of 2006 bonds in an irrevocable trust with an escrow agent to provide for all future debt service payments on the old bonds. As of December 31, 2007, \$2,815,000 of bonds outstanding are considered defeased. As of December 31, 2007, the defeased bonds consisted of \$2,260,000 Series of 1998 and \$555,000 of the Series 2003.

Erie Sewer Authority (Blended)

Activities - The Authority owns the municipal sewer systems and sewage treatment works in the City of Erie, which are operated by the City under lease from the Authority.

Basis of Accounting - The accompanying financial information had been prepared on the accrual basis of accounting. Under this method revenues are recognized when they are earned, and expenses are recognized when they are incurred.

Deposits and Investments - The Authority's investments are categorized into three categories of credit risk.

Category 1 includes bank balances insured or collateralized with securities held by the entity or its agent in the Authority's name. Category 2 includes bank balances collateralized with securities held by the pledging financial institution's trust department or agent in the Authority's name. Category 3 includes bank balances collateralized with securities held by the pledging financial institution or its trust department or agent, but not in the Authority's name.

At December 31, 2007, all of the investment balances were in Category 3. The following reconciles deposits and investments to cash and cash equivalents, and investments, as presented in the balance sheet:

Disclosures regarding deposits and investments:	
Deposits	\$ 12,283,033
Investments	3,700,908
Total	<u>\$ 15,983,941</u>
Balance Sheet Amounts:	
Cash and cash equivalents	
Unrestricted	\$ 74,739

Total cash and cash equivalents	<u>12,283,033</u>
Investments:	
Restricted	3,700,908
Total investments	<u>3,700,908</u>
Total	<u>\$ 15,983,941</u>

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

Investment in Facilities - The Authority has acquired from the City of Erie its plant, equipment, and facilities (including certain connecting sewers and mains) used in connection with the sewage collection system of the City. Building and equipment are recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. These facilities are leased under a lease agreement, which is fully described on page 65.

Long-Term Debt - The Erie Sewer Authority has entered into the following debt agreements as of December 31, 2007:

Sewer Revenue Bonds, Series 2002, bearing interest ranging from 2.0% to 4.125%	\$ 3,705,000
Sewer Revenue Bonds, Series A and B of 2001, bearing interest ranging from 2.25% to 5.5%	19,640,284
Sewer Revenue Bonds, Series of 2001, bearing interest ranging from 3.0% to 5.125%	13,430,000
Sewer Revenue Bonds, Series of 1999, bearing interest ranging from 3.0% to 4.95%	17,325,000
Note Payable with the Pennsylvania Infrastructure Investement Authority (Pennvest) secured by a guarantee agreement with the Authority and the City of Erie, bearing interest at 2.905% through February 1, 2010	409,466
Note Payable with the Pennsylvania Infrastructure Investement Authority (Pennvest) secured by a guarantee agreement with the Authority and the City of Erie, bearing interest ranging from 1.453 to 2.905% through January 1, 2008	<u>4,985</u>
Outstanding Principal at December 31, 2007	54,514,735
Less: Current Maturities	<u>(2,370,790)</u>
Total Long-Term Portion of debt	\$ 52,143,945
Less: Deferred amount on refunding	<u>(1,621,686)</u>
Total Long-Term debt, net of deferred amounts	<u><u>\$ 50,522,259</u></u>

The following summarizes the maturities due subsequent to December 31, 2007 for outstanding indebtedness of the Authority, including \$18,736,650 of interest:

2008	\$ 2,370,790
2009	2,466,275
2010	2,627,386
2011	2,755,000
2012	2,875,000
Thereafter	<u>58,495,000</u>
	<u><u>\$ 71,589,451</u></u>

NOTE B – DETAIL NOTES – ALL FUNDS (continued)

The total principal outstanding as reported on the Combined Balance Sheet at December 31, 2007 is net of \$1,621,686 of unamortized cost of advanced refunding relating to the Series of 2002, Series A and B of 2001, Series of 2001, and Series of 1999 bonds.

