133.54 POSITIONS COVERED BY THESE RULES.

The classified service shall comprise all positions requiring sworn personnel in the Bureau of Police now existing or hereafter created. The classified service is divided into exempt and nonexempt service.

- (a) The exempt service shall consist of the Chief of Police and the Inspectors.
- (b) The nonexempt service shall comprise all other ranks, now existing or hereafter created, not specifically included in the exempt service.
(Ord. 42-1971 §1. Passed 6-30-71.)

133.55 STATUS OF PRESENT SWORN EMPLOYEES OF THE BUREAU OF POLICE.

Each present sworn employee who held an office or position above the rank of patrolman in the nonexempt classified service on January 6, 1971, the effective date of the Ordinance, shall, within one year of the date of that Ordinance, be examined with a qualifying examination for the rank he held on that date.

Those sworn employees attaining a passing grade on the qualifying examination shall be given tenure in the rank held, effective January 6, 1971, as provided in these rules.

The qualifying examination for each rank shall be developed in accordance with the general examination provisions established by these rules, except that:

- (a) Any candidate who passes a regular promotion examination for a rank shall be deemed to have passed the qualifying examination for that rank and for any lower rank.
- (b) The qualifying examination shall be held separately from the regular promotional examination for the same rank.
- (c) The written part of the qualifying examination shall test only those knowledges required for the rank held by the sworn employee.
- (d) Before the identity of the qualifier is known, the Board shall establish the passing grade for the qualifying examination, based on a detailed analysis of the overall knowledge level of the present incumbents, and this passing grade need not be seventy percent of the total possible score.
- (e) Each sworn employee of the Bureau of Police shall be allowed to take two such qualifying examinations, within one year after January 6, 1971, before being demoted in accordance with Section 133.47. When a candidate fails two consecutive qualifying examinations and is demoted to a lower rank, the Board may consider his last qualifying test as suitable for examining him for the rank to which he was demoted and may qualify him for that rank, based upon his score on this test, without requiring him to submit to another qualifying examination. In no case will a sworn employee be demoted more than one rank through his failure to pass a qualifying examination. If there are no vacancies in the next lower rank, the demoted employee will be assigned to the position occupied by which each sworn employee is eventually promoted as a replacement for the demoted member and he shall be given tenure in that rank. (Ord. 42-1971 §1. Passed 6-30-71.)

133.56 CLASSIFICATION OF POSITIONS.

The ranks in the Bureau of Police and the line of promotion shall be as below listed, or as amended either by addition or deletion by Council.

- (a) Chief of Police.
- (b) Inspector.

- (c) Captain.
- (d) Lieutenant.
- (e) Sergeant and Detective Sergeant.
- (f) Patrolman.

The ranks of radio technician and corporal are not in the line of promotion and shall be filled by promotion from patrolman. Because special skills are required by the duties of radio technician, the Board may authorize the Chief to appoint civilian radio technicians from outside the Bureau of Police.

The Chief shall submit to the Board a written job specification for each rank. The job specification shall consist of a title; a written explanation, in paragraph form, of the generalized description of duties and responsibilities of all positions in the rank; a fairly comprehensive, but not necessarily complete, listing of specific duties performed by representative positions in the rank; and a statement of knowledges, skills and abilities that should be possessed by persons holding positions in the rank.

Whenever a new rank is created by Council, the Chief shall submit to the Board a written job specification for the new rank before any examination is announced for any rank. (Ord. 42-1971 §1. Passed 6-30-71.)

133.57 CHANGES IN COMPENSATION.

The changing of the compensation paid all positions in any rank shall not affect the status of any incumbent with tenure in that rank.

If Council increases the compensation for certain positions in a rank, but not all positions in that rank, the Chief shall provide the Board with a job specification for its specific positions whose compensation is increased. The Board shall review the duties of these positions and, if they determine that the change in duties requires a different examination, they shall determine that a new rank has been created and that a new examination shall be held, pursuant to these rules. (Ord. 42-1971 §1. Passed 6-30-71.)

133.58 CHANGES IN DUTIES.

Whenever the Chief of Police feels that the changes in the duties of a specific position or positions are such to warrant the creation of a new rank, he shall submit a complete position description for the position or positions in question to the Board. The Board shall compare the new position description with the existing specification for the present rank. If the Board feels a new rank is justified, it shall request Council to create such a rank by ordinance. (Ord. 42-1971 §1. Passed 6-30-71.)

133.59 AMENDMENT TO THESE RULES.

The rules may be amended, including rescinded in whole or in part, by the following procedure:

- (a) Text of the proposed amendment shall be presented in full at a legally held meeting of the Board. Tentative approval shall be by the majority of the members of the Board present and voting.
- (b) If so tentatively approved, the text of the amendment shall be spread in full upon the minutes of the meeting and the Board shall schedule a second meeting, for adoption, which shall be at least one week after the first meeting. Each member of the Board shall be immediately notified in writing by the Secretary of the substance of the proposed amendment and the time and date fixed for its final consideration.

- (c) At the second meeting, legally constituted, adoption of the amendment shall be by a majority vote of the members present and voting.
- (d) If so adopted, the amendment shall be delivered to the Mayor for his consideration. He shall approve or disapprove within thirty calendar days after the amendment is delivered to him. In the event that he has not disapproved the amendment within that time limit, the amendment shall be considered to be approved.
- (e) At the same time that the amendment is sent to the Mayor, a copy of the amendment shall be sent to Council. They shall approve or disapprove within thirty calendar days after the amendment is delivered to them. In the event that they have not disapproved the amendment within that time limit, the amendment shall be considered to be approved.
- (f) On approval by both the Mayor and Council or upon the passage of the thirty day time limit without disapproval, the amendment shall become effective. (Ord. 42-1971 §1. Passed 6-30-71.)

PROMOTION EXAMINATIONS**133.66 ANNOUNCEMENTS.**

Bureau-wide notice of all vacancies in the nonexempt service, by rank, shall be given at least two weeks in advance of the last date for filing applications, by posting of an official announcement on all Bureau bulletin boards and by placing a copy of such announcements in the mailbox of each sworn employee of the Police Bureau. The Chief of Police shall be responsible for seeing that each employee on leave away from the Bureau be mailed a copy of the announcement at his temporary address.

This official announcement shall contain a clear statement of the following information:

 - (d) How each competitor's final score will be computed.
 - (e) The passing mark required, if any, on each part of the examination.
 - (f) If a written test is to be a part, a listing of printed materials suggested for study purposes and on which a majority of the written test questions will be based.
 - (g) The subject matter areas that will be tested by the written test, and the traits that will be rated by the oral interview when such parts are used.
 - (h) As much as possible, a statement of the date, time and place where the various parts of the examination will be held.
 - (i) The last date and time for filing applications and place of filing.
- (Ord. 42-1971 §3. Passed 6-30-71.)

133.67 FILING OF APPLICATIONS.

Each person who wishes to compete in a promotion examination must file a written application in the form prescribed by the Board. The application must be filed with the Secretary of the Board before the time limit fixed by the announcement. (Ord. 42-1971 §3. Passed 6-30-71.)

133.68 ELIGIBILITY FOR EXAMINATIONS.

The minimum requirement for eligibility to compete in a promotion examination shall be as follows:

- (a) To compete for the rank of sergeant, each applicant must have completed at least two and one-half years of service as a sworn member of the Police Bureau.
- (b) To compete for any rank above sergeant, each applicant must have completed at least one year of service in the rank next lower than the rank for which he is competing, except that in the first promotion examination given under these rules, an applicant who has completed three years of service in the rank of sergeant may compete for both the ranks of lieutenant and captain.

Eligibility for any examination shall be determined as of the last date for filing applications for that examination. (Ord. 42-1971 §3. Passed 6-30-71.)

133.69 REJECTION OF APPLICATIONS.

The Board shall reject the application of any applicant when it has determined:

- (a) That the application was not filed with the Secretary of the Board within that period specified by the official announcement.
- (b) That the application was not filed on the prescribed form.
- (c) That the applicant does not meet the eligibility requirement set forth in the official announcement.
- (d) That the applicant, after sufficient notification, did not promptly present himself at the time and place designated for each part of the examination.
- (e) That, upon official request of the Chief of Police, the applicant has a work record with the Police Bureau not consistent with the standards expected of potential promotable applicants. The Board shall require that the Chief of Police substantiate a request of this nature with evidence of written reprimands, with completed performance evaluation sheets or with formal records of suspensions and other disciplinary action.

Whenever an applicant is rejected, written notice of such rejection and the reasons for the action shall be given to the applicant. (Ord. 42-1971 §3. Passed 6-30-71.)

133.70 PROMOTION EXAMINATIONS.

All promotions to positions in the nonexempt service shall be made on the basis of the relative merit and fitness of the applicant, which shall be ascertained by a promotion examination which shall be prepared by, or under the direction of, the Board.

The Board shall have the authority to retain a professional testing service for the preparation and grading of the tests involved.

All examinations shall be competitive, shall be fair and impartial and shall relate to those matters which will fairly test the capacity and fitness of the applicants to discharge competently the duties of the rank for which they are competing. (Ord. 42-1971 §3. Passed 6-30-71.)

133.71 PARTS OF AN EXAMINATION.

The Board shall determine separately for each examination which one or ones of the following parts shall make the examination:

- (a) A written test.
- (b) An oral test or interview.
- (c) A medical examination.

- (d) A psychiatric examination.
- (e) A rating of job performance (efficiency).
- (f) A rating of total past service with the Police Bureau and time in grade (seniority).
- (g) A rating of formal police training, college courses and awards.

A promotion examination may take into consideration such factors as education, experience, aptitude, knowledge, motivation and drive, physical fitness and any other qualifications and attributes which, in the judgment of the Board, enter into a determination of the relative fitness of the applicants. (Ord. 42-1971 §3. Passed 6-30-71.)

133.72 CONCEALMENT OF CANDIDATES' IDENTITIES.

The identity of every candidate taking a promotion written test shall be concealed from the Board by the use of a numbered identification sheet. This identification sheet shall be filled in and signed by the candidate and sealed into an identification envelope before he commences the written part of the examination. The identification envelopes shall not be opened until all written test papers have been completely rated and the Board has determined the minimum passing score for the examination. Any applicant whose written test answer paper carries his name or any other unauthorized identifying mark, and any applicant who reveals his identification number to any member of the Board or to any person or persons assisting the Board shall be disqualified and the applicant so notified. (Ord. 42-1971 §3. Passed 6-30-71.)

133.73 DETERMINING EACH PART OF THE EXAMINATION.

Any part of the promotion examination for any rank may be either qualifying, that is, scored only on a pass or fail basis, or ranking, that is, scored on a numerical basis. For each examination, the Board shall determine whether each part is to be scored on a qualifying or ranking basis and shall so specify in the official announcement. (Ord. 42-1971 §3. Passed 6-30-71.)

133.74 WEIGHTS OF PARTS.

In any examination in which there is more than one ranking part, the Board shall determine the weight to be assigned to each part. The weight shall be stated as, or equated to, a percentage so that the total of the weights for all ranking parts shall equal 100 percent. Each part and the weights assigned shall be specified in the official announcement of the examination. (Ord. 42-1971 §3. Passed 6-30-71.)

133.75 RATING THE RANKING PARTS OF AN EXAMINATION.

The Board may, at its discretion, require that each candidate pass separately any of the parts of the examination, except seniority and formal police training, etc., in order to compete in subsequent parts of the examination.

Each ranking part of the examination, except seniority and ratings for formal police training, college courses and awards, shall be rated independently on a scale of zero to 100 with 100 for maximum possible attainment, or for the highest score attained, and seventy for the required minimum passing score, and zero for the lowest possible score or the lowest score attained. Seniority and formal police training, etc. will be rated on a scale of seventy for the lowest possible score and 100 for the highest possible score. (Ord. 42-1971 §3. Passed 6-30-71.)

133.76 FRAUD IN EXAMINATION.

See Section 133.16 for fraud in examination.

133.77 THE WRITTEN TEST.

Whenever the Board decides that a written test shall be part of the examination, it shall make sure that the test questions sample fairly the knowledge required for successful performance in the rank under examination. (Ord. 42-1971 §3. Passed 6-30-71.)

133.78 DETERMINING THE MINIMUM PASSING SCORE.

For each written test, the Board shall determine the minimum passing score either:

- (a) After the candidates' answer sheets are scored and before any candidates' identity is known to the Board; or
- (b) Before the examination is announced.

The minimum passing score determined or the decision to set the minimum passing score after scoring, shall be stated in the announcement of the examination.

When the minimum passing score of a part is determined after the candidates' answer papers are scored, the Board shall determine the appropriate minimum passing score, using appropriate scientific techniques and procedures, and taking into consideration the overall quality of the candidates competing, the parts of the examination to follow and the number of vacancies anticipated in the rank during the life of the list. This passing score on a written test shall be determined before the candidates' identification envelopes are opened. (Ord. 42-1971 §3. Passed 6-30-71.)

133.79 CONVERTING RAW SCORES.

Whenever the Board establishes a minimum passing score which is other than seventy percent of the number of questions, it shall convert the scores of the candidates to a scale of seventy to 100, so that the minimum passing score equals seventy and, either the maximum possible attainment on the test or the highest score attained for any candidate, equals 100. The scores of failing candidates on the written test need not be converted and shall be reported to the candidate in terms of raw scores and the candidate should also be notified of the minimum passing score. (Ord. 42-1971 §3. Passed 6-30-71.)

133.80 REVIEW OF PAPERS.

Any candidate who competes in a written part of an examination, as provided by these rules, shall have the right to review his answer sheet and a copy of the examination which shows the correct answer to each question. This review shall be held within seven calendar days after the administration of the written test and shall be held under the supervision of a member of the Board.

Every candidate reviewing test papers is expressly forbidden from copying any substantive part of any question used on the test, excepting that he may take brief notes that will enable him to research source documents. All such notes taken by the candidates during the review period shall be reviewed and approved by a Board member before the candidate is allowed to take such notes with him.

(Ord. 42-1971 §3. Passed 6-30-71.)

133.81 WRITTEN TEST APPEALS.

A candidate shall be allowed to appeal the answer to a written test question to the Board within fourteen calendar days from the date of the test. A candidate shall be allowed to present any documentation to the Board to support his appeal. The Board shall consider all such appeals and, if it deems justified, make necessary corrections in what will be considered the correct answer(s) to each question. This shall be done before the final scores are assigned the candidates and the passing score determined. (Ord. 42-1971 §3. Passed 6-30-71.)

133.82 ORAL INTERVIEWS.

Whenever the Board decides that an oral interview shall be part of the examination process, it shall prescribe the rating members of the Oral Interview Board. The Oral Interview Board members may be selected either from within or without the Bureau, except that no member of the Police Bureau shall serve on an Oral Interview Board unless he is in a rank higher than the rank being examined and a majority of the Board must be involved in work with the police profession. In addition, only one member of the Board may serve as an Oral Interview Rater on any single examination. (Ord. 42-1971 §3. Passed 6-30-71.)

133.83 RATING THE ORAL INTERVIEW.

The traits to be rated on the oral interview shall be set forth in the announcement and each trait shall be rated on a form and in a manner prescribed by the Board. On all oral interviews, a score of seventy shall be established as the minimum passing score for the oral interview and shall reflect performance that is just barely acceptable for consideration for promotion to the higher rank. (Ord. 42-1971 §3. Passed 6-30-71.)

133.84 MEDICAL EXAMINATION.

The Board may determine the fitness of applicants to compete for promotion by either requesting a certification from the Chief of Police as to the fitness of the applicants or by requiring medical examination by a qualified doctor.

Whenever the Board determines that a medical examination shall be part of the examination process, it shall employ the doctor or doctors who will examine the applicants. All costs of medical examinations conducted by a doctor specified by the Board shall be borne by the Board. (Ord. 42-1971 §3. Passed 6-30-71.)

133.85 REJECTION FOR UNFITNESS.

Any applicant who is rejected as being unfit by the Board's doctor may, at his own expense, submit a report to the Board from a doctor of his own choice. The decision of the Board, after reviewing both reports, shall be final. (Ord. 42-1971 §3. Passed 6-30-71.)

133.86 PSYCHIATRIC EXAMINATION.

The Board may determine the emotional stability and mental health of an applicant by either requesting a certification from the Chief of Police as to the character and mental health of the applicant, or by requiring that each applicant submit to a psychiatric examination.

Whenever the Board determines that a psychiatric examination shall be a part of the examination, it shall employ the doctor or doctors who will examine the applicant. Such doctor shall be either a psychiatrist who is Board eligible or Board certified by the American Board of Psychiatry and Neurology or a clinical psychologist, certified under the program administered by the Pennsylvania Psychological Association, affiliated with the American Psychological Association. (Ord. 42-1971 §3. Passed 6-30-71.)

133.87 REJECTION FOR CHARACTER.

Any applicant who is rejected as being unfit by the Board's doctor may, at his own expense, submit a report to the Board from a doctor of his own choice. The decision of the Board, after reviewing both reports, shall be final. (Ord. 42-1971 §3. Passed 6-30-71.)

133.88 SENIORITY.

The Board shall include in each examination a rating for seniority, which shall include a rating for total continuous service in the Police Bureau and may include a rating for total continuous service in the rank from which promotion is sought.

A rating for seniority shall be initially computed in the form of additional points as follows:

- (a) One point for each year of continuous service in the Police Bureau, up to a maximum of twenty points.
- (b) Plus, one additional point for each year of continuous service in any rank, above the rank of patrolman, from which promotion is sought, up to a maximum of five points.

These point totals for each candidate shall be converted to a scale of seventy to 100 and added to the scores of passing candidates in accordance with the weights assigned in the announcement. The converted score seventy shall be for the least allowable years of seniority and 100 for the highest allowable years. (Ord. 42-1971 §3. Passed 6-30-71.)

133.89 EFFICIENCY RATING.

When the Board decides that a rating for efficiency shall be part of the examination, it shall use the ratings developed by the performance evaluation system, established by Section 133.124 of these rules. The ratings of efficiency shall be on a scale of one to 100, with a rating of seventy reflecting a candidate whose job performance is just barely acceptable, that is, an applicant whose performance on his present job is at the level where he is not so bad as to require demotion, but if he were a new applicant for the rank, he would not be appointed. (Ord. 42-1971 §3. Passed 6-30-71.)

133.90 FORMAL POLICE TRAINING, COLLEGE COURSES AND AWARDS.

Whenever the Board determines that a rating for formal police training, college course work or awards will be used as a part of the examination, it shall initially use the point schedule set forth in Section 133.13. These points, for each candidate, shall be converted to a scale of seventy for no points and 100 for the highest number of points accumulated by a candidate. The converted rating for formal police training, college courses and awards shall only be added to the scores of passing candidates in accordance with the weights assigned in the announcement. (Ord. 42-1971 §3. Passed 6-30-71)

133.91 GENERAL AVERAGE SCORE.

In order for a candidate's name to appear on an eligible list, he must attain a passing score on each part which candidates are required to pass separately, and also a general average score of at least seventy percent on all ranking parts of the examination.

An applicant's general average score shall be computed by multiplying his score, on each ranking part of the examination by the weight assigned in the official announcement for that part, and dividing this quotient by 100, the sum of the weights of all the ranking parts of the examination. (Ord. 42-1971 §3. Passed 6-30-71.)

133.92 POSTPONEMENT AND CANCELLATION OF EXAMINATIONS.

Any examination or any part thereof may be canceled or postponed by the Board and each applicant shall be notified of the cancellation and the reason for the action. (Ord. 42-1971 §3. Passed 6-30-71.)

133.93 NOTIFICATION OF RESULTS.

Each candidate who competes in any part of an examination shall be given written notice on his score on that part. Each candidate who passes the entire examination shall be given written notice, which shall include his score on each part and his rank on the eligible list. Such notice shall be given after the eligible list is officially established, but, at the discretion of the Board, may be given to all candidates simultaneously at an earlier date. (Ord. 42-1971 §3. Passed 6-30-71.)

133.94 PROBATIONARY PERIOD.

The probationary period shall be regarded as an integral part of the examination process and shall be utilized for closely observing the employee's work, for securing the most effective judgment of how the employee adjusts to his new rank and for rejecting any employee whose performance does not meet the required work standards.

Every employee receiving a promotion, except employees reinstated or demoted, shall first attain probationary status and serve a probationary period of six months, starting from the date of appointment. Two weeks before an employee's probationary period is ended, the Chief of Police shall certify to the Board, in writing, whether or not the employee shall be given tenure or shall be returned to his old rank and a new certification sought. Employees who fail their probationary period and are returned to their old rank have no appeal for this action.

An employee who successfully passes his probationary period shall be given tenure in the rank and shall only be removed from that rank in accordance with the provisions of the these rules. An employee promoted retains tenure in his old rank until he successfully passes his probationary period. (Ord. 42-1971 §3. Passed 6-30-71.)

ELIGIBLE LISTS, CERTIFICATIONS AND APPOINTMENT

133.95 ELIGIBLE LIST.

The Board shall establish and maintain such eligible lists for each rank as are necessary to meet the needs of the Police Bureau. Each such list shall contain the names and address of each applicant who passed the examination, his final average scores and his rank on the list. (Ord. 42-1971 §4. Passed 6-30-71.)

133.96 TYPES OF ELIGIBLE LISTS.

The Board shall maintain by rank, as required, the following eligible lists:

- (a) A lay-off list, containing the names of persons who have been involuntarily reduced in rank or laid off. The names of persons shall appear on the list in reverse order of the date of lay-off.
- (b) A reinstatement list, containing the names of all persons who have resigned in good standing and who have requested return to the Bureau. Such names shall appear on the list in the order of their date of resignation, the most recent resignation ranked last.
- (c) A military list, containing the names of all persons certified for promotion but who could not accept promotion because of being in the military service or preparing to go into the military service. Such names shall appear on the list on the basis of the date of their first certification with the person most recently certified ranked last.
- (d) A promotional list, containing the names of all persons eligible for promotion as determined by the examination procedures established by these rules. Such names shall appear on this list in the order of their final examination score as determined by these rules. (Ord. 42-1971 §4. Passed 6-30-71.)

133.97 RANK ORDER ON THE ELIGIBLE LIST.

The order of names of passing candidates on the promotion list shall be determined as follows:

- (a) First, by the general average score, in descending order of scores.
- (b) Second, in the event of a tie, the tie shall be broken by placing first, the name of the eligible who filed his application first.
- (c) Third, if two or more eligibles with tied scores filed their application on the same date, the tie shall remain unbroken, the names on the eligible list shall be marked "tied" and they shall be certified together. (Ord. 42-1971 §4. Passed 6-30-71.)

133.98 CORRECTION OF ELIGIBLE LIST.

Whenever the Board determines that a manifest error in scoring or averaging a candidate's papers has occurred, the final average score and rank on the eligible list shall be corrected forthwith by the President by his signing a corrected list. Such corrected list shall, upon signature, replace the previous list which it corrects. All certifications from which no promotion has been made shall be withdrawn and new certifications made in accordance with the corrected list. However, the correcting of an eligible list shall not invalidate any appointment made prior to the discovery of the manifest error. (Ord. 42-1971 §4. Passed 6-30-71.)

133.99 POSTING OF THE ELIGIBLE LIST.

All eligible lists shall be posted as a public record in the office of the City Clerk and in the Police Bureau. (Ord. 42-1971 §4. Passed 6-30-71.)

133.100 DURATION OF ELIGIBLE LISTS.

A promotional eligible list shall be in effect for at least six months and, at the discretion of the Board, may be extended for no more than eighteen additional months.

A lay-off list shall be in effect indefinitely or until all laid off personnel are returned to their rank. A person's name shall remain on a military list for a period of one year after the date of his honorable discharge from the military service. A person's name shall appear on a reinstatement list for a period of thirty days from his resignation.

The Board shall determine that an eligible list is exhausted whenever all persons thereon, who are willing to accept appointment, have been appointed.
(Ord. 42-1971 §4. Passed 6-30-71.)

133.101 PROMOTIONAL APPOINTMENTS.

Whenever a position, covered by these rules, is to be filled by promotion, the Chief of Police shall make requisition to the Board for eligibles for appointment to the rank for which the vacancy exists. Such requisition shall be upon the form provided by the Board. If certification is required, the Board shall certify eligibles promptly.

(Ord. 42-1971 §4. Passed 6-30-71.)

133.102 ORDER OF LISTS IN CERTIFICATION.

Eligibles shall be certified, in order, from eligible lists for the ranks in the following order:

- (a) First, from the lay-off list (See Section 133.116).
- (b) Second, from the reinstatement list (See Section 133.114).
- (c) Third, from the military list (See Section 133.105).
- (d) Fourth, from the promotion list.

(Ord. 42-1971 §4. Passed 6-30-71.)

133.103 CERTIFYING NAMES TO FILL A VACANCY.

The Board shall certify the names of the three eligibles who stand highest on the appropriate eligible list or lists for the rank of the vacancy to be filled. If there are fewer than three names on a list other than the lay-off list, then names standing highest on the next list in order of priority shall be certified until three names are certified or until all lists for that rank are exhausted. All employees on lay-off lists shall be restored to their rank before certifications from other lists are commenced.

The names of all eligibles which remain in an unbroken tie with the third highest eligible certified shall also be certified.

All certifications shall be signed by either the President or the Secretary of the Board.

In the event that there are less than three names remaining on all lists for the rank, the Board shall certify those names remaining. The Mayor may appoint one of the eligibles certified or, at his option, may ask the Board to establish a new eligible list.

(Ord. 42-1971 §4. Passed 6-30-71.)

133.104 CANCELLATION OF APPOINTMENT.

The Board may cancel the previous promotion of an employee from an eligible list when it has determined that the employee has practiced any fraud in the examination process, as set forth in Section 133.16.

(Ord. 42-1971 §4. Passed 6-30-71.)

133.105 WAIVER OF CERTIFICATION.

An eligible who has been certified or tendered reinstatement from a lay-off or reinstatement list may waive such certification or reinstatement upon giving a reason satisfactory to the Board, without losing his place on the eligible list. If the reasons assigned are not satisfactory to the Board, or the eligible refuses to accept a promotion tendered, then his name shall be removed from the eligibility list.

All waivers of certification must be filed with the Board within five days from the date of certification. In the absence of such waiver, an eligible applicant who refuses to accept a promotion tendered, shall be removed from the list and the next person certified in his place.

If, within thirty days from the date of certification, the eligible applicant so removed furnishes good and sufficient reason satisfactory to the Board for his failure to accept promotion, he may be restored to the bottom of the eligible list. But in the absence of any such excuse, his removal from the eligible list at the expiration of such thirty days shall be final.

Persons on authorized leaves of absence shall be notified of their certification for promotion and shall be given the opportunity to either return from leave to accept the promotion or to waive certification. If the employee decides to waive certification, he must notify the Board of such decision within a reasonable time as determined by the Board. However, the five day notification provision need not be adhered to in cases of employees on authorized leaves of absence.

Employees in the military service through authorized military leave shall be considered to have waived certification for the duration of time he is in service. Any employee in military service, who has waived certification because of his military service shall, at the expiration of the promotional eligible list upon which his name appears, have his name placed on a military eligible list. Employees shall be ranked upon such list in accordance with the date of their first waiver of certification with the employee who waived first ranked first, etc. An employee in military service, who was never certified, even though ranked on an eligible list, shall not have his name placed on the military list when the promotion list expires. (Ord. 42-1971 §4. Passed 6-30-71.)

133.106 PROMOTION DECISION.

The Chief of Police shall select from the eligibles certified to him and recommend to the Mayor the eligible to be promoted. The Mayor shall make all promotion appointments. The Chief shall make such recommendation within seven calendar days from the receipt of the certification. Any certification from which no promotion has been made for a period of thirty calendar days from the date it was signed shall be invalid. If the Chief of Police still desires to fill the vacancy, he must request a new certification. (Ord. 42-1971 §4. Passed 6-30-71.)

133.107 TEMPORARY APPOINTMENTS.

A temporary appointment may be made by the Mayor to fill a vacancy in a permanent position which results from a regular employee being on an authorized leave of absence.

Each temporary appointment shall be made, if possible, from the appropriate eligible list and shall be for a specific period. The acceptance of such a temporary appointment by an eligible shall not affect his standing on the eligible list, nor his eligibility for promotional appointment. (Ord. 42-1971 §4. Passed 6-30-71.)

133.108 EMERGENCY APPOINTMENTS.

In accordance with the provisions of Section 133.25, emergency appointments may be made by the Mayor in cases of riots, conflagration or other emergency which threatens the property or the general welfare of the City. An emergency appointment shall continue only during the period of such emergency and shall, under no condition, continue longer than thirty calendar days. No person shall be given emergency appointments which aggregate more than thirty days in any period of six consecutive months. (Ord. 42-1971 §4. Passed 6-30-71.)

133.109 DEMOTIONS.

A position may be filled by a demotion of an employee upon his own initiative or, with his concurrence, and with the approval of the Board and the Mayor. This voluntarily demoted person shall receive the same status in the new rank that he had in the rank from which he was demoted.

A position may also be filled by the involuntary demotion of any employee for inability to perform the duties of the position, such determination to be made by the Mayor upon recommendation of the Chief of Police or in accordance with the provisions of Section 133.55 of these rules. (Ord. 42-1971 §4. Passed 6-30-71.)

133.110 RE-EMPLOYMENT.

A position may also be filled by the re-employment of a person returning from authorized leave of absence or military leave of absence. (Ord. 42-1971 §4. Passed 6-30-71.)

PERSONNEL POLICIES

133.111 LEAVES OF ABSENCE WITHOUT PAY.

An employee who has tenure may be granted a leave of absence, without pay, by the Director of the Department of Public Safety for a period not to exceed one year for any reasons determined by him to be sufficient and in the best interests of the City.

When any employee returns from authorized leave, in accordance with the provisions of these rules, he shall return to his original position with full seniority as if he had not been on leave.

Except under unusual circumstances, leave of absence without pay shall not be granted in order for an employee to take other employment not in the City service. All employees on leave without pay are subject to the provisions of these rules.

All positions vacated by authorized leaves of absence shall only be filled by temporary appointment as provided by these rules. (Ord. 42-1971 §5. Passed 6-30-71.)

133.112 LEAVES OF ABSENCE FOR MILITARY REASONS.

Whenever a vacancy occurs by virtue of an employee taking a leave of absence because of his enlistment or because he has been ordered into the military force of the United States, the Board may, based upon the anticipated duration of the leave, either fill the vacancy by temporary appointment or through certification.

If the vacancy is filled by a temporary appointment, the duration of any such appointment shall be for the period of such leave of absence, and for not more than sixty days thereafter. Such leave of absence shall be automatically terminated by the death or discharge

of the employee from the military service. Within sixty days of the termination of the leave of absence by honorable discharge, the employee shall be restored to his position, without a loss of seniority, provided he is otherwise eligible. The person temporarily appointed shall, as much as possible, be taken from an eligible list for the rank and any such temporary appointment shall not prohibit the employee from being certified for other vacancies and promoted.

In the case where the vacancy is filled by a promotion from an eligible list, and the employee on leave is honorably discharged from the service and, within sixty days thereafter, presents himself to the Director of Public Safety for resumption of his duties on the Police Bureau he shall, if a vacancy exists, be appointed to that vacancy. If no vacancy exists, then the employee returning from an authorized military leave shall have the right to bump the employee in that rank with the least seniority in that rank, provided either are not temporary or probationary employees who shall be bumped first. In administering the bumping provisions of this section, the same procedure as outlined under lay-off shall apply, except that no employee shall be separated from the Police Bureau because of a returning military serviceman and Council shall approve a new patrolman position if necessary.

No leave of absence shall be granted for military service to exceed the period of time of the employee's original enlistment period or to exceed the time of the employee's original call-up period. Any employee who elects voluntarily to remain in the military service after his initial period of enlistment or call-back shall be deemed to have resigned from the Police Bureau. (Ord. 42-1971 §5. Passed 6-30-71.)

133.113 RESIGNATION IN GOOD STANDING.

Any employee in the classified service wishing to leave the City service in good standing shall file with the Chief of Police, at least two weeks before leaving, a written resignation stating the date resignation shall become effective and the reason for leaving. (Ord. 42-1971 §5. Passed 6-30-71.)

133.114 REINSTATEMENT.

An employee who has resigned in good standing and who, within thirty days from the date of his resignation, has requested reinstatement, may have his name placed on a reinstatement list and within thirty days be reinstated.

This period of thirty days, or less, shall be considered as a temporary separation from the Police Bureau. Any resignation from the Police Bureau in excess of thirty days, shall not be considered to be a temporary separation. (Ord. 42-1971 §5. Passed 6-30-71.)

133.115 RESIGNATION NOT IN GOOD STANDING.

Any employee in the classified service who resigns without giving the Chief of Police two weeks advance written notice of his resignation shall be considered to have resigned not in good standing. An employee resigning not in good standing shall not be eligible for reinstatement. (Ord. 42-1971 §5. Passed 6-30-71.)

133.116 LAY-OFF PROCEDURE.

The Mayor may lay-off an employee in the classified service whenever such action is made necessary by reason of shortage of work or funds, the abolition of a position in accordance with Section 133.44, or because of change in organization. No employee with tenure shall be laid off while there is a temporary or probationary employee in the rank from which the employee with tenure is to be laid off. (Ord. 42-1971 §5. Passed 6-30-71.)

133.117 ORDER IN LAY-OFFS.

In a lay-off, each rank shall be considered separately. The order in which employees shall be laid off within any single rank shall be as follows: first, temporary employees; second, probationary employees; third, employees with tenure.

The order of lay-off for any one of the three above kinds of employees shall be in reverse order of total continuous service within the rank in which the lay-off is occurring. (Ord. 42-1971 §5. Passed 6-30-71.)

133.118 BUMPING RIGHTS.

Any employee with tenure, who is laid off, shall displace an employee in the next lower level rank. The determination of the employee to be displaced shall be in accordance with the order in lay-off. This bumping procedure shall be carried through the ranks so that only the least senior employees in the lowest rank are actually separated from the Bureau. (Ord. 42-1971 §5. Passed 6-30-71.)

133.119 DEMOTION FOR INABILITY TO PERFORM.

When the Mayor has determined that an employee with tenure is unable to successfully perform the duties of his position, he may demote that employee to a position in a lower rank, the duties of which he is able to perform. The employee demoted shall have tenure in the new rank.

Generally speaking, demotion should only be made when the employee cannot perform the duties of his job for physical or mental reasons. If the reasons are disciplinary in nature, then a proper form of disciplinary action should be taken.

Every person so demoted, except those demoted in accordance with Section 133.55 of these rules, shall have the right to have his case investigated by the Board and to have a hearing in accordance with the provisions of these rules. (Ord. 42-1971 §5. Passed 6-30-71.)

133.120 SUSPENSIONS.

Suspensions shall be authorized and given for proven infractions of the Bureau's discipline code. Any authorized suspension shall be noted in the offending officer's service record and may result in a loss of points as indicated in Section 133.13 when that officer is considered for promotion or demotion and formal police training is a part of the examination. Suspensions of more than one day but less than eleven days may be recommended by any immediate superior officer of the rank of sergeant or higher, but may not be imposed without the approval of the Director of the Department of Public Safety.

A suspension of more than three days or an accumulation of five or more days of suspensions in a sixty day period may be appealed within thirty days of the date of suspension to the Board which shall have the authority to overrule any suspension determined to be capricious or unjust, to order the officer in question reinstated with or without loss of pay, and to order or not to order the suspension removed from the officer's service record. Any suspension in excess of ten days shall be governed by the provisions of the Third Class City Code. (Ord. 42-1971 §5. Passed 6-30-71.)

133.121 DISMISSALS.

Any employee, with or without tenure, may be dismissed by the Director of the Department of Public Safety for good cause which shall be clearly stated in writing by the Director. With regard to an employee with tenure, no dismissal shall take effect until at least ten days from the day a written statement of reasons therefore is submitted to the Board and to the employee in question. Hearings on charges for discharge shall be held in accordance with the provisions of the Third Class City Code.

Although dismissals and other disciplinary actions may be based on other causes, any one or more of the following shall be sufficient:

- (a) Incompetency or inefficiency in the performance of duties.
- (b) Conviction of a criminal offense or of a misdemeanor involving moral turpitude subsequent to his original appointment.
- (c) Willful violation of any of the provisions of the rules and regulations of the Bureau of Police or of these rules.
- (d) Willful violation of any lawful and meaningful regulation, order or direction made or given by a superior officer, where such violations have amounted to insubordination or serious breach of proper discipline or have resulted in a loss or injury to the public or injury to a fellow employee.
- (e) Wantonly offensive conduct or language toward the public or fellow officers, or abusive public criticism of a superior or public official without first taking up such complaints through proper channels.
- (f) Carelessness or negligence in the use of City property.
- (g) Repeated failure to pay or make reasonable provisions for the payment of just debts.
- (h) Attempting to induce any officer or employee of the City to commit an act in violation of any lawful or reasonable regulation.
- (i) Hindering the regular operation of the Police Bureau or its divisions because of excessive absenteeism or by falsely claiming to be sick when physically able to work.
- (j) Failure to notify the Chief of Police, within one working day, of any suspension or the revocation of the employee's valid operator's or chauffeur's licenses. (Ord. 42-1971 §5. Passed 6-30-71.)