Sewer Revenue Bonds, Series of 2000

The Sewer Revenue Bonds, Series of 2000, in the principal amount of \$12,970,000, were issued on June 15, 2000 to finance various sewer projects, fund a Debt Service Reserve Fund and pay the costs of issuing the bonds. The 2000 Bonds were refunded by the Sewer Revenue Bonds, Series of 2001. The principal and interest payable on 2000 Bonds by the escrow agent at December 31, 2007 was \$12,520,000, and \$2,266,675, respectively.

Sewer Revenue Bonds, Series A and B of 1998

The Sewer Revenue Bonds, Series A and B of 1998, in the principal amount of \$18,465,000, were issued on June 15, 1998 to refund the Sewer Revenue Bonds, Series of 1995, construct new relief sewer lines, fund the interest on the bonds to December 31, 1998, fund a Debt Service Fund and pay the costs of issuing the bonds. The 1998 Bonds were refunded by the Sewer Revenue Bonds, Series A and B of 2001. The principal and interest payable on Series A and B of 1998 Bonds by the escrow agent at December 31, 2007 was \$15,525,000, and \$7,563,127, respectively.

Sewer Revenue Bonds, Series of 1997

The Sewer Revenue Bonds, Series of 1997, in the principal amount of \$17,500,000, were issued on April 15, 1997 to design and construct capital improvements to the waste water treatment plant including an outfall relief sewer, headwork and an overflow relief facility, fund the interest on the bonds to December 1, 1997, fund a Debt Service Reserve Fund and pay the costs of issuing the bonds. The 1997 Bonds were refunded by the Sewer Revenue Bonds, Series of 1999.

Commitments and Contingencies

Grants

Amounts received or receivable from government agencies are subject to audit an adjustment by those agencies. The Authority has never experienced noncompliance and has never been subject to adjustments or refunds as a result of such audits.

Contingencies

Erie Sewer Authority and the City of Erie are pursuing a claim against Penelec for abandoned steam lines which have increased the cost of the Peach Street Sewer Replacement Project. The Authority has authorized a settlement upon receipt of \$77,500 contingent upon a protocol agreement to be worked out between the City of Erie, Erie Sewer Authority and Penelec concerning future excavation within the City and the abandoned steam lines.

BUDGETARY ACCOUNTING AND CONTROL

Compliance with Financial Related Legal and Contractual Provisions

By its nature as a local government unit, the City and its component units are subject to various federal, state and local laws and contractual regulation.

Budget Requirements, Accounting, and Reporting

Budget Policy - The City annually adopts the Budget for the General Fund, Liquid Fuels Tax Fund (a Special Revenue Fund), Debt Service Fund, Capital Improvement Fund (a Capital Projects Fund), Sewer Revenue, Refuse and Recycling and Golf Funds (Enterprise Funds), and the Workers Compensation and Risk Management components of the Internal Service Fund. The City's budget ordinance provides transfer authority to (a) City Council within any fund as long as the total fund budget is not increased. The Director of Administration and Finance has the authority to annually transfer up to the lesser of 5% of the budget unit's (i.e. Office of City Council, Office of City Clerk, etc.) amount or \$5,000 without council approval and (b) City Council to implement grant project budgets for certain special revenue funds (HUD Programs and Other Grants) and capital projects as the grant applications are accepted or capital projects are authorized, respectively, by the City. These amounts are not included in any budgetary statements as the appropriations do not specify a time frame and therefore are not legally adopted annual budgets. Two Special Revenue Funds, BUDAG Revolving Account and Section 108 Loan Program, are not budgeted on an annual or grant/project-length basis for various reasons.

All budget amounts presented in the accompanying financial statements and required supplementary information have been adjusted for legally authorized revisions of the annual budgets during the year. Appropriations except capital appropriations, encumbrances and unexpended grant appropriations, lapse at the end of each year. Expenditures may not legally exceed budgeted appropriations at the fund level for the General Fund, Liquid Fuels Tax Fund (a Special Revenue Fund), Capital Improvement Fund (a Capital Projects Fund), Sewer Revenue, Refuse and Recycling and Golf Funds (Enterprise Funds), and the Workers Compensation and Risk Management components of the Internal Service Fund, as adopted by Council Ordinance.