133.122 HEARINGS.

Any employee with tenure may make an appeal to the Board and request a hearing if he:

- (a) Has been suspended in accordance with the provisions of Section 133.120 of these rules.
- (b) Feels that any other provisions of these rules have been interpreted or administered to his detriment.

Any such appeal or request for hearing to the Board shall be in writing and shall set forth the action complained of and the remedy sought by the appellant. Such request shall be filed within ten working days of the date the action causing the grievance took place.

Any employee with tenure appearing before the Board may be represented by counsel or by a member of a recognized employee organization and may present witnesses and such other testimony to the Board as may support his case.

The President of the Board shall have the right to administer oaths and to subpoena records and require the attendance of witnesses at such hearings. Technical rules of evidence shall not apply at such hearings.

All decisions of the Board as to matters properly appealed to them shall be final.

These hearings shall in no way be construed to include the hearings on charges for discharge before Council, as set forth in the Third Class City Code. (Ord. 42-1971 §5. Passed 6-30-71.)

133.123 DATES OF HEARINGS.

The Board shall convene a hearing within fifteen days of receiving a written request, therefore, except that by mutual consent of the parties involved, hearing dates may be postponed beyond fifteen days.

The Board shall deliver its final decision to the Director of the Department of Public Safety within ten days after the conclusion of the hearing. (Ord. 42-1971 §5. Passed 6-30-71.)

133.124 JOB PERFORMANCE RATING PROCEDURE.

Job performance rating reports, relative to conduct, capacity and performance of all Police Bureau employees, shall be made no later than January 1, 1975, by the Police Bureau at least once a year on forms and in the manner prescribed by the Board.

In the case of probationary employees, the job performance rating shall be made approximately two weeks before the end of the probationary period and shall be a basis for the Chief of Police certifying to the Board the probationer's suitability or lack of suitability for the rank, in accordance with the provisions of Section 133.94.

Job performance ratings shall be administered under the general direction of a Division Inspector. The employees of each division shall be initially rated by their immediate supervisor, with such ratings reviewed by the Division Inspector. No ratings made by the employee's immediate supervisor shall be changed by the Inspector, except with the concurrence of the supervisor. All differences of opinion between the employee's immediate supervisor and the Division Inspector shall be resolved by the Chief of Police in a conference attended by both.

The final job performance ratings shall be shown to the employee concerned and there shall be a conference between the employee and his immediate supervisor to discuss the ratings.

Any sworn employee of the Bureau shall have the right to appeal his job performance rating within thirty days of receipt of such rating. All such appeals shall go to the Division Inspector who shall review the appeal and then make a recommendation of the disposition of the appeal which shall be forwarded to the Chief of Police within ten days of the receipt of such appeal. The decision of the Chief of Police shall be final on all appealed job performance ratings and such decisions shall be rendered within ten days of receipt of the recommendation from the Division Inspector. Service does not include any period for which the Participant's contributions were refunded and not timely repaid to the Fund. Periods of layoff, suspension or leave of absence do not interrupt Service, but are not credited to the accrual of Retirement Benefits payable under the Plan except as provided in the case of purchase of Prior Military Service or Intervening Uniformed Service under Sections 145.05(c) or (d) below. No Participant may purchase Service credit for any period of active duty Military or Uniformed Service under this Plan with respect to which s/he purchases or has purchased similar credit under any other pension plan of the Commonwealth of Pennsylvania or its subdivisions in which s/he is a Participant.

- (ll) **“Vested Benefit”** and **“Vested Reduced Benefit”** means Participants shall be vested in the Retirement Benefit that they have accrued in the Plan after at least twelve (12) years of Service. Being "vested" means that the Accrued Retirement Benefit to which the Participant is credited as of any date cannot be forfeited unless the Participant dies without a Survivor. In that event any undistributed Employee Contributions shall be refunded to the Participant's Estate, without interest. Periods of layoff, suspension or leave of absence do not interrupt Service, but are not credited to the accrual of Retirement Benefits payable under the Plan, except as required by USERRA. The Vested Reduced Benefit to which a Participant who has completed the minimum number of years of Service required for vesting is calculated by multiplying the Normal Retirement Benefit to which the Participant would be entitled at age sixty (60) if s/he had completed twenty (20) years of Service (but using the actual Final Pay which the Participant had received to the date his/her employment by the City was terminated) by the fraction determined by dividing the Participant's actual full years of Service by twenty (20), provided that the amount of such monthly Retirement Benefit shall be reduced by three percent (3%) for the remainder of the twenty (20)-year period of Service which would have been required for the Participant to receive an unreduced Normal Retirement Benefit. In the event that the City terminates the Plan or discontinues making contributions to it, the Accrued Retirement Benefit of all Participants shall become fully vested, to the extent funded, regardless of the Participant's years of Service.
(Ord. 3-2011. Passed 1-19-11.)

 - B. The Participant has never participated in a Defined Contribution Plan maintained by the Employer or Code Section 415 Affiliated Employer (and for this purpose, and as provided for in final regulations under Code Section 415, the Employee Contributions shall not be considered to be a separate Defined Contribution Plan).
 - (5) If a Participant's benefit commencement date is before attainment of age sixty-two (62), the general dollar limitation described in Section 145.13(b)(3) shall be adjusted to an "age sixty-two (62) dollar limit" equal to the amount of a single life annuity payable as of the benefit commencement date that has the same actuarial equivalent present value of said dollar limitation payable as a deferred single life annuity at age sixty-two (62), with the actuarial equivalent present value determined on the basis of the applicable mortality table prescribed by the Commissioner of Internal Revenue under Code Section 415(b)(2)(E)(v) for purposes of the adjustment of the Code Section 415 limitation for defined benefit plans and interest at the rate of five percent (5%) per annum; provided however:

- A. If the Plan has an immediate single life annuity payable both at age sixty-two (62) and the age at benefit commencement, the "age sixty-two (62) dollar limit" (if less than the foregoing age sixty-two (62) dollar limit) shall be equal to the general dollar limitation described in Section 145.13(b)(3) multiplied by the ratio of the amount of the immediate single life annuity payable under the Plan to the amount of single life annuity payable under the Plan at age sixty-two (62), with both said amounts determined without applying the limitations of Code § 415;
 - B. For purposes of determining the age sixty-two (62) dollar limit, no adjustment shall be made for the probability of the Participant's death after the benefit commencement date and before age sixty-two (62) to the extent a forfeiture does not occur upon the participant's death before the benefit commencement date;
 - C. The reduction for payment before age sixty-two (62) shall not apply to any benefit payable on account of the death of a Participant or on account of a Participant becoming disabled by reason of personal injuries or sickness;
 - D. The reduction for payment before age sixty-two (62) shall not apply to a Participant who has at least fifteen (15) years of Service (taken into account for purposes of determining the amount of the Participant's Accrued Retirement Benefit) as a full-time employee of the police department or fire department of the Employer (regardless of job classification during said employment) or as a member of the Armed Forces of the United States; and
 - E. The age sixty-two (62) dollar limit shall not decrease on account of an increase in age or the performance of additional service.
- (6) If a Participant's benefit commencement date is before attainment of age sixty-five (65), the general dollar limitation described in Section 145.13(b)(3) shall be adjusted to an "age sixty-five (65) dollar limit" equal to the amount of single life annuity payable as of the benefit commencement date that has the same actuarial equivalent present value of said dollar limitation payable as a single life annuity at age sixty-five (65), with the actuarial equivalent present value determined on the basis of the applicable mortality table prescribed by the Commissioner of Internal Revenue under Code Section 415(b)(2)(E)(v) for purposes of the adjustment of the Code Section 415 limitation for defined benefit plans and interest at the rate of five percent (5%) per annum; provided however,
- A. If the Plan has an immediate single life annuity payable both at the benefit commencement date and at age sixty-five (65), the "age sixty-five (65) dollar limit" (if less than the foregoing age sixty-five (65) dollar limit) shall be equal to the general dollar limitation described in Section 145.13(b)(3) multiplied by the ratio of (1) the amount of the immediate single life annuity payable to the Participant, computed disregarding the accruals after age sixty-five (65), but including any actuarial adjustments, and without applying the limitations of Code Section 415 to (2) the amount of single life annuity that would be payable to an age sixty-five (65) hypothetical participant with the same accrued

- benefit (with no increases for commencement after age sixty-five (65)) as the Participant, determined disregarding the accruals after age sixty-five (65) and without applying the limitations of Code Section 415; and
- B. For purposes of determining the age sixty-five (65) dollar limit, no adjustment shall be made for the probability of the Participant's death after age sixty-five (65) and before the benefit commencement date to the extent a forfeiture does not occur upon the participant's death before the benefit commencement date.
- (7) If a Participant's Accrued Retirement Benefit is paid in a form other than a single life annuity (as otherwise may be provided for in the Plan), it shall be adjusted as follows to its actuarial equivalent on a single life annuity basis for the purpose of applying the general dollar limitation described in Section 145.13(b)(3), except that no adjustment shall be made for any joint and survivor annuity form of payment (where the spouse is the survivor annuitant) and for the value of any ancillary benefits:
- A. For payment of Accrued Retirement Benefit in a form not subject to Code Section 417(e)(3) (assuming Code Section 417(e)(3) applies to the Plan to the extent and in the manner required by Code Section 415), the actuarial equivalent single life annuity for this purpose shall be the greater of:
1. The amount that would be payable to the Participant as of the same benefit commencement date under the single life annuity form of payment of the Plan; and
 2. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity if determined on the basis of the applicable mortality table prescribed by the Commissioner of Internal Revenue under Code Section 415(b)(2)(E)(v) for purposes of the adjustment of the Code Section 415 limitation for defined benefit plans and interest at the rate of five percent (5%) per annum.
- B. For payment of Accrued Retirement Benefit in a form subject to Code Section 417(e)(3) (assuming Code Section 417(e)(3) applies to the Plan to the extent and in the manner required by Code Section 415), the actuarial equivalent single life annuity for this purpose shall be the greatest of:
1. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity that has the same present value as the actual form of payment when determined on the basis of the Plan's Actuarial Equivalent factors;
 2. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity that has the same present value as the actual form of payment when determined on the basis of the applicable mortality table prescribed by the Commissioner of Internal Revenue under Code Section 415(b)(2)(E)(v) for purposes of the adjustment of the Code Section 415 limitation for defined benefit plans and interest at the rate of five and one half percent (5½%) per annum; and

3. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity that has the same present value as the actual form of payment (computed by using the applicable mortality table and applicable interest rate), divided by 1.05.
 - C. Notwithstanding any contrary provisions, for payment of Accrued Retirement Benefit in a form subject to Code Section 417(e)(3) (assuming Code Section 417(e)(3) applies to the Plan to the extent and in the manner required by Code Section 415) with a benefit commencement date falling in the Plan Years beginning in 2004 and 2005 (except as provided in section 101(d)(3) of the Pension Funding Equity Act of 2004), the actuarial equivalent single life annuity for this purpose shall be the greater of:
 1. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity that has the same present value as the actual form of payment when determined on the basis of the Plan's Actuarial Equivalent factors; and
 2. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity that has the same present value as the actual form of payment when determined on the basis of the applicable mortality table prescribed by the Commissioner of Internal Revenue under Code Section 415(b)(2)(E)(v) for purposes of the adjustment of the Code Section 415 limitation for defined benefit plans and interest at the rate of five and one half percent per annum.
- (8) If a Participant has less than ten (10) years of service, the general dollar limitation described in Section 145.13(b)(3) and the special dollar limitation described in Section 145.13(b)(4) shall each be multiplied by the ratio of the Participant's years of service to ten (10) but not by less than one tenth; provided, however, this adjustment shall not apply to any benefit payable on account of the death of a Participant or on account of a Participant becoming disabled by reason of personal injuries or sickness. For this purpose, a year of service shall be credited for each annual computation period in which the Participant is credited with the service required to accrue a benefit for the period taking into account service with the Employer (or a predecessor employer) and a Code Section 415 Affiliated Company.
- (9) The general dollar limitation described in Section 145.13(b)(3) shall be adjusted by substituting as of January 1 of each calendar year and effective for the Limitation Year that ends in or with said calendar year, the limitation determined by the Commissioner of Internal Revenue pursuant to Code Section 415(d)(1). Such adjusted limitation shall apply to all Participants. Said adjustment shall be made for purposes of applying the limitations of this Section, regardless of whether the Plan actually provides for any cost-of-living adjustments for retirement benefits.

- (10) If a Participant has multiple "annuity starting dates" within the meaning of Code Section 415, the limitations of this Section shall be applied as of each of the annuity starting dates taking into account the benefits that have been or will be provided at all of the annuity starting dates to the extent and in the manner required by Code Section 415.
- (11) Notwithstanding any contrary provisions, the Annual Additions allocated to a Participant for any Limitation Year shall not exceed the lesser of:
 - A. \$40,000, provided that as of January 1 of each calendar year and effective for the Limitation Year ending in or with said calendar year, the dollar amount as adjusted for cost of living increases by the Commissioner of Internal Revenue pursuant to Code Section 415(d)(1) shall be substituted for this specified dollar amount, and provided further, that said dollar amount for any Limitation Year shorter than twelve months shall be proportionately reduced; and
 - B. 100 percent of the Participant's Section 415 Compensation for the Limitation Year, (whether or not he is a Participant during the entire Limitation Year).
- (12) For the purpose of applying the limitations of this Section 145.13(b), all Defined Benefit Plans, whether or not terminated, of the Employer and any Code Section 415 Affiliated Employer shall be treated as one Defined Benefit Plan, and all Defined Contribution Plans, whether or not terminated, of the Employer and any Code Section 415 Affiliated Employer shall be treated as one Defined Contribution Plan.
- (13) If the Employer or any Code Section 415 Affiliated Employer maintains a multiemployer plan as defined in Code Section 414(f) (and qualified under Code § 401(a)), benefits under said multiemployer plan shall be taken into account only to the extent provided by contributions of the Employer or Code Section 415 Affiliated Employer.
- (14) If this Plan is aggregated with a plan that is subject to the special limitation and/or transitional rules with respect to Code Section 415, satisfaction of the requirements of Code Section 415 shall be determined by reference to the larger of the limitations set forth in this Section 145.13(b) or the limitations applicable to said other plan in the manner provided for in Code Section 415.
- (15) If the limitations imposed by this Section 145.13(b) and Code Section 415 are exceeded by reason of the aggregation of this Plan with a plan not previously required to be aggregated, said limitations may be exceeded, provided that the requirements of Code Section 415 for doing so are satisfied.
- (16) If a Participant's Accrued Retirement Benefit must be reduced to satisfy the requirements set forth in this Section 145.13(b) and in Code Section 415, such reduction shall be accomplished first by reducing the Participant's Accrued Retirement Benefit under the Defined Benefit Plan in which the Participant is an active participant and then by reducing the Participant's retirement benefit under the other Defined Benefit Plans in which the Participant was an active participant, starting with the Defined Benefit Plan in which the Participant was last an active participant and moving, successively, and to the extent necessary, to the next preceding Defined Benefit Plan and so forth.

- (17) If a Participant's Annual Additions must be reduced to satisfy the requirements set forth in this Section 145.13(b) and in Code Section 415, the Annual Addition last allocated shall be reduced.
 - (18) Notwithstanding any contrary provisions, a repayment of a distribution (including interest thereon) shall not be taken into account for purposes of this Section 145.13(b) and the limitations imposed by Code § 415.
- (c) Required Payment Provisions - Code Section 401(a)(9).
- (1) Notwithstanding any contrary provisions, the payment of benefits under the Plan shall be made in accordance with a reasonable good faith interpretation of Code § 401(a)(9). The provisions in this Section 145.13(c) shall be applicable to the extent a benefit is otherwise payable under the applicable substantive provisions of the Plan, and to the extent applicable, the provisions in this Section 145.13(c) shall supersede any inconsistent benefit payment provisions in the Plan.
 - (2) Payment of benefits to a Participant shall begin no later than the required beginning date of April 1 of the calendar year following the later of (i) the calendar year in which the Participant attains age seventy and one-half (70½) or (ii) the calendar year in which the Participant retires from employment by the Employer.
 - (3) A joint and survivor annuity form of payment with a survivor annuitant not the Participant's spouse shall be available to a Participant only if the percentage of the pension payable to the survivor annuitant on or after the Participant's required beginning date and following the Participant's death does not exceed the applicable percentage determined under Treas. Reg. § 1.401(a)(9)-6 in the manner specified thereunder.
 - (4) A certain and life annuity form of payment shall be available to a Participant only if the certain period does not exceed the applicable distribution period under the Uniform Lifetime Table Treas. Reg. § 1.72-9 determined under Treas. Reg. § 1.401(a)(9)-6 in the manner specified thereunder.
 - (5) If a Participant dies before the required beginning date, payment of benefits to a beneficiary:
 - A. If made to a designated beneficiary (within the meaning of Code Section 401(a)(9)) who is the Participant's spouse and the sole designated beneficiary, shall be made or begin no later than the later of December 31 of the calendar year following the calendar year in which the Participant to whom such spouse was married died or December 31 of the calendar year in which such Participant would have attained age seventy and one-half (70½);
 - B. If made to a designated beneficiary (within the meaning of Code Section 401(a)(9)) who is not the Participant's spouse, or if the Participant's spouse is not the sole designated beneficiary, shall be made no later than December 31 of the calendar year in which falls the fifth anniversary of the Participant's death, or if paid for the life of, or for a period not exceeding the life expectancy of, the beneficiary, shall begin no later than December 31 of the calendar year following the calendar year in which the Participant died; and

- C. If there is no designated beneficiary (within the meaning of Code Section 401(a)(9) as of September 30 of the calendar year following the calendar year in which the Participant died), shall be made no later than December 31 of the calendar year in which falls the fifth anniversary of the Participant's death.
- (6) If the designated beneficiary is the Participant's surviving spouse and is the sole designated beneficiary, and if the spouse dies after the Participant but before payment to the Participant's spouse is required to begin under this Section 149.13(c), this Section shall apply to the spouse as if the spouse were a participant without a spouse.
- (7) If a Participant dies after payment has commenced to him/her under an annuity form of payment, any payments to be made thereafter shall continue in accordance with the requirements of Code Section 401(a)(9).
- (d) Direct Rollovers - Code Section 401(a)(31).
- (1) A Distributee who is eligible to receive a distribution from the Plan which is an Eligible Rollover Distribution may elect to transfer said distribution to an Eligible Rollover Plan specified by the Distributee in a Direct Rollover.
- (2) Notwithstanding any contrary provisions of this Section 149.13(d) (except as otherwise required by Code Section 401(a)(31)), (i) a Direct Rollover can be elected for part of an Eligible Rollover Distribution only if the amount so elected is at least five hundred dollars (\$500.00), (ii) only one Eligible Rollover Plan may be designated for a Direct Rollover, (iii) a Direct Rollover election made with respect to one payment in a series of payments shall apply to all subsequent payments until another election is made by the Distributee, and (iv) no Direct Rollover election is required to be provided for an Eligible Rollover Distribution of less than two hundred dollars (\$200.00) (when aggregated with all other Eligible Rollover Distributions for the taxable year).
- (3) For purposes of this Section 145.13(d), the following words and phrases shall have the meaning set forth below unless a different meaning is clearly required by the context:
- A. Direct Rollover means a payment by the Plan to the Eligible Rollover Plan specified by the Distributee.

- (4) Effective January 1, 2010, and in conformance with Code Section 402(c)(11), a beneficiary eligible to receive a distribution from the Plan on account of a Participant's death may elect to transfer said distribution in a direct rollover to an individual retirement plan (described in clause (i) or (ii) of Code Section 402(c)(8) and including a Roth IRA) established by the beneficiary for this purpose, provided that (i) the beneficiary is not otherwise a Distributee, (ii) the beneficiary is a designated beneficiary as defined in Code Section 401(a)(9)(E), and (iii) the distribution would otherwise be an Eligible Rollover Distribution but for the requirement that the distribution be made to a Distributee.

- (5) Said election and Direct Rollover shall be made in accordance with procedures established under the Plan in accordance with Code Section 401(a)(31).

(e) Rollovers from Other Plans. Effective January 1, 2007, the Plan will accept Participant rollover contributions and direct rollovers of eligible rollover distributions from the following types of plans, contracts and accounts for the purpose of purchasing service credit (including military service credit) under this Plan or repaying a cash-out of contributions refunded under this Plan, but only to the extent otherwise permitted under this Plan:

As and to the extent required by Code Section 401(a)(37), a Participant who dies on or after January 1, 2007 while performing qualified military service (within the meaning of Code Section 414(u)) and who would have been entitled to reemployment rights under the Plan under the Uniformed Services Employment and Reemployment Rights Act of 1994 at death shall be treated as follows:

- (1) Years of Service shall be credited for the period of the Participant's qualified military service to determine whether the Participant is vested in a benefit under the Plan for purposes of the death benefits payable under the Plan; and
- (2) The Participant shall be treated as if death had occurred while employed by the Employer for purposes of the death benefits payable under this Plan.

(g) Credit for Qualified Military Service - Code Section 414(u). Contributions, benefits and service credit with respect to qualified military service shall be provided under the Plan in accordance with Code Section 414(u) and the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"), 38 U.S.C. Section 4318.

(h) Domestic Relations Orders.

- (1) Notwithstanding any contrary provisions, to the extent permitted by law, all or a part of a Participant's benefits may be assigned and paid to an "alternate payee" to the extent required and in the manner determined by the Plan with respect to a "qualified domestic relations order." For this purpose, an "alternate payee" and "qualified domestic relations order" shall be determined by the Plan Administrator who may use as guidance Code Section 414(p).

- (2) The Plan may establish such procedures as it deems necessary or desirable to review domestic relations orders and to administer payments under domestic relations orders.

(i) Exclusive Benefit - Code Section 401(a)(2). All contributions made by the City to the Plan shall be used and applied for the exclusive benefit of Participants and their beneficiaries, and such contributions shall not be used for, nor diverted to, purposes other than for such exclusive benefit of the Participants and their beneficiaries; provided, that, for this purpose, payment of administrative expenses by the Plan to the extent not paid by the City, shall be considered paid for such exclusive benefit.

(j) Forfeitures - Code Section 401(a)(8). Forfeitures arising under the Plan because of a severance of Service before a Participant becomes eligible for a retirement allowance, or for any other reason, shall be applied to reduce the cost of the Plan, and not to increase the benefits otherwise payable to Participants.

(k) Vesting Upon Termination - Code Section 401(a)(7) (as in effect September 1, 1974). Upon a complete or partial termination of the Plan, or upon the complete discontinuance of contributions, as and to the extent required by the Code, each affected Participant shall be fully vested in his or her accrued benefit as of the date of such termination, partial termination or discontinuance to the extent then funded. In the event of a complete termination of the Plan, the Plan assets shall be allocated and paid in accordance with applicable law and regulations, and upon satisfaction of all liabilities of the Plan to Participants and their beneficiaries, any residual assets of the Plan shall be returned to the City.

- (l) Leased Employees - Code Section 414(n).

- (1) A person who is a leased employee shall be treated as in employment with the Employer, but shall not participate in the Plan or accrue any benefits under the Plan except as specifically provided for in the Plan. Written notice of the disposition of a claim shall be furnished to the claimant within sixty (60) days after the application is filed, or such other period as may be required by applicable law. In the event the claim is denied, the reasons for the denial shall be specifically set forth in the notice in language calculated to be understood by the claimant, pertinent provisions of the Plan shall be cited, and, where appropriate, an explanation as to how the claimant can perfect the claim will be provided. In addition, the claimant shall be furnished with an explanation of the Plan's claims review procedure.

(f) Claims Review Procedure: Any Participant, former Participant or Survivor of either, who has been denied a benefit by a decision of the Board pursuant to subsection (e) hereof shall be entitled to request the Board to give further consideration to a claim by filing with the Board a written request for a hearing. Such request, together with a written statement of the reasons why the Claimant believes the claim should be allowed, shall be filed with the Board no later than thirty (30) days after the receipt of the written notification provided for in subsection (e) hereof. The Board shall then conduct a hearing within the next thirty (30) days, at which Claimant may be represented by an attorney or any other representative of Claimant's choosing and expense. At the hearing (or prior thereto upon five (5) business days written notice to the Board) the Claimant or the Claimant's representative shall have an opportunity to review all documents in the possession of the Board which are pertinent to the claim at issue and its disallowance. Either the Claimant or the Board may cause a court reporter to attend the hearing and record the proceedings. In that event, a

complete written transcript of the proceedings shall be furnished to both parties by the court reporter. The full expense of any such court reporter and such transcripts shall be borne by the party causing the reporter to attend the hearing. A final written decision as to the allowance or denial of the claim shall be made by the Board and delivered to the Claimant or the Claimant's counsel personally or by deposit in first class mail within sixty (60) days of receipt of the appeal. Such decision shall be written in a manner calculated to be understood by the Claimant and shall include specific references to the Plan provisions on which the decision is based.

(c) Information to be Furnished by the Employer: The Employer shall furnish to the Board such information in the Employer's possession as the Board requires from time to time to perform its duties under the Plan.

(h) Ownership of Plan Assets: Nothing contained herein shall be deemed to give any Participant or his beneficiary any interest in any specific property of the Plan or any right except to receive such distributions as are expressly provided for in this Plan.

(i) Legal Action: In the event any claim, suit or proceeding is brought regarding the pension Fund and/or the Plan established hereunder to which the Employer or the Board or members of the Board may be a party, and such claim, suit or proceeding is resolved in favor of the Employer or the Board, they shall be entitled to be reimbursed from the Pension Fund for any and all costs, attorney's fees, and other expenses pertaining thereto incurred by them for which they shall have become liable.

Service does not include any period for which the Participant's contributions were refunded and not timely repaid to the Fund. Periods of layoff, suspension or leave of absence do not interrupt Service, but are not credited to the accrual of Retirement Benefits payable under the Plan except as provided in the case of purchase of Prior Military Service or Intervening Uniformed Service under Sections 147.03(c) or (d) below. No participant may purchase Service credit for any period of active duty Military or Uniformed Service under this Plan with respect to which s/he purchases or has purchased similar credit under any other pension plan of the Commonwealth of Pennsylvania or its subdivisions in which s/he is a Participant.

- (5) Termination of Contributions: Contributions shall terminate at Retirement, permanent disability, death or termination of employment.

- (c) Purchase of Prior Military Service.
- (1) Any Participant who is a contributor to the Plan and who has served in the Armed Forces of the United States subsequent to September 1, 1940, but who was not a Participant in the Plan prior to such Military Service, shall be entitled to purchase Military Service for credit toward the accrual of a full pension under the Plan in accordance with the definition of Normal Retirement Benefit and the provisions of this subparagraph for each year or fraction thereof, not to exceed five years of such Prior Military Service. Credit for Service under the Plan for Prior Military Service shall be given only upon payment to the Pension Fund by the Participant of an amount equal to (i) that which the Participant would have paid had s/he been a Participant in the Plan during the period of Prior Military Service for which the Participant desires credit for Service under the Plan, and (ii) the contributions which the City would have otherwise paid on account of such Prior Military Service. Participants electing to purchase Service credit for Military Service in the Armed Forces of the United States subsequent to September 1, 1940, shall make such election in writing within six (6) months of employment by the City, and shall pay the total sum to the Pension Fund within twenty-four (24) months of the date of their election.
 - (2) However, such purchased Prior Military Service shall not be credited towards the accrual of a Normal Retirement Benefit, a Vested Benefit, or a Vested Reduced Benefit until the Participant has accrued at least twelve (12) years of non-Military and non-Uniformed Service.
- (d) Credit for and Purchase of Intervening Uniformed Service.
- (1) A former Participant who serves more than five (5) years in Intervening Uniformed Service (not counting any related Report-Back Period and necessary Preparation Time included in such Uniformed Service) does not have any right to be re-employed by the Employer or to receive Service credit under the Plan for such Uniformed Service. However, the five (5) year service limit is extended under the Final Regulations issued by the Department of Labor under USERRA for additional periods of active duty in the Uniformed Services required by military necessity, national emergency or in support of a critical mission of the Uniformed Service, and not within the control of the former Participant.
 - (2) Upon re-employment by the Employer of a Participant after completing a period of Intervening Uniformed Service following application within the Report-Back Period the Participant has the option (i) to repay any amounts previously withdrawn by the Participant from the Plan in connection with such Uniformed Service, with interest at the annual rate of return on Plan assets which is calculated by the Plan Actuary, compounded annually from the date of withdrawal to the date of repayment, and (ii) to make-up any Employee Contributions that would have been due to the Plan after the first twelve (12) month of Intervening Uniformed Service and related Report Back Period, without interest. The City shall make all contributions to the Plan necessary for the Participant to receive credit for Service under the Plan with respect to the first twelve (12) months of such intervening Uniformed Service and related Report-Back Period.

- (3) The Employee's rate of pay and required contribution rate during said Intervening Uniformed Service and Report-Back Periods shall be calculated using the rate of pay that the Employee would have received and the contribution rate that the Employee would have been required to make had s/he not been absent during such intervening Uniformed Service and Report-Back periods, or if not reasonably certain, then it shall be the Employee's average level of Compensation and rate of contribution during the twelve (12)-month or shorter period of employment immediately preceding his/her Intervening Uniformed Service.
- (4) The Participant has the Repayment Period within which to repay to the Plan any such Employee withdrawals with interest and such Employee make-up Contributions without interest.
- (5) At the time of, and to the extent of, the Participant's repayment to the Plan of any such Employee withdrawals with interest and of such Employee make-up Contributions without interest, the Employer shall pay the Employer Contributions to the Plan that relate to and are contingent upon the Participant's restoration to the Plan of the Employee Contributions withdrawn in connection with or otherwise due during such Intervening Uniformed Service and Report-Back Periods.
- (6) However, any Intervening Uniformed Service for which the Participant makes up Employee Contributions within the Repayment Period shall not be credited towards the accrual of a Normal Retirement Benefit, a Vested Benefit, or a Vested Reduced Benefit until the Participant has accrued at least twelve (12) years of non-Military and non-Uniformed Service.
- (7) To the extent that the preceding conditions are met within the Repayment Period the effect of intervening Uniformed Service and related Report-Back Periods upon the Retirement Benefit of a Participant retiring from the Plan shall be the same as though the Participant had remained continuously employed by the Employer during such Periods.

(Ord. 4-2011. Passed 1-19-11.)

147.05 RETIREMENT BENEFITS.

(a) **Normal Retirement Benefit:** The amount of monthly retirement benefit to be provided for each Participant who retires on his Normal Retirement Date (which benefit is herein called his Normal Retirement Benefit) shall be equal to:

- (1) Fifty percent (50%) of 1/12 of the Participant's Final Pay, plus
- (2) 1/40th of the monthly retirement benefit determined by (1) above, multiplied by each full year of Service after twenty (20) years of Service but earned prior to age sixty-five (65), not to exceed five hundred dollars (\$500.00) ("Service Increment").

(b) **Normal Form of Benefit:** The Normal Retirement Benefit payable to a Retired Participant pursuant to Subsection 147.05(a) shall be a monthly pension commencing on his Retirement Date and continuing after his death to the Survivor as set forth in Section 147.06.

(c) **Late Retirement Benefit:** A Participant who remains in the employ of the Employer beyond his Normal Retirement Date shall be entitled to receive, commencing on his Late Retirement Date, his benefit calculated pursuant to Subsection 147.05(a) considering his Final Pay as of his Late Retirement Date.

(d) **Vested Benefit or Vested Reduced Benefit:** Where a Participant has completed twelve (12) years or more of Service, excluding Military or Uniformed Service purchased prior to the completion of twelve (12) years of non Uniformed Service, unless otherwise provided by applicable law, and his/her tenure of office or employment shall be terminated before the expiration of twenty (20) years of Service, or before his/her attainment of age fifty (50) s/he shall, in such event, after attaining the age of fifty (50) years, during the remainder of his/her life, be entitled to receive such portion of the full pension as the period of his/her Service (counting Prior Military Service and Intervening Uniformed Service purchased for credit as Service under Sections 147.03(c) and (d) after completion of twelve (12) years of non-Uniformed Service) to the date of its termination bears to the full twenty (20)-year period of Service for a Normal Retirement Benefit. The continuity of twelve (12) years of Service shall not be affected by interruptions of Service for suspension, leave of absence or layoff of less than thirty-one (31) days in the aggregate.

(e) **Disability Retirement Benefit for Disability Not in Line of Duty:** Any Participant who accrues less than ten (10) years of Service and who becomes Totally and Permanently Disabled due to injuries or mental incapacities incurred outside of the line of duty and who is unable to perform the duties of a police officer, shall be entitled to a Disability Retirement Benefit of twenty-five percent (25%), or if the Participant had completed ten (10) or more years of Service at the time of Total and Permanent Disability outside of the line of duty, then fifty percent (50%) of his/her Final Pay at the time such disability is finally determined, payable at the rate of 1/12 of such amount per month commencing immediately, and thereafter for so long as the Participant remains Totally and Permanently Disabled. If such disabled Participant shall die, the Disability Retirement Benefit that s/he was receiving shall be continued to be paid to his/her Survivor. Where a Participant who has received benefits under this Subsection dies and there is no Survivor eligible for benefits under this Subsection, no further benefits shall be payable from the Pension Fund, except as provided in Section 147.07(d) with respect to any Participant Contributions which remain undistributed.

(f) Disability Retirement Benefit for Disability in Line of Duty: Effective as of January 1, 2002, due to the unique perils of public safety work, a Disability Retirement Pension shall be provided for any Participant who incurs Total and Permanent Disability in the line of duty, which shall be equal to seventy-five percent (75%) of the Participant's Final Pay at the time such disability is finally determined, payable at the rate of 1/12 of such amount per month. Whether a disability is due to the unique perils of public safety work shall be determined according to the following criteria:

- (1) The occurrence of one or more traumatic events while in the line of duty;
- (2) Such traumatic events did not result from the performance of an illegal act or willful negligence by the disabled Participant;
- (3) Such traumatic events arose from the Participant's response to the actions or activities of another person or to circumstances which threatened or placed the Participant or any other person, or his/her or their property, in danger of, or which actually caused, bodily harm or injury, or damage which likely would have occurred in the absence of the Participant's response;
- (4) Such traumatic events substantially or significantly caused or contributed to the cause of the Participant's disability; and
- (5) The Participant's disability was not induced by the stress or strain of normal work effort.

Any determination of eligibility for an In Line of Duty Disability Retirement Benefit shall further focus on whether or not the Participant was involuntarily confronted with the object or matter that was the source of the harm; and the source of the injury itself was a great rush of external force or uncontrollable power, which originated from a source other than the injured Participant. It is the intention of this subsection to provide a greater benefit to a Participant who has established eligibility for an In Line of Duty Disability Retirement Benefit, based upon amply supported and substantial credible evidence.

Permanent and total disability resulting from a cardiovascular, pulmonary, neurological or musculo-skeletal condition which was not a direct result of a traumatic event, but otherwise occurring in the line of duty, shall be deemed a non-traumatic disability, entitling the Participant to a disability retirement benefit equal to fifty percent (50%) of his or her Final Pay at the time such disability is finally determined, payable at the rate of 1/12 of such amount per month.

The Disability Retirement Benefit payable under this Subsection shall be payable to the Participant during his/her lifetime and if s/he shall die, the Disability Retirement Benefit that s/he was receiving shall be continued to be paid to his/her Survivor. Where a Participant who has received benefits under this Subsection dies and there is no Survivor eligible for benefits under this Section, no further benefits shall be payable from the Pension Fund, except as provided in Section 147.07(d) with respect to any Participant Contributions which remain undistributed.

(g) Cost of Living Adjustments: Cost-of-living adjustments shall be provided under either (1) or (2) below, as applicable:

(1) Participants who were appointed police officers prior to January 1, 1981, or the individuals receiving survivor benefits under the Plan as the result of the death of an individual appointed as a police officer of the City prior to January 1, 1981, and who receive retirement benefits under the Plan by reason of and after the termination of the Service of any such Participant, shall have such retirement benefits increased by the percentage increase in the cost of living index for the month of October, 1970, and subsequent Octobers thereafter as compared with the cost of living index for the month of October, 1969. The increase shall become effective initially on the first day of the month after the passage of this section (September 1, 1971), and on the first day of January of each and every year thereafter, provided, however, that the total of any such allowance shall not at any time exceed one-half of the current monthly salary being paid a patrolman of the highest pay grade.