All Governmental fund budgets are maintained on the cash basis of accounting except that budgetary basis expenditures include purchase orders and contracts issued for goods or services not received at year-end. The actual results of operations are presented in accordance with accounting principles generally accepted in the United States of America and the City's accounting policies do not recognize encumbrances as expenditures until the period in which the goods or services are actually received and the liability incurred. It is necessary to include the budgetary encumbrances to reflect actual revenues and expenditures on a budgetary basis consistent with the City's legally adopted budget and/or the City's adopted ordinances for certain special revenue funds and the capital project funds.

Budgetary Accounting - The City follows these procedures in establishing the budgetary data reflected in the financial statements:

BUDGETARY ACCOUNTING AND CONTROL (continued)

Budgetary Submission - Not later than the last council meeting in November, the Mayor submits to City Council proposed operating budgets for the General Fund, Liquid Fuels Tax Fund (a Special Revenue Fund),

Debt Service Fund, Capital Improvement Fund (a Capital Projects Fund), Sewer Revenue, Refuse and Recycling and Golf Funds (Enterprise Funds), and the Workers Compensation and Risk Management components of the Internal Service Fund. Budgets for certain Special Revenue Funds (other than the Liquid Fuels Tax Fund) and Capital Projects Funds are submitted throughout the year. The operating budgets, which are prepared by fund, include prior year revenue and expenditure information and current year proposed expenditures and the means of financing them.

Public Hearings - Public hearings are conducted by Council to obtain comments from the community.

Legal Adoption - Prior to December 31, the proposed operating budget as previously submitted to City Council is legally enacted through the adoption of a Council ordinance.

Revisions - City Council may, by resolution, transfer amounts in any fund as long as the total fund budget is not increased. The Director of Administration and Finance has the authority to annually transfer up to the lesser of 5% of the budget unit's (i.e. Office of City Council, Office of City Clerk, etc.) amount or \$5,000 without Council approval. Any increase in the total budget of any fund must be adopted by City Council in ordinance form.

Budgetary Basis - Budgets for the funds listed under budgetary submission above are adopted on the cash basis of accounting.

Unexpended Appropriations - Unexpended budget appropriations expire at year-end and do not carry forward unless encumbered. Budgeted amounts in this report are presented as originally adopted or as amended by an ordinance or resolution duly approved by City Council.

Encumbrance Accounting - Encumbrance accounting, under which purchase orders and other commitments for the expenditures of monies are recorded in order to reserve that portion of the applicable appropriation, is employed by the City.

OTHER SUPPLEMENTAL INFORMATION

CITY OF ERIE, PENNSYLVANIA
Non-major Governmental Funds
Combining Financial Statements

Special Revenue Funds

The Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

BUDAG Revolving Account – monies derived through repayments and interest from the federal funded Bayfront Development Action Grant, to be used for projects within the bayfront area upon approval by HUD and the City of Erie.

Liquid Fuels Tax Fund – State funded for street construction and maintenance, vehicles and equipment.

Capital Projects Funds

The Capital Projects Funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

Paving and Sewer Revolving Fund – to account for public improvements financed by assessments levied against the benefited property and state reimbursement.

General Obligations Bond Fund – To account for street improvements; public buildings improvements; information technology acquisitions; capital additions and improvements to storm sewers, street, public buildings, park and recreation facilities, real estate acquisition, equipment acquisitions, city golf course improvements.

Remaining nonelectoral plus lease rental debt incurring capacity	\$	<u><u>3,344,572</u></u>

(1)The Commonwealth of Pennsylvania has enacted the Local Government Unit Debt Act which limits debt to revenues. Revenues of the last three years are adjusted for various nonrecurring and excludable items. The average of adjusted revenues for the respective years is the borrowing base. Certain percentages are applied to the borrowing base to determine the debt limitations.