The cost of living index referred to above shall be that published by the United States Department of Labor, Bureau of Labor Statistics, which index shows the changing average cost of living based on the Consumer Price Index, U. S. City Average, all items, for the years 1957-1959 base.

(2) Participants who are appointed police officers of the City of Erie on or after January 1, 1981, or individuals receiving survivor benefits under the Plan as the result of the death of an individual appointed as a police officer of the City on or after January 1, 1981 and who retire on or after January 1, 2001, shall in future years receive such increases to their allowances under the Pension Plan so that their Retirement Benefits shall not fall below fifty percent (50%) of the basic monthly salary currently being paid to a Class A patrolman of the City, except that the monthly pension payable to Participants who qualify for a Disability Retirement Benefit for Disability Not in Line of Duty after less than ten (10) years of Service, and to their Survivors, shall be adjusted for the Cost of Living so that their pensions shall not fall below twenty-five percent (25%) of the basic monthly salary currently being paid to a Class A patrolman.

Participants receiving a Vested Reduced Benefit pursuant to Section 147.05(d) who are otherwise entitled to a cost of living increase under this Section 147.05(g)(2) shall be entitled to receive only such portion of fifty percent (50%) of the basic monthly salary of a Class A patrolman as his/her years of Service to the date of termination bears to the full twenty years of Service required for a Normal Retirement Benefit. (Ord. 4-2011. Passed 1-19-11.)

(a) Death Benefits: The surviving spouse of a Participant who has retired or is eligible to retire on pension on or after January 1, 1962, and who dies on or after August 1, 1963, shall, during his or her lifetime be entitled to receive the pension the Participant was receiving or would have been receiving had s/he been retired at the time of his/her death. For a Participant who dies while entitled to a Vested Reduced Benefit pursuant to Section 147.05(d), but before s/he has commenced the receipt of retirement benefits, the Survivor Benefit shall not be payable to the Participant's Survivor until the date that the Participant would have been eligible to commence to receive retirement benefits had s/he not died.

(b) Killed in Line of Duty Benefit: The surviving spouse of a Participant who is killed in the line of duty on or after February 25, 1970 shall receive during his or her lifetime a pension equal to fifty percent of the Compensation, but excluding overtime, shift differential, and clothing and cleaning allowance, the Participant was receiving at the time of his/her death, payable at the rate of 1/12 of such amount per month.

(c) Survivor Benefit: The survivor benefit paid pursuant to Sections 147.06(a) or (b) shall be paid to the surviving spouse until the date of death of the surviving spouse. Upon the death of the surviving spouse of a Participant, the survivor benefit shall be paid monthly in equal shares to the surviving children of the deceased Participant until the earliest of the death or attainment of age eighteen (18) of each child. The share payable to the surviving children shall be adjusted as each child ceases to be eligible to receive a share of the benefit hereunder due to death or attainment of age eighteen (18). The payee above, whether the spouse or the children, shall be defined herein as the Survivor.

(d) Distribution on Behalf of Minor Beneficiary: In the event a distribution is to be made to a minor, then the Board shall direct that such distribution be paid to the guardian of the estate of, or if none, to the trustee for, or if none, to a parent of, such minor, or if no parent survives, then to a responsible adult with whom such minor maintains his residence. Payment to such guardian, trustee or parent of a minor, or responsible adult with whom the minor resides, shall fully discharge the Board, Employer and Plan from liability on account thereof. (Ord. 4-2011. Passed 1-19-11.)

(c) No Right to Return Contributions Upon Re-employment of a Terminated Non-Vested Participant: A non-vested Participant who receives a refund of his/her contributions to the Pension Fund upon termination of employment shall have no right to return such refunded contributions to the Pension Fund in the event of re-employment by the City, and the years of Service which such non-vested Participant had accrued prior to termination of employment shall not receive any credit under the Plan under any circumstance.

(d) Refund of Participant's Undistributed Contributions Upon Death: In the event of the death of a Participant, and in the case of a married Participant, the death of his/her surviving spouse or the death of his/her/their surviving children prior to their attaining age eighteen (18), any excess of the total amount of the Participant's contributions to the Plan, including Pick-Up Contributions, without interest, over the total of all benefits distributed from the Plan to the Participant, to his/her surviving spouse and to his/her their surviving children

prior to the death of the last survivor, shall be paid to the Participant's designated beneficiary, and if no beneficiary has been designated, to his/her estate, provided, that in case payment of the deceased Participant's retirement benefits is subject to a domestic relations order in favor of a former spouse, no refund of the benefits undistributed from the Plan shall be made to the Participant's designated beneficiary or estate until all obligations of the Plan to the Participant's former spouse under the domestic relations order are satisfied, and the amount of refund owing from the Plan to the Participant's designated beneficiary or estate for undistributed benefits under this paragraph shall be calculated after deducting all payments made from the Plan to the Participant's former spouse under the domestic relations order, as well as the payments made from the Plan to the Participant, his/her surviving spouse and his/her/their surviving children prior to the death of the last survivor.
(Ord. 4-2011. Passed 1-19-11.)

- A. If the Plan has an immediate single life annuity payable both at age sixty-two (62) and the age at benefit commencement, the "age sixty-two (62) dollar limit" (if less than the foregoing age sixty-two (62) dollar limit) shall be equal to the general dollar limitation described in Section 147.08(b)(3) multiplied by the ratio of the amount of the immediate single life annuity payable under the Plan to the amount of single life annuity payable under the Plan at age sixty-two (62), with both said amounts determined without applying the limitations of Code § 415;
 - B. For purposes of determining the age sixty-two (62) dollar limit, no adjustment shall be made for the probability of the Participant's death after the benefit commencement date and before age sixty-two (62) to the extent a forfeiture does not occur upon the participant's death before the benefit commencement date;
 - C. The reduction for payment before age sixty-two (62) shall not apply to any benefit payable on account of the death of a Participant or on account of a Participant becoming disabled by reason of personal injuries or sickness;

 - E. The age sixty-two (62) dollar limit shall not decrease on account of an increase in age or the performance of additional service.
- (6) If a Participant's benefit commencement date is before attainment of age sixty-five (65), the general dollar limitation described in Section 147.08(b)(3) shall be adjusted to an "age sixty-five (65) dollar limit" equal to the amount of single life annuity payable as of the benefit commencement date that has the same actuarial equivalent present value of said dollar limitation payable as a single life annuity at age sixty-five (65), with the actuarial equivalent present value determined on the basis of the applicable mortality table prescribed by the Commissioner of Internal Revenue under Code Section 415(b)(2)(E)(v) for purposes of the adjustment of the Code Section 415 limitation for defined benefit plans and interest at the rate of five percent per annum; provided however,
- A. If the Plan has an immediate single life annuity payable both at the benefit commencement date and at age sixty-five (65), the "age sixty-five (65) dollar limit" (if less than the foregoing age 65 dollar limit) shall be equal to the general dollar limitation described in Section 147.08(b)(3) multiplied by the ratio of (1) the amount of the immediate single life annuity payable to the Participant, computed disregarding the accruals after age sixty-five (65), but including any actuarial adjustments, and without

- applying the limitations of Code Section 415 to (2) the amount of single life annuity that would be payable to an age sixty-five (65) hypothetical participant with the same accrued benefit (with no increases for commencement after age sixty-five (65)) as the Participant, determined disregarding the accruals after age sixty-five (65) and without applying the limitations of Code Section 415; and
- B. For purposes of determining the age sixty-five (65) dollar limit, no adjustment shall be made for the probability of the Participant's death after age sixty-five (65) and before the benefit commencement date to the extent a forfeiture does not occur upon the participant's death before the benefit commencement date.
- (7) If a Participant's Accrued Retirement Benefit is paid in a form other than a single life annuity (as otherwise may be provided for in the Plan), it shall be adjusted as follows to its actuarial equivalent on a single life annuity basis for the purpose of applying the general dollar limitation described in Section 147.08(b)(3), except that no adjustment shall be made for any joint and survivor annuity form of payment (where the spouse is the survivor annuitant) and for the value of any ancillary benefits:
- A. For payment of Accrued Retirement Benefit in a form not subject to Code Section 417(e)(3) (assuming Code Section 417(e)(3) applies to the Plan to the extent and in the manner required by Code Section 415), the actuarial equivalent single life annuity for this purpose shall be the greater of:
1. The amount that would be payable to the Participant as of the same benefit commencement date under the single life annuity form of payment of the Plan; and
 2. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity if determined on the basis of the applicable mortality table prescribed by the Commissioner of Internal Revenue under Code Section 415(b)(2)(E)(v) for purposes of the adjustment of the Code Section 415 limitation for defined benefit plans and interest at the rate of five percent per annum.
- B. For payment of Accrued Retirement Benefit in a form subject to Code Section 417(e)(3) (assuming Code Section 417(e)(3) applies to the Plan to the extent and in the manner required by Code Section 415), the actuarial equivalent single life annuity for this purpose shall be the greatest of:
1. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity that has the same present value as the actual form of payment when determined on the basis of the Plan's Actuarial Equivalent factors;

2. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity that has the same present value as the actual form of payment when determined on the basis of the applicable mortality table prescribed by the Commissioner of Internal Revenue under Code Section 415(b)(2)(E)(v) for purposes of the adjustment of the Code Section 415 limitation for defined benefit plans and interest at the rate of five and one half percent (5½%) per annum; and
 3. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity that has the same present value as the actual form of payment (computed by using the applicable mortality table and applicable interest rate), divided by 1.05.
- C. Notwithstanding any contrary provisions, for payment of Accrued Retirement Benefit in a form subject to Code Section 417(e)(3) (assuming Code Section 417(e)(3) applies to the Plan to the extent and in the manner required by Code Section 415) with a benefit commencement date falling in the Plan Years beginning in 2004 and 2005 (except as provided in section 101(d)(3) of the Pension Funding Equity Act of 2004), the actuarial equivalent single life annuity for this purpose shall be the greater of:
1. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity that has the same present value as the actual form of payment when determined on the basis of the Plan's Actuarial Equivalent factors; and
 2. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity that has the same present value as the actual form of payment when determined on the basis of the applicable mortality table prescribed by the Commissioner of Internal Revenue under Code Section 415(b)(2)(E)(v) for purposes of the adjustment of the Code Section 415 limitation for defined benefit plans and interest at the rate of five and one half percent (5½%) per annum.
- (8) If a Participant has less than 10 years of service, the general dollar limitation described in Section 147.08(b)(3) and the special dollar limitation described in Section 147.08(b)(4) shall each be multiplied by the ratio of the Participant's years of service to ten (10) but not by less than one tenth; provided, however, this adjustment shall not apply to any benefit payable on account of the death of a Participant or on account of a Participant becoming disabled by reason of personal injuries or sickness. For this purpose, a year of service shall be credited for each annual computation period in which the Participant is credited with the service required to accrue a benefit for the period taking into account service with the Employer (or a predecessor employer) and a Code Section 415 Affiliated Company.

- (9) The general dollar limitation described in Section 147.08(b)(3) shall be adjusted by substituting as of January 1 of each calendar year and effective for the Limitation Year that ends in or with said calendar year, the limitation determined by the Commissioner of Internal Revenue pursuant to Code Section 415(d)(1). Such adjusted limitation shall apply to all Participants. Said adjustment shall be made for purposes of applying the limitations of this Section, regardless of whether the Plan actually provides for any cost-of-living adjustments for retirement benefits.
- (10) If a Participant has multiple "annuity starting dates" within the meaning of Code Section 415, the limitations of this Section shall be applied as of each of the annuity starting dates taking into account the benefits that have been or will be provided at all of the annuity starting dates to the extent and in the manner required by Code Section 415.
- (11) Notwithstanding any contrary provisions, the Annual Additions allocated to a Participant for any Limitation Year shall not exceed the lesser of:
 - A. \$40,000, provided that as of January 1 of each calendar year and effective for the Limitation Year ending in or with said calendar year, the dollar amount as adjusted for cost of living increases by the Commissioner of Internal Revenue pursuant to Code Section 415(d)(1) shall be substituted for this specified dollar amount, and provided further, that said dollar amount for any Limitation Year shorter than twelve (12) months shall be proportionately reduced; and
 - B. 100 percent of the Participant's Section 415 Compensation for the Limitation Year, (whether or not he is a Participant during the entire Limitation Year).
- (12) For the purpose of applying the limitations of this Section 147.08(b), all Defined Benefit Plans, whether or not terminated, of the Employer and any Code Section 415 Affiliated Employer shall be treated as one Defined Benefit Plan, and all Defined Contribution Plans, whether or not terminated, of the Employer and any Code Section 415 Affiliated Employer shall be treated as one Defined Contribution Plan.
- (13) If the Employer or any Code Section 415 Affiliated Employer maintains a multiemployer plan as defined in Code Section 414(f) (and qualified under Code § 401(a)), benefits under said multiemployer plan shall be taken into account only to the extent provided by contributions of the Employer or Code Section 415 Affiliated Employer.
- (14) If this Plan is aggregated with a plan that is subject to the special limitation and/or transitional rules with respect to Code Section 415, satisfaction of the requirements of Code Section 415 shall be determined by reference to the larger of the limitations set forth in this Section 147.08(b) or the limitations applicable to said other plan in the manner provided for in Code Section 415.
- (15) If the limitations imposed by this Section 147.08(b) and Code Section 415 are exceeded by reason of the aggregation of this Plan with a plan not previously required to be aggregated, said limitations may be exceeded, provided that the requirements of Code Section 415 for doing so are satisfied.

- (16) If a Participant's Accrued Retirement Benefit must be reduced to satisfy the requirements set forth in this Section 147.08(b) and in Code Section 415, such reduction shall be accomplished first by reducing the Participant's Accrued Retirement Benefit under the Defined Benefit Plan in which the Participant is an active participant and then by reducing the Participant's retirement benefit under the other Defined Benefit Plans in which the Participant was an active participant, starting with the Defined Benefit Plan in which the Participant was last an active participant and moving, successively, and to the extent necessary, to the next preceding Defined Benefit Plan and so forth.
 - (17) If a Participant's Annual Additions must be reduced to satisfy the requirements set forth in this Section 147.08(b) and in Code Section 415, the Annual Addition last allocated shall be reduced.
 - (18) Notwithstanding any contrary provisions, a repayment of a distribution (including interest thereon) shall not be taken into account for purposes of this Section 147.08(b) and the limitations imposed by Code § 415.
- (c) Required Payment Provisions - Code Section 401(a)(9).
- (1) Notwithstanding any contrary provisions, the payment of benefits under the Plan shall be made in accordance with a reasonable good faith interpretation of Code § 401(a)(9). The provisions in this Section 147.08(c) shall be applicable to the extent a benefit is otherwise payable under the applicable substantive provisions of the Plan, and to the extent applicable, the provisions in this Section 147.08(c) shall supersede any inconsistent benefit payment provisions in the Plan.
 - (2) Payment of benefits to a Participant shall begin no later than the required beginning date of April 1 of the calendar year following the later of (i) the calendar year in which the Participant attains age seventy and one-half (70½) or (ii) the calendar year in which the Participant retires from employment by the Employer.
 - (3) A joint and survivor annuity form of payment with a survivor annuitant not the Participant's spouse shall be available to a Participant only if the percentage of the pension payable to the survivor annuitant on or after the Participant's required beginning date and following the Participant's death does not exceed the applicable percentage determined under Treas. Reg. § 1.401(a)(9)-6 in the manner specified thereunder.
 - (4) A certain and life annuity form of payment shall be available to a Participant only if the certain period does not exceed the applicable distribution period under the Uniform Lifetime Table Treas. Reg. § 1.72-9 determined under Treas. Reg. § 1.401(a)(9)-6 in the manner specified thereunder.
 - (5) If a Participant dies before the required beginning date, payment of benefits to a beneficiary:

- A. If made to a designated beneficiary (within the meaning of Code Section 401(a)(9)) who is the Participant's spouse and the sole designated beneficiary, shall be made or begin no later than the later of December 31 of the calendar year following the calendar year in which the Participant to whom such spouse was married died or December 31 of the calendar year in which such Participant would have attained age seventy and one-half (70½);
 - B. If made to a designated beneficiary (within the meaning of Code Section 401(a)(9)) who is not the Participant's spouse, or if the Participant's spouse is not the sole designated beneficiary, shall be made no later than December 31 of the calendar year in which falls the fifth anniversary of the Participant's death, or if paid for the life of, or for a period not exceeding the life expectancy of, the beneficiary, shall begin no later than December 31 of the calendar year following the calendar year in which the Participant died; and
 - C. If there is no designated beneficiary (within the meaning of Code Section 401(a)(9)) as of September 30 of the calendar year following the calendar year in which the Participant died, shall be made no later than December 31 of the calendar year in which falls the fifth anniversary of the Participant's death.
- (6) If the designated beneficiary is the Participant's surviving spouse and is the sole designated beneficiary, and if the spouse dies after the Participant but before payment to the Participant's spouse is required to begin under this Section 147.08(c), this Section shall apply to the spouse as if the spouse were a participant without a spouse.
 - (7) If a Participant dies after payment has commenced to him/her under an annuity form of payment, any payments to be made thereafter shall continue in accordance with the requirements of Code Section 401(a)(9).
- (d) Direct Rollovers - Code Section 401(a)(31).
- (1) A Distributee who is eligible to receive a distribution from the Plan which is an Eligible Rollover Distribution may elect to transfer said distribution to an Eligible Rollover Plan specified by the Distributee in a Direct Rollover.
 - (2) Notwithstanding any contrary provisions of this Section 147.08(d) (except as otherwise required by Code Section 401(a)(31)), (i) a Direct Rollover can be elected for part of an Eligible Rollover Distribution only if the amount so elected is at least five hundred dollars (\$500.00), (ii) only one Eligible Rollover Plan may be designated for a Direct Rollover, (iii) a Direct Rollover election made with respect to one payment in a series of payments shall apply to all subsequent payments until another election is made by the Distributee, and (iv) no Direct Rollover election is required to be provided for an Eligible Rollover Distribution of less than two hundred dollars (\$200.00) (when aggregated with all other Eligible Rollover Distributions for the taxable year).

- (3) For purposes of this Section 147.08(d), the following words and phrases shall have the meaning set forth below unless a different meaning is clearly required by the context:
- A. Direct Rollover means a payment by the Plan to the Eligible Rollover Plan specified by the Distributee.
 - B. Distributee means (i) an employee or former employee and (ii) the employee's or former employee's surviving spouse and the employee's or former employee's spouse or former spouse who is an alternative payee under a qualified domestic relations order, as defined in Code § 414(p), with respect to the interest of the spouse or former spouse.

 - D. Eligible Rollover Distribution means any distribution of all or any portion of the balance to the credit of the Distributee under the Plan, but excluding (as applicable) (i) any distribution which is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life or life expectancy of the Distributee and the Distributee's designated beneficiary or for a specified period of ten (10) years or more, (ii) any distribution to the extent such distribution is required under Code Section 401(a)(9), (iii) the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net unrealized appreciation with respect to employer securities), and (iv) any hardship distribution; provided, however, the portion of a distribution that is not includible in gross income shall not fail to be treated as an Eligible Rollover Distribution merely because that portion is not includible in gross income, but only with respect to (i) prior to January 1, 2007, an Eligible Retirement Plan that is an individual retirement account described in Code Section 408(a), an individual retirement annuity described in Code Section 408(b), or a qualified defined contribution plan described in Code Section 401(a) or Code Section 403(a) that will separately account for such a Direct Rollover and (ii) from and after January 1, 2007, an Eligible Retirement Plan that is an individual retirement account described in Code Section 408(a), an individual retirement annuity described in Code Section 408(b), or a qualified trust, annuity plan or annuity contract described in Code Section 401(a), 403(a) or 403(b) respectively that will separately account for such a Direct Rollover.

- (4) Effective January 1, 2010, and in conformance with Code Section 402(c)(11), a beneficiary eligible to receive a distribution from the Plan on account of a Participant's death may elect to transfer said distribution in a direct rollover to an individual retirement plan (described in clause (i) or (ii) of Code Section 402(c)(8) and including a Roth IRA) established by the beneficiary for this purpose, provided that (i) the beneficiary is not otherwise a Distributee, (ii) the beneficiary is a designated beneficiary as defined in Code Section 401(a)(9)(E), and (iii) the distribution would otherwise be an Eligible Rollover Distribution but for the requirement that the distribution be made to a Distributee.
- (5) Said election and Direct Rollover shall be made in accordance with procedures established under the Plan in accordance with Code Section 401(a)(31).

(e) Rollovers from Other Plans. Effective January 1, 2007, the Plan will accept Participant rollover contributions and direct rollovers of eligible rollover distributions from the following types of plans, contracts and accounts for the purpose of purchasing service credit (including military service credit) under this Plan or repaying a cash-out of contributions refunded under this Plan, but only to the extent otherwise permitted under this Plan:

(f) Death in Qualified Military Service - Code Section 401(a)(37). As and to the extent required by Code Section 401(a)(37), a Participant who dies on or after January 1, 2007 while performing qualified military service (within the meaning of Code Section 414(u)) and who would have been entitled to reemployment rights under the Plan under the Uniformed Services Employment and Reemployment Rights Act of 1994 at death shall be treated as follows:

- (1) Years of Service shall be credited for the period of the Participant's qualified military service to determine whether the Participant is vested in a benefit under the Plan for purposes of the death benefits payable under the Plan; and
- (2) The Participant shall be treated as if death had occurred while employed by the Employer for purposes of the death benefits payable under this Plan.

(g) Credit for Qualified Military Service - Code Section 414(u). Contributions, benefits and service credit with respect to qualified military service shall be provided under the Plan in accordance with Code Section 414(u) and the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"), 38 U.S.C. Section 4318. Upon a Participant's return to employment by the City following a period of qualified military service, the City shall make the contributions to this Plan with respect to the first twelve (12) months of such qualified service that the Participant would otherwise be required to make pursuant to this Plan, Code Section 414(u) and USERRA in order to be entitled to service credit under this Plan for the first twelve (12) months of such qualified military service. Such Participant shall be required to make contributions to this Plan pursuant to Code Section 414(u), USERRA and 51 Pa.C.S. Section 7306 in order to be entitled to service credits under this Plan for qualified military service in excess of twelve (12) months.

(h) Domestic Relations Orders.

- (1) Notwithstanding any contrary provisions, to the extent permitted by law, all or a part of a Participant's benefits may be assigned and paid to an "alternate payee" to the extent required and in the manner determined by the Plan with respect to a "qualified domestic relations order." For this purpose, an "alternate payee" and "qualified domestic relations order" shall be determined by the Plan Administrator who may use as guidance Code Section 414(p).
- (2) The Plan may establish such procedures as it deems necessary or desirable to review domestic relations orders and to administer payments under domestic relations orders.

(i) Exclusive Benefit - Code Section 401(a)(2). All contributions made by the City to the Plan shall be used and applied for the exclusive benefit of Participants and their beneficiaries, and such contributions shall not be used for, nor diverted to, purposes other than for such exclusive benefit of the Participants and their beneficiaries; provided, that, for this purpose, payment of administrative expenses by the Plan to the extent not paid by the City, shall be considered paid for such exclusive benefit.

(j) Forfeitures - Code Section 401(a)(8). Forfeitures arising under the Plan because of a severance of Service before a Participant becomes eligible for a retirement allowance, or for any other reason, shall be applied to reduce the cost of the Plan, and not to increase the benefits otherwise payable to Participants.

(k) Vesting Upon Termination - Code Section 401(a)(7) (as in effect September 1, 1974). Upon a complete or partial termination of the Plan, or upon the complete discontinuance of contributions, as and to the extent required by the Code, each affected Participant shall be fully vested in his or her accrued benefit as of the date of such termination, partial termination or discontinuance to the extent then funded. In the event of a complete termination of the Plan, the Plan assets shall be allocated and paid in accordance with applicable law and regulations, and upon satisfaction of all liabilities of the Plan to Participants and their beneficiaries, any residual assets of the Plan shall be returned to the City.

- (1) Leased Employees - Code Section 414(n).
 - (1) A person who is a leased employee shall be treated as in employment with the Employer, but shall not participate in the Plan or accrue any benefits under the Plan except as specifically provided for in the Plan. If a person is eligible for benefits under the Plan as a leased employee, to the extent and in the manner prescribed by Code § 414(n), the benefits provided by the leasing organization to said person shall be taken into account in determining benefits under the Plan.
 - (2) For this purpose a Leased Employee means, for Plan Years beginning on and after January 1, 1997, as determined in accordance with Code Section 414(n), any person who is not an employee of the Employer and who, pursuant to an agreement between a leasing organization and the Employer, performs services for the Employer on a substantially full-time basis for a period of at least one year under the primary control and direction of the Employer, but excluding any such person if (i) such person is covered under a money purchase pension plan maintained by the leasing organization that provides for a ten percent (10%) nonintegrated employer contribution for each of its participants, full and immediate vesting, and immediate participation for each non excluded employee of the leasing organization, and (ii) leased employees (determined without regard to this exclusion) do not constitute more than twenty percent (20%) of the Employer's nonhighly compensated employee workforce.

(c) Appointment of Advisors: The Board may appoint counsel, actuaries, accountants, physicians, specialists, advisors, agents (including nonfiduciary agents) and other persons as the Board deems necessary or desirable in connection with the administration of this Plan, including but not limited to agents and advisors to assist with the administration and management of the Plan, and thereby to provide, among such other duties as the Board may appoint, assistance with maintaining Plan records and the providing of investment information to the Investment Managers (defined in subparagraph (h)(12) below) of the Pension Fund.

(d) Payment of Expenses: All expenses of administration that are approved by the Board may be paid out of the Pension Fund unless paid by the Employer. In such event, a complete written transcript of the proceedings shall be furnished to both parties by the court reporter. The full expense of any such court reporter and such transcripts shall be borne by the party causing the court reporter to attend the hearing. A final decision as to the allowance of the claim shall be made by the Board within sixty (60) days of receipt of the appeal (unless there has been an extension of sixty (60) days due to special circumstances, provided the delay and the special circumstances occasioning it are communicated to the claimant within the sixty (60) day period). Such communication shall be written in a manner calculated to be understood by the claimant and shall include specific reasons for the decision and specific references to the pertinent Plan provisions on which the decision is based.

(g) Claims Appeal Procedure: Any Participant, former Participant or Survivor of either, who is aggrieved by a decision of the Board affecting his or her benefit under the Plan may appeal such decision to the Court of Common Pleas of Erie County in accordance with the provisions of the Local Agency Law, 2 Pa. (b) A Participant may elect the PLSDO at any time after six (6) months following attainment of his/her Normal Retirement Date by delivering to the Association and the Employer a written notice stating his/her intention to terminate his/her employment with the City on an Employment Termination Date which follows by at least six (6) months the date of delivery of such notice to the Association and the Employer, and his/her intention to retire under the Plan as of a Pension Lookback Date which precedes his/her selected Employment Termination Date by either twelve (12), twenty-four (24) or thirty-six (36) months, as selected by the Participant in such Notice, which is hereinafter referred to as the "PLSDO Notice." (This six (6) months advance notice period for selecting an Employment Termination Date shall be waived for those Participants who submit their PLSDO Notice to the Association and the Employer during the first full calendar month following the adoption of the Ordinance containing this PLSDO.) A Participant may not select a Pension Lookback Date in his/her PLSDO Notice which precedes his/her selected Employment Termination Date by twelve (12) months unless he/she shall have accrued at least twenty-one (21) years of Service under the Plan and shall have attained at least age fifty-one (51) at his/her selected Employment Termination Date. A Participant may not select a Pension Lookback Date in his/her PLSDO Notice which precedes his/her selected Employment Termination Date by twenty-four (24) months unless he/she shall have accrued at least twenty-two (22) years of Service under the Plan and shall have attained at least age fifty-two (52) at his/her selected Employment Termination Date. A Participant may not select a Pension Lookback Date in his/her PLSDO Notice which precedes his/her selected Employment Termination Date by thirty-six (36) months unless he/she shall have accrued at least twenty-three (23) years of Service and shall have attained at least age fifty-three (53) at his/her selected Employment Termination Date. A Participant may revoke his/her notice of intention to terminate employment with the City and to retire under the Plan by delivery of another written notice to the Association and the Employer to that effect at any time prior to the Employment Termination Date stated in his/her previous PLSDO Notice.

(c) A Participant who elects the PLSDO pursuant to paragraph (b) above shall receive, commencing with or within thirty (30) days following the Employment Termination Date selected in his/her PLSDO Notice:

- (1) His/her Normal Retirement Benefit determined as of the Pension Lookback Date specified in his/her PLSDO Notice; and
- (2) A lump sum cash distribution equal to the monthly retirement benefit provided in (1) above, multiplied by the number of months, twelve (12), twenty-four (24) or thirty-six (36), specified in the Participant's PLSDO Notice, or the number of months which elapsed from the Pension Lookback Date which the Participant selected in his/her PLSDO Notice to the last day of the month in which occurs his/her death or actual termination of employment, if earlier. This lump sum cash distribution shall be eligible for rollover to the Participant's Individual Retirement Account or to another qualified plan pursuant to Subsection 147.08(d) hereof, subject to the limitations and requirements of the Internal Revenue Code.

After commencement of payment to a Participant pursuant to his/her PLSDO election, such Participant shall not be eligible for any other benefit under the Plan.

(d) The Cost of Living Adjustment provided by Subsection 147.05(g)(1) hereof (applicable to Participants hired prior to January 1, 1981) to the Normal Retirement Benefit provided under (c)(1) above shall be calculated as of the prior month, which is determined from time to time by the number of months, twelve (12), twenty-four (24) or thirty-six (36) by which the Pension Lookback Date specified in the Participant's PLSDO Notice precedes the Employment Termination Date specified in such Notice, or the number of months which elapsed from the Pension Lookback Date specified in such Notice to the last day of the month in which occurs his/her death or actual termination of employment, if earlier. The Cost of Living Adjustment provided by Subsection 147.05(g)(2) hereof (applicable to Participants hired on or after January 1, 1981) to the Normal Retirement Benefit provided under (c)(2) above shall be based upon the basic monthly salary paid to a Class A patrolman of the City at a prior month, which is determined from time to time by the number of months, twelve (12), twenty-four (24) or thirty-six (36), by which the Pension Lookback Date specified in the Participant's PLSDO Notice precedes the Employment Termination Date specified in such Notice, or the number of months which elapsed from the Pension Lookback Date specified in such Notice to the last day of the month in which occurs his/her death or actual termination of employment, if earlier. No Cost of Living Adjustment shall be calculated or credited under Subsection 147.05(g)(1) or (2) hereof with respect to any period prior to a Participant's Employment Termination Date.

(e) A Participant who delivers a PLSDO Notice to the City and who subsequently becomes permanently and totally disabled and eligible for a Disability Retirement Benefit under Subsections 147.05(e) or (f) hereof prior to the Employment Termination Date specified in such PLSDO Notice may revoke such Notice prior to the Employment Termination Date, in which case it shall be deemed of no effect, and the Participant shall retire with the Disability Retirement Benefit for which s/he is eligible under the Plan.

(f) In the event that a Participant who delivers a PLSDO Notice to the City dies prior to the actual payment of the lump sum cash distribution required by his/her election of a PLSDO and subparagraph (c)(2) above, then it shall be paid to his/her surviving spouse, or if none, to his/her surviving children per stirpes or if none, to his/her estate, but the amount of such lump sum cash distribution shall be calculated by multiplying the monthly retirement benefit provided in subparagraph (c)(1) above by the number of whole months which elapsed from the Pension Lookback Date which the Participant selected in his/her PLSDO Notice to the last day of the month in which his/her death occurs. In the event that a Participant who delivers a PLSDO Notice to the City suffers a total and permanent disability which results in the termination of his/her employment prior to the Employment Termination Date selected in such Notice and does not revoke his/her PLSDO Election, then the amount of such lump sum cash distribution shall be calculated by multiplying the monthly retirement benefit provided in subparagraph (c)(1) above by the number of whole months which elapsed from the Pension Lookback Date which the Participant selected in his/her PLSDO Notice to the last day of the month in which his/her termination of employment occurs. Further, in the event of the death of a Participant prior to his/her receipt of a lump sum cash distribution required by his/her election of the PLSDO, such Participant's surviving spouse shall have the option of voiding the Participant's election of the PLSDO, forfeiting the lump sum cash distribution and receiving the retirement benefits provided by the Plan to the surviving spouse as though the Participant had never elected the PLSDO. In the event such Participant's surviving spouse elects to receive the lump sum cash distribution elected by the Participant prior to his/her death and in accordance with subparagraph (c)(2) above, then the monthly retirement benefit payable to such surviving spouse shall be reduced in accordance with the deceased Participant's election of a PLSDO and subparagraph (c)(1) above.

(g) Any lump sum cash distribution payable in accordance with this Section 147.10 shall be subject to applicable Federal and State Income tax Regulations and withholding and excise taxes.

Periods of layoff, suspension or leave of absence do not interrupt Service, but are not credited to the accrual of Retirement Benefits payable under the Plan except as provided in the case of purchase of Prior Military Service or Intervening Uniformed Service under Sections 149.02(c) or (d) below. No Participant may purchase Service credit for any period of active Military or Uniformed Service under this Plan with respect to which s/he purchases or has purchased similar credit under any other pension plan of the Commonwealth of Pennsylvania or its subdivision in which s/he is a Participant.
- (gg) **“Service Increment”** means the component of monthly Retirement Benefit attributable to full years of Service above twenty (20), pursuant to Section 149.04(a)(2) below, not to exceed five hundred dollars (\$500.00) per month.
- (hh) **“Survivor”** means the Participant's surviving spouse. Following the death of both the Participant and his/her spouse "Survivor" shall mean the surviving children of the deceased Participant in equal shares for so long as they are under age 18.
- (ii) **“Total and Permanent Disability”, “Totally and Permanently Disabled”** means a condition as determined by sworn statements of three practicing physicians designated by the Board of Managers that, in their opinion, to a reasonable degree of medical certainty, a Participant is totally and permanently disabled from performing the duties of a firefighter. Any Participant found to have such condition shall be subject to periodic physical examination and review by three practicing physicians at any reasonable time designated by the Board for determination whether his/her total and permanent disability continues. If the three practicing physicians do not confirm by their sworn statements that the Participant continues to be totally and permanently disabled from performing the duties of a firefighter, or if the Participant refuses to submit to such examination, he/she shall cease to be Totally and Permanently Disabled or to have the condition of Total and Permanent Disability.

- (jj) **“Uniformed Service”** and **“Uniformed Services”** means active duty in the Armed Forces of the United States (which include the Army, Navy, Marine Corps, Air Force, Coast Guard, and National Guard and their Reserve components), the Army National Guard and the Air National Guard when engaged in active duty training or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency, or specified in regulations promulgated under USERRA, together with any period for which an Employee is absent from the employ of the Employer for a determination of the Employee's fitness to perform any such duty or for the purpose of performing funeral honors duty as authorized by 10 USCS §12503 or 32 USCS §115. Uniformed Service shall also include any related Preparation Time. If an Employee is dismissed or separated from Uniformed Service under other than honorable conditions that related period of Uniformed Service shall not be credited as Service under the Plan.
- (kk) **“USERRA”** means the Uniformed Services and Reemployment Rights Act of 1994, 38 USC §§4301 et seq., as amended from time to time.
- (ll) **“Vested Benefit”** and **“Vested Reduced Benefit”** means Participants shall be vested in the Retirement Benefit that they have accrued in the Plan after at least twelve (12) years of Service. Being "vested" means that the Accrued Retirement Benefit to which the Participant is credited as of any date cannot be forfeited unless the Participant dies without a Survivor. In that event any undistributed Employee Contributions shall be refunded to the Participant's Estate, without interest. Periods of layoff, suspension or leave of absence do not interrupt Service, but are not credited to the accrual of Retirement Benefits payable under the Plan, except as required by USERRA.

The Vested Reduced Benefit to which a Participant who has completed the minimum number of years of Service required for vesting is calculated by multiplying the Normal Retirement Benefit to which the Participant would be entitled at age fifty (50) if s/he had completed twenty (20) years of Service (but using the actual Final Pay which the Participant had received to the date his/her employment by the City was terminated) by the fraction determined by dividing the Participant's actual full years of Service by twenty (20). In the event that the City terminates the Plan or discontinues making contributions to it, the Accrued Retirement Benefit of all Participants shall become fully vested, to the extent funded, regardless of the Participant's years of Service.
(Ord. 5-2011. Passed 1-19-11.)

149.02 CONTRIBUTIONS.

(a) Contributions by Employer: The Employer shall contribute to the Pension Fund for investment at least such amounts each year as are necessary to satisfy the minimum funding standards of Act 205.

(b) Participant Contributions: Participant contributions to the Pension Fund shall be made as follows:

- (1) Participants shall contribute monthly an amount equal to: six percent (6%) of monthly Compensation, but excluding overtime pay, out of rank pay, sell back of unused vacation time, sell back of unused sick leave pay, plus one dollar (\$1.00) per month for the Service Increment. The amount required to be contributed for the Service Increment shall be contributed until a Participant terminates employment.
 - (2) No Participant shall have the option of choosing to receive these contributions in cash instead of having them paid by the Employer to the Plan.
 - (3) Commencement of Contributions: Contributions shall commence by payroll deductions upon commencement of employment.
 - (4) Termination of Contributions: Contributions shall terminate at Retirement, disability, death or termination of employment.
 - (5) Return of Contributions: If a Participant terminates Service prior to accruing a Vested Benefit in the Plan, s/he shall be entitled to the return of his/her Contributions, without interest, in accordance with the provisions of Section 149.06(b).
 - (6) Pick-Up Contributions: Effective January 1, 1994, contributions to the Pension Fund by Participants shall be picked-up by the City under Section 414(h)(2) of the Internal Revenue Code. Contributions picked-up under this Code Section shall be considered Employee contributions for all other purposes.
 - (7) All Contributions made to the Pension Fund by Participants pursuant to this subsection shall be separately accounted for each Participant.
 - (8) Buyback Contributions for Certain Service Prior to January 1, 1985: Consistent with past practice Participants may purchase their Service for periods of employment as an Employee prior to January 1, 1985 during which they were not permitted to make contributions to the Pension Fund because they were on probation or due to administrative error following completion of probation by making a lump sum payment to the Pension Fund of five percent (5%) of the pay which a Class A Firefighter received during such prior period of Service. All Participants having such Service prior to January 1, 1985 must make the required lump sum contribution to the Pension Fund on or before December 31, 2006 to have such prior Service credited under the Plan.
- (c) Purchase of Prior Military Service.
- (1) Any Participant who is a contributor to the Plan and who has served in the Armed Forces of the United States subsequent to September 1, 1940, but who was not a Participant in the Plan prior to such Military Service, shall be entitled to purchase Military Service for credit toward the accrual of a full pension under the Plan in accordance with the definition of Normal Retirement Date and the provisions of this subparagraph for each year or fraction thereof, not to exceed five years of such Prior Military Service. Credit for Service under the Plan for Prior Military Service shall be given only upon payment to the Pension Fund by the Participant of an amount equal to (i) that which the Participant would

- have paid had s/he been a Participant in the Plan during the period of Prior Military Service for which the Participant desires credit for Service under the Plan, and (ii) the contributions which the City would have otherwise paid on account of such Prior Military Service. Participants electing to purchase Service credit for Military Service in the Armed Forces of the United States subsequent to September 1, 1940, shall make such election in writing within six (6) months of employment by the City, and shall pay the total sum to the Pension Fund within twenty-four (24) months of the date of their election.
- (2) Effective January 1, 2008, Participants who did not previously purchase their Prior Military Service may at any time prior to their Retirement Date purchase such Prior Military Service for credit as Service under the Plan by payment to the Pension Fund of an amount equal to (i) the amount which the Participant would have paid had s/he been a Participant in the Plan during the period of Prior Military Service for which the Participant desires credit for Service under the Plan, but not to exceed five (5) years, on the basis of the Compensation payable to a Class A firefighter during the period of Prior Military Service purchased, (ii) one dollar (\$1.00) per month of Prior Military Service purchased, for the Service increment, (iii) the amount which the City would have contributed to the Fund during the period of Prior Military Service purchased by such Participant, and (iv) interest on (i), (ii) and (iii) at the annual rate of return on Plan assets which is calculated by the Actuary for the Plan from the date which is two and one-half (2½) years after the Participant's initial date of employment as an Employee, compounded annually to the date of payment to the Plan.
- (3) However, such purchased Prior Military Service shall not be credited towards the accrual of a Normal Retirement Benefit, a Vested Benefit, or a Vested Reduced Benefit until the Participant has accrued at least twelve (12) years of non-Military and non-Uniformed Service.
- (d) Credit for and Purchase of Intervening Uniformed Service.
- (1) A former Participant who serves more than five (5) years in Uniformed Service (not counting any related Report-Back Period and necessary Preparation Time included in such Uniformed Service) does not have any right to be re-employed by the Employer or to receive Service credit under the Plan for such Uniformed Service. However, the five (5) year service limit is extended under the Final Regulations issued by the Department of Labor under USERRA for additional periods of active duty in the Uniformed Services required by military necessity, national emergency or in support of a critical mission of the Uniformed Service, and not within the control of the former Participant.

- (2) Upon re-employment by the Employer of a Participant after completing a period of Intervening Uniformed Service following application within the Report-Back Period the Participant has the option (i) to repay any amounts previously withdrawn by the Participant from the Plan in connection with such Uniformed Service, with interest at the annual rate of return on Plan assets which is calculated by the Plan Actuary, compounded annually from the date of withdrawal to the date of repayment, and (ii) to make-up any Employee Contributions that would have been due to the Plan after the first twelve (12) month of Intervening Uniformed Service and related Report Back Period, without interest. The City shall make all contributions to the Plan necessary for the Participant to receive credit for Service under the Plan with respect to the first twelve (12) months of such intervening Uniformed Service and related Report-Back Period.
- (3) The Employee's rate of pay and required contribution rate during said Intervening Uniformed Service and Report-Back Periods shall be calculated using the rate of pay that the Employee would have received and the contribution rate that the Employee would have been required to make had s/he not been absent during such intervening Uniformed Service and Report-Back periods, or if not reasonably certain, then it shall be the Employee's average level of Compensation and rate of contribution during the twelve (12)-month or shorter period of employment immediately preceding his/her Intervening Uniformed Service.
- (4) The Participant has the Repayment Period within which to repay to the Plan any such Employee withdrawals with interest and such Employee make-up Contributions without interest.
- (5) At the time of, and to the extent of, the Participant's repayment to the Plan of any such Employee withdrawals with interest and of such Employee make-up Contributions without interest, the Employer shall pay the Employer Contributions to the Plan that relate to and are contingent upon the Participant's restoration to the Plan of the Employee Contributions withdrawn in connection with or otherwise due during such Intervening Uniformed Service and Report-Back Periods.
- (6) However, any Intervening Uniformed Service for which the Participant makes up Employee Contributions within the Repayment Period shall not be credited towards the accrual of a Normal Retirement Benefit, a Vested Benefit, or a Vested Reduced Benefit until the Participant has accrued at least twelve (12) years of non-Military and non-Uniformed Service.
- (7) To the extent that the preceding conditions are met within the Repayment Period the effect of intervening Uniformed Service and related Report-Back Periods upon the Retirement Benefit of a Participant retiring from the Plan shall be the same as though the Participant had remained continuously employed by the Employer during such Periods.
(Ord. 5-2011. Passed 1-19-11.)

- A. Such Accrued Retirement Benefit does not exceed \$10,000 at any time during the Limitation Year; and
 - B. The Participant has never participated in a Defined Contribution Plan maintained by the Employer or Code Section 415 Affiliated Employer (and for this purpose, and as provided for in final regulations under Code Section 415, the Employee Contributions shall not be considered to be a separate Defined Contribution Plan).
- (5) If a Participant's benefit commencement date is before attainment of age sixty-two (62), the general dollar limitation described in Section 149.07(b)(3) shall be adjusted to an "age sixty-two (62) dollar limit" equal to the amount of a single life annuity payable as of the benefit commencement date that has the same actuarial equivalent present value of said dollar limitation payable as a deferred single life annuity at age sixty-two (62), with the actuarial equivalent present value determined on the basis of the applicable mortality table prescribed by the Commissioner of Internal Revenue under Code Section 415(b)(2)(E)(v) for purposes of the adjustment of the Code Section 415 limitation for defined benefit plans and interest at the rate of five percent (5%) per annum; provided however:
- A. If the Plan has an immediate single life annuity payable both at age sixty-two (62) and the age at benefit commencement, the "age sixty-two (62) dollar limit" (if less than the foregoing age sixty-two (62) dollar limit) shall be equal to the general dollar limitation described in Section 149.07(b)(3) multiplied by the ratio of the amount of the immediate single life annuity payable under the Plan to the amount of single life annuity payable under the Plan at age sixty-two (62), with both said amounts determined without applying the limitations of Code § 415;
 - B. For purposes of determining the age sixty-two (62) dollar limit, no adjustment shall be made for the probability of the Participant's death after the benefit commencement date and before age sixty-two (62) to the extent a forfeiture does not occur upon the participant's death before the benefit commencement date;
 - C. The reduction for payment before age sixty-two (62) shall not apply to any benefit payable on account of the death of a Participant or on account of a Participant becoming disabled by reason of personal injuries or sickness;
 - D. The reduction for payment before age sixty-two (62) shall not apply to a Participant who has at least fifteen (15) years of Service (taken into account for purposes of determining the amount of the Participant's Accrued Retirement Benefit) as a full-time employee of the police department or fire department of the Employer (regardless of job classification during said employment) or as a member of the Armed Forces of the United States; and

- E. The age sixty-two (62) dollar limit shall not decrease on account of an increase in age or the performance of additional service.
- (6) If a Participant's benefit commencement date is before attainment of age sixty-five (65), the general dollar limitation described in Section 149.07(b)(3) shall be adjusted to an "age sixty-five (65) dollar limit" equal to the amount of single life annuity payable as of the benefit commencement date that has the same actuarial equivalent present value of said dollar limitation payable as a single life annuity at age sixty-five (65), with the actuarial equivalent present value determined on the basis of the applicable mortality table prescribed by the Commissioner of Internal Revenue under Code Section 415(b)(2)(E)(v) for purposes of the adjustment of the Code Section 415 limitation for defined benefit plans and interest at the rate of five percent per annum; provided however,
- A. If the Plan has an immediate single life annuity payable both at the benefit commencement date and at age sixty-five (65), the "age sixty-five (65) dollar limit" (if less than the foregoing age sixty-five (65) dollar limit) shall be equal to the general dollar limitation described in Section 149.07(b)(3) multiplied by the ratio of (1) the amount of the immediate single life annuity payable to the Participant, computed disregarding the accruals after age sixty-five (65), but including any actuarial adjustments, and without applying the limitations of Code Section 415 to (2) the amount of single life annuity that would be payable to an age sixty-five (65) hypothetical participant with the same accrued benefit (with no increases for commencement after age sixty-five (65)) as the Participant, determined disregarding the accruals after age sixty-five (65) and without applying the limitations of Code Section 415; and
- B. For purposes of determining the age sixty-five (65) dollar limit, no adjustment shall be made for the probability of the Participant's death after age sixty-five (65) and before the benefit commencement date to the extent a forfeiture does not occur upon the participant's death before the benefit commencement date.
- (7) If a Participant's Accrued Retirement Benefit is paid in a form other than a single life annuity (as otherwise may be provided for in the Plan), it shall be adjusted as follows to its actuarial equivalent on a single life annuity basis for the purpose of applying the general dollar limitation described in Section 149.07(b)(3), except that no adjustment shall be made for any joint and survivor annuity form of payment (where the spouse is the survivor annuitant) and for the value of any ancillary benefits:
- A. For payment of Accrued Retirement Benefit in a form not subject to Code Section 417(e)(3) (assuming Code Section 417(e)(3) applies to the Plan to the extent and in the manner required by Code Section 415), the actuarial equivalent single life annuity for this purpose shall be the greater of:

1. The amount that would be payable to the Participant as of the same benefit commencement date under the single life annuity form of payment of the Plan; and
 2. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity if determined on the basis of the applicable mortality table prescribed by the Commissioner of Internal Revenue under Code Section 415(b)(2)(E)(v) for purposes of the adjustment of the Code Section 415 limitation for defined benefit plans and interest at the rate of five percent per annum.
- B. For payment of Accrued Retirement Benefit in a form subject to Code Section 417(e)(3) (assuming Code Section 417(e)(3) applies to the Plan to the extent and in the manner required by Code Section 415), the actuarial equivalent single life annuity for this purpose shall be the greatest of:
1. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity that has the same present value as the actual form of payment when determined on the basis of the Plan's Actuarial Equivalent factors;
 2. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity that has the same present value as the actual form of payment when determined on the basis of the applicable mortality table prescribed by the Commissioner of Internal Revenue under Code Section 415(b)(2)(E)(v) for purposes of the adjustment of the Code Section 415 limitation for defined benefit plans and interest at the rate of five and one half percent (5½%) per annum; and
 3. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity that has the same present value as the actual form of payment (computed by using the applicable mortality table and applicable interest rate), divided by 1.05.
- C. Notwithstanding any contrary provisions, for payment of Accrued Retirement Benefit in a form subject to Code Section 417(e)(3) (assuming Code Section 417(e)(3) applies to the Plan to the extent and in the manner required by Code Section 415) with a benefit commencement date falling in the Plan Years beginning in 2004 and 2005 (except as provided in section 101(d)(3) of the Pension Funding Equity Act of 2004), the actuarial equivalent single life annuity for this purpose shall be the greater of:
1. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity that has the same present value as the actual form of payment when determined on the basis of the Plan's Actuarial Equivalent factors; and

2. The amount that would be payable to the Participant as of the same benefit commencement date under a single life annuity that has the same present value as the actual form of payment when determined on the basis of the applicable mortality table prescribed by the Commissioner of Internal Revenue under Code Section 415(b)(2)(E)(v) for purposes of the adjustment of the Code Section 415 limitation for defined benefit plans and interest at the rate of five and one half percent (5½%) per annum.
- (8) If a Participant has less than ten (10) years of service, the general dollar limitation described in Section 149.07(b)(3) and the special dollar limitation described in Section 149.07(b)(4) shall each be multiplied by the ratio of the Participant's years of service to ten (10) but not by less than one tenth; provided, however, this adjustment shall not apply to any benefit payable on account of the death of a Participant or on account of a Participant becoming disabled by reason of personal injuries or sickness. For this purpose, a year of service shall be credited for each annual computation period in which the Participant is credited with the service required to accrue a benefit for the period taking into account service with the Employer (or a predecessor employer) and a Code Section 415 Affiliated Company.
 - (9) The general dollar limitation described in Section 149.07(b)(3) shall be adjusted by substituting as of January 1 of each calendar year and effective for the Limitation Year that ends in or with said calendar year, the limitation determined by the Commissioner of Internal Revenue pursuant to Code Section 415(d)(1). Such adjusted limitation shall apply to all Participants. Said adjustment shall be made for purposes of applying the limitations of this Section, regardless of whether the Plan actually provides for any cost-of-living adjustments for retirement benefits.
 - (10) If a Participant has multiple "annuity starting dates" within the meaning of Code Section 415, the limitations of this Section shall be applied as of each of the annuity starting dates taking into account the benefits that have been or will be provided at all of the annuity starting dates to the extent and in the manner required by Code Section 415.
 - (11) Notwithstanding any contrary provisions, the Annual Additions allocated to a Participant for any Limitation Year shall not exceed the lesser of:
 - A. \$40,000, provided that as of January 1 of each calendar year and effective for the Limitation Year ending in or with said calendar year, the dollar amount as adjusted for cost of living increases by the Commissioner of Internal Revenue pursuant to Code Section 415(d)(1) shall be substituted for this specified dollar amount, and provided further, that said dollar amount for any Limitation Year shorter than twelve (12) months shall be proportionately reduced; and
 - B. 100 percent of the Participant's Section 415 Compensation for the Limitation Year, (whether or not he is a Participant during the entire Limitation Year).

- (12) For the purpose of applying the limitations of this Section 149.07(b), all Defined Benefit Plans, whether or not terminated, of the Employer and any Code Section 415 Affiliated Employer shall be treated as one Defined Benefit Plan, and all Defined Contribution Plans, whether or not terminated, of the Employer and any Code Section 415 Affiliated Employer shall be treated as one Defined Contribution Plan.
 - (13) If the Employer or any Code Section 415 Affiliated Employer maintains a multi-employer plan as defined in Code Section 414(f) (and qualified under Code § 401(a)), benefits under said multi-employer plan shall be taken into account only to the extent provided by contributions of the Employer or Code Section 415 Affiliated Employer.
 - (14) If this Plan is aggregated with a plan that is subject to the special limitation and/or transitional rules with respect to Code Section 415, satisfaction of the requirements of Code Section 415 shall be determined by reference to the larger of the limitations set forth in this Section 149.07(b) or the limitations applicable to said other plan in the manner provided for in Code Section 415.
 - (15) If the limitations imposed by this Section 149.07(b) and Code Section 415 are exceeded by reason of the aggregation of this Plan with a plan not previously required to be aggregated, said limitations may be exceeded, provided that the requirements of Code Section 415 for doing so are satisfied.
 - (16) If a Participant's Accrued Retirement Benefit must be reduced to satisfy the requirements set forth in this Section 149.07(b) and in Code Section 415, such reduction shall be accomplished first by reducing the Participant's Accrued Retirement Benefit under the Defined Benefit Plan in which the Participant is an active participant and then by reducing the Participant's retirement benefit under the other Defined Benefit Plans in which the Participant was an active participant, starting with the Defined Benefit Plan in which the Participant was last an active participant and moving, successively, and to the extent necessary, to the next preceding Defined Benefit Plan and so forth.
 - (17) If a Participant's Annual Additions must be reduced to satisfy the requirements set forth in this Section 149.07(b) and in Code Section 415, the Annual Addition last allocated shall be reduced.
 - (18) Notwithstanding any contrary provisions, a repayment of a distribution (including interest thereon) shall not be taken into account for purposes of this Section 149.07(b) and the limitations imposed by Code § 415.
- (c) Required Payment Provisions - Code Section 401(a)(9).
- (1) Notwithstanding any contrary provisions, the payment of benefits under the Plan shall be made in accordance with a reasonable good faith interpretation of Code § 401(a)(9). The provisions in this Section 149.07(c) shall be applicable to the extent a benefit is otherwise payable under the applicable substantive provisions of the Plan, and to the extent applicable, the provisions in this Section 149.07(c) shall supersede any inconsistent benefit payment provisions in the Plan.

- (2) Payment of benefits to a Participant shall begin no later than the required beginning date of April 1 of the calendar year following the later of (i) the calendar year in which the Participant attains age seventy and one-half (70½) or (ii) the calendar year in which the Participant retires from employment by the Employer.
- (3) A joint and survivor annuity form of payment with a survivor annuitant not the Participant's spouse shall be available to a Participant only if the percentage of the pension payable to the survivor annuitant on or after the Participant's required beginning date and following the Participant's death does not exceed the applicable percentage determined under Treas. Reg. § 1.401(a)(9)-6 in the manner specified thereunder.
- (4) A certain and life annuity form of payment shall be available to a Participant only if the certain period does not exceed the applicable distribution period under the Uniform Lifetime Table Treas. Reg. § 1.72-9 determined under Treas. Reg. § 1.401(a)(9)-6 in the manner specified thereunder.
- (5) If a Participant dies before the required beginning date, payment of benefits to a beneficiary:
 - A. If made to a designated beneficiary (within the meaning of Code Section 401(a)(9)) who is the Participant's spouse and the sole designated beneficiary, shall be made or begin no later than the later of December 31 of the calendar year following the calendar year in which the Participant to whom such spouse was married died or December 31 of the calendar year in which such Participant would have attained age seventy and one-half (70½);
 - B. If made to a designated beneficiary (within the meaning of Code Section 401(a)(9)) who is not the Participant's spouse, or if the Participant's spouse is not the sole designated beneficiary, shall be made no later than December 31 of the calendar year in which falls the fifth anniversary of the Participant's death, or if paid for the life of, or for a period not exceeding the life expectancy of, the beneficiary, shall begin no later than December 31 of the calendar year following the calendar year in which the Participant died; and
 - C. If there is no designated beneficiary (within the meaning of Code Section 401(a)(9) as of September 30 of the calendar year following the calendar year in which the Participant died), shall be made no later than December 31 of the calendar year in which falls the fifth anniversary of the Participant's death.
- (6) If the designated beneficiary is the Participant's surviving spouse and is the sole designated beneficiary, and if the spouse dies after the Participant but before payment to the Participant's spouse is required to begin under this Section 149.07(c), this Section shall apply to the spouse as if the spouse were a participant without a spouse.
- (7) If a Participant dies after payment has commenced to him/her under an annuity form of payment, any payments to be made thereafter shall continue in accordance with the requirements of Code Section 401(a)(9).

- (d) Direct Rollovers - Code Section 401(a)(31).
- (1) A Distributee who is eligible to receive a distribution from the Plan which is an Eligible Rollover Distribution may elect to transfer said distribution to an Eligible Rollover Plan specified by the Distributee in a Direct Rollover.
 - (2) Notwithstanding any contrary provisions of this Section 149.07(d) (except as otherwise required by Code Section 401(a)(31)), (i) a Direct Rollover can be elected for part of an Eligible Rollover Distribution only if the amount so elected is at least five hundred dollars (\$500.00), (ii) only one Eligible Rollover Plan may be designated for a Direct Rollover, (iii) a Direct Rollover election made with respect to one payment in a series of payments shall apply to all subsequent payments until another election is made by the Distributee, and (iv) no Direct Rollover election is required to be provided for an Eligible Rollover Distribution of less than two hundred dollars (\$200.00) (when aggregated with all other Eligible Rollover Distributions for the taxable year).
 - (3) For purposes of this Section 149.07(d), the following words and phrases shall have the meaning set forth below unless a different meaning is clearly required by the context:
 - A. Direct Rollover means a payment by the Plan to the Eligible Rollover Plan specified by the Distributee.
 - B. Distributee means (i) an employee or former employee and (ii) the employee's or former employee's surviving spouse and the employee's or former employee's spouse or former spouse who is an alternative payee under a qualified domestic relations order, as defined in Code § 414(p), with respect to the interest of the spouse or former spouse.

 - D. Eligible Rollover Distribution means any distribution of all or any portion of the balance to the credit of the Distributee under the Plan, but excluding (as applicable) (i) any distribution which is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life or life expectancy of the Distributee and the Distributee's designated beneficiary or for a specified period of ten years or more, (ii) any distribution to the extent such distribution is required under Code Section 401(a)(9), (iii) the portion of any distribution that is not

includible in gross income (determined without regard to the exclusion for net unrealized appreciation with respect to employer securities), and (iv) any hardship distribution; provided, however, the portion of a distribution that is not includible in gross income shall not fail to be treated as an Eligible Rollover Distribution merely because that portion is not includible in gross income, but only with respect to (i) prior to January 1, 2007, an Eligible Retirement Plan that is an individual retirement account described in Code Section 408(a), an individual retirement annuity described in Code Section 408(b), or a qualified defined contribution plan described in Code Section 401(a) or Code Section 403(a) that will separately account for such a Direct Rollover and (ii) from and after January 1, 2007, an Eligible Retirement Plan that is an individual retirement account described in Code Section 408(a), an individual retirement annuity described in Code Section 408(b), or a qualified trust, annuity plan or annuity contract described in Code Section 401(a), 403(a) or 403(b) respectively that will separately account for such a Direct Rollover.

- (4) Effective January 1, 2010, and in conformance with Code Section 402(c)(11), a beneficiary eligible to receive a distribution from the Plan on account of a Participant's death may elect to transfer said distribution in a direct rollover to an individual retirement plan (described in clause (i) or (ii) of Code Section 402(c)(8) and including a Roth IRA) established by the beneficiary for this purpose, provided that (i) the beneficiary is not otherwise a Distributee, (ii) the beneficiary is a designated beneficiary as defined in Code Section 401(a)(9)(E), and (iii) the distribution would otherwise be an Eligible Rollover Distribution but for the requirement that the distribution be made to a Distributee.
- (5) Said election and Direct Rollover shall be made in accordance with procedures established under the Plan in accordance with Code Section 401(a)(31).

(e) Rollovers from Other Plans. Effective January 1, 2007, the Plan will accept Participant rollover contributions and direct rollovers of eligible rollover distributions from the following types of plans, contracts and accounts for the purpose of purchasing service credit (including military service credit) under this Plan or repaying a cash-out of contributions refunded under this Plan, but only to the extent otherwise permitted under this Plan:

(f) Death in Qualified Military Service - Code Section 401(a)(37). As and to the extent required by Code Section 401(a)(37), a Participant who dies on or after January 1, 2007 while performing qualified military service (within the meaning of Code Section 414(u)) and who would have been entitled to reemployment rights under the Plan under the Uniformed Services Employment and Reemployment Rights Act of 1994 at death shall be treated as follows:

- (1) Years of Service shall be credited for the period of the Participant's qualified military service to determine whether the Participant is vested in a benefit under the Plan for purposes of the death benefits payable under the Plan; and
- (2) The Participant shall be treated as if death had occurred while employed by the Employer for purposes of the death benefits payable under this Plan.

(g) Credit for Qualified Military Service - Code Section 414(u). Contributions, benefits and service credit with respect to qualified military service shall be provided under the Plan in accordance with Code Section 414(u) and the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"), 38 U.S.C. Section 4318. Upon a Participant's return to employment by the City following a period of qualified military service, the City shall make the contributions to this Plan with respect to the first twelve (12) months of such qualified service that the Participant would otherwise be required to make pursuant to this Plan, Code Section 414(u) and USERRA in order to be entitled to service credit under this Plan for the first twelve (12) months of such qualified military service. Such Participant shall be required to make contributions to this Plan pursuant to Code Section 414(u), USERRA and 51 Pa.C.S. Section 7306 in order to be entitled to service credits under this Plan for qualified military service in excess of twelve (12) months.

(h) Domestic Relations Orders.

- (1) Notwithstanding any contrary provisions, to the extent permitted by law, all or a part of a Participant's benefits may be assigned and paid to an "alternate payee" to the extent required and in the manner determined by the Plan with respect to a "qualified domestic relations order." For this purpose, an "alternate payee" and "qualified domestic relations order" shall be determined by the Plan Administrator who may use as guidance Code Section 414(p).
- (2) The Plan may establish such procedures as it deems necessary or desirable to review domestic relations orders and to administer payments under domestic relations orders.

(i) Exclusive Benefit - Code Section 401(a)(2). All contributions made by the City to the Plan shall be used and applied for the exclusive benefit of Participants and their beneficiaries, and such contributions shall not be used for, nor diverted to, purposes other than for such exclusive benefit of the Participants and their beneficiaries; provided, that, for this purpose, payment of administrative expenses by the Plan to the extent not paid by the City, shall be considered paid for such exclusive benefit.

(j) Forfeitures - Code Section 401(a)(8). Forfeitures arising under the Plan because of a severance of Service before a Participant becomes eligible for a retirement allowance, or for any other reason, shall be applied to reduce the cost of the Plan, and not to increase the benefits otherwise payable to Participants.

(k) Vesting Upon Termination - Code Section 401(a)(7) (as in effect September 1, 1974). Upon a complete or partial termination of the Plan, or upon the complete discontinuance of contributions, as and to the extent required by the Code, each affected Participant shall be fully vested in his or her accrued benefit as of the date of such termination, partial termination or discontinuance to the extent then funded. In the event of a complete termination of the Plan, the Plan assets shall be allocated and paid in accordance with applicable law and regulations, and upon satisfaction of all liabilities of the Plan to Participants and their beneficiaries, any residual assets of the Plan shall be returned to the City.

(l) Leased Employees - Code Section 414(n).

(1) A person who is a leased employee shall be treated as in employment with the Employer, but shall not participate in the Plan or accrue any benefits under the Plan except as specifically provided for in the Plan. If a person is eligible for benefits under the Plan as a leased employee, to the extent and in the manner prescribed by Code § 414(n), the benefits provided by the leasing organization to said person shall be taken into account in determining benefits under the Plan.

(2) For this purpose, a leased employee means, for Plan Years beginning on and after January 1, 1997, as determined in accordance with Code Section 414(n), any person who is not an employee of the Employer and who, pursuant to an agreement between a leasing organization and the Employer, performs services for the Employer on a substantially full-time basis for a period of at least one year under the primary control and direction of the Employer, but excluding any such person if (i) such person is covered under a money purchase pension plan maintained by the leasing organization that provides for a ten percent (10%) nonintegrated employer contribution for each of its participants, full and immediate vesting, and immediate participation for each non excluded employee of the leasing organization, and (ii) leased employees (determined without regard to this exclusion) do not constitute more than twenty percent (20%) of the Employer's nonhighly compensated employee workforce. (Ord. 5-2011. Passed 1-19-11.)

- (10) To assist any Participant regarding the Participant's rights, benefit, or elections available under the Plan.

(b) Bylaws, Meetings, Records and Reports: The Board shall adopt Bylaws regulating its organization and operations and shall hold such meetings as the efficient discharge of its duties may require. The Board shall keep a record of all actions taken and shall keep all other books of account, records, policies, and other data that may be necessary for proper administration of the Plan and shall be responsible for supplying all information and reports to the Internal Revenue Service, Participants, Survivors and others as required by law.

(c) Appointment of Advisors: The Board may appoint counsel, actuaries, accountants, physicians, specialists, advisors, agents (including nonfiduciary agents) and other persons as the Board deems necessary or desirable in connection with the administration of this Plan, including but not limited to agents and advisors to assist with the administration and management of the Plan, and thereby to provide, among such other duties as the Board may appoint, assistance with maintaining Plan records and the providing of investment information to the Investment Managers (defined in paragraph (g)(12) below) of the Pension Fund.

(d) Payment of Expenses: All expenses of administration that are approved by the Board may be paid out of the Pension Fund unless paid by the Employer. Such expenses shall include any expenses incident to the functioning of the Board, or any person or persons retained or appointed by the Board incident to the exercise of their duties under the Plan, including, but not limited to, fees of accountants, actuaries, counsel, Investment Managers, and other specialists and their agents, the costs of any bonds required pursuant to law, and other costs of administering the Plan.

(e) Claims Procedure: Claims for benefits under the Plan may be filed in writing with the Board. Written notice of the disposition of a claim shall be furnished to the claimant within sixty (60) days after the application is filed, or such other period as may be required by applicable law. In the event the claim is denied, the reasons for the denial shall be specifically set forth in the notice in language calculated to be understood by the claimant, pertinent provisions of the Plan shall be cited, and, where appropriate, an explanation as to how the claimant can perfect the claim will be provided. In addition, the claimant shall be furnished with an explanation of the Plan's claims review procedure.

(f) Claims Review Procedure: Any Participant, former Participant or Survivor of either, who has been denied a benefit by a decision of the Board pursuant to subparagraph (e) hereof shall be entitled to request the Board to give further consideration to a claim by filing with the Board a written request for a hearing. Such request, together with a written statement of the reasons why the Claimant believes the claim should be allowed, shall be filed with the Board no later than thirty (30) days after the receipt of the written notification provided for in subparagraph (e) hereof. The Board shall then conduct a hearing within the next thirty (30) days, at which Claimant may be represented by an attorney or any other representative of Claimant's choosing and expense. The Claimant shall have an opportunity to submit written and oral evidence and arguments to the Board in support of the claim. At the hearing (or prior thereto upon five (5) business days written notice to the Board) the Claimant or the Claimant's representative shall have an opportunity to review all documents in the possession of the Board which are pertinent to the claim at issue and its disallowance. Either the Claimant or the Board may cause a court reporter to attend the hearing and record the proceedings. 149.09 PARTIAL LUMP SUM DISTRIBUTION OPTION.

(a) Effective as of February 15, 2004, every full-time active firefighter who is a participant in the Plan who shall have accrued at least twenty-one (21) years of service on active duty as a participant and who shall have attained the age of fifty-one (51) years or more, and who is otherwise eligible for the Normal Retirement benefit provided under Section 149.04 hereof, may elect the Partial Lump Sum Distribution Option ("PLSDO") provided by subparagraph (c) below in lieu of any other benefits under the Plan.

(b) A Participant may elect the PLSDO at any time after six (6) months following attainment of his/her Normal Retirement Date by delivering to the Employer a written notice stating his/her intention to terminate his/her employment with the City on an Employment Termination Date which follows by at least six (6) months the date of delivery of such notice to the Employer, and his/her intention to retire under the Plan as of a Pension Lookback Date which precedes his/her selected Employment Termination Date by either twelve (12), twenty-four (24) or thirty-six (36) months, as selected by the Participant in such Notice, which is hereinafter referred to as the "PLSDO Notice." (This six (6) months advance notice period for selecting an Employment Termination Date shall be waived for those Participants who submit their PLSDO Notice to the Employer during the first full calendar month following the adoption of the Ordinance containing this PLSDO.) A Participant may not select a Pension Lookback Date in his/her PLSDO Notice which precedes his/her selected Employment Termination Date by twelve (12) months unless he/she shall have accrued at least twenty-one (21) years of Service under the Plan and shall have attained at least age fifty-one (51) at his/her selected Employment Termination Date. A Participant may not select a Pension Lookback Date in his/her PLSDO Notice which precedes his/her selected Employment Termination Date by twenty-four (24) months unless he/she shall have accrued at least twenty-two (22) years of Service under the Plan and shall have attained at least age fifty-two (52) at his/her selected Employment Termination Date. A Participant may not select a Pension Lookback Date in his/her PLSDO Notice which precedes his/her selected Employment Termination Date by thirty-six (36) months unless he/she shall have accrued at least twenty-three (23) years of Service and shall have attained at least age fifty-three (53) at his/her selected Employment Termination Date. A Participant may revoke his/her notice of intention to terminate employment with the City and to retire under the Plan by delivery of another written notice to the Employer to that effect at any time prior to the Employment Termination Date stated in his/her previous PLSDO Notice.

(c) A Participant who elects the PLSDO Pursuant to paragraph (b) above shall receive, commencing with or within thirty (30) days following the Employment Termination Date selected in his/her PLSDO Notice:

- (1) His/her Normal Retirement Benefit determined as of the Pension Lookback Date specified in his/her PLSDO Notice; and
- (2) A lump sum cash distribution equal to the monthly retirement benefit provided in (1) above, multiplied by the number of months, 12, 24 or 36 specified in the Participant's PLSDO Notice, or the number of months which elapsed from the Pension Lookback Date which the Participant selected in his/her PLSDO Notice to the last day of the month in which occurs his/her death or actual termination of employment, if earlier. This lump sum cash distribution shall be eligible for rollover to the Participant's Individual Retirement Account or to another qualified plan pursuant to Subsections 149.07(m) and (n) hereof, subject to the limitations and requirements of the Internal Revenue Code.

After commencement of payment to a Participant pursuant to his/her PLSDO election, such Participant shall not be eligible for any other benefit under the Plan, except for the Normal Retirement Benefit provided by (1) above and the Cost of Living Adjustment thereon provided by (d) below.

(d) The Cost of Living Adjustment provided by Subsection 149.04(g) hereof to the Normal Retirement Benefit provided under (c)(1) above shall be based upon the basic monthly salary paid to a Class A firefighter of the City at a prior month, which is determined from time to time by the number of months, 12, 24, or 36, by which the Pension Lookback Date specified in the Participant's PLSDO Notice precedes the Employment Termination Date specified in such Notice, or the number of months which elapsed from the Pension Lookback Date specified in such Notice to the last day of the month in which occurs his/her death or actual termination of employment, if earlier. No Cost of Living Adjustment shall be calculated or credited under Subsection 149.04(g) hereof with respect to any period prior to a Participant's Employment Termination Date.

(e) A Participant who delivers a PLSDO Notice to the City and who subsequently becomes permanently and totally disabled and eligible for a Disability Retirement Benefit under Subsections 149.04(e) or (f) hereof prior to the Employment Termination Date specified in such PLSDO Notice may revoke such Notice prior to the Employment Termination Date, in which case it shall be deemed of no effect, and the Participant shall retire with the Disability Retirement Benefit for which he/she is eligible under the Plan.

(f) In the event that a Participant who delivers a PLSDO Notice to the City dies prior to the actual payment of the lump sum cash distribution required by his/her election of a PLSDO and subparagraph (c)(2) above, then it shall be paid to his/her surviving spouse, or if none, to his/her surviving children per stirpes or if none, to his/her estate, but the amount of such lump sum cash distribution shall be calculated by multiplying the monthly retirement benefit provided in subparagraph (c)(1) above by the number of whole months which elapsed from the Pension Lookback Date which the Participant selected in his/her PLSDO Notice to the last day of the month in which his/her death occurs. In the event that a Participant who delivers a PLSDO Notice to the City suffers a total and permanent disability which results in the termination of his/her employment prior to the Employment Termination Date selected in such Notice and does not revoke his/her PLSDO Election, then the amount of such lump sum cash distribution shall be calculated by multiplying the monthly retirement benefit provided in subparagraph (c)(1) above by the number of whole months which elapsed from the Pension

Lookback Date which the Participant selected in his/her PLSDO Notice to the last day of the month in which his/her termination of employment occurs. Further, in the event of the death of a Participant prior to his/her receipt of a lump sum cash distribution required by his/her election of the PLSDO, such Participant's surviving spouse shall have the option of voiding the Participant's election of the PLSDO, forfeiting the lump sum cash distribution and receiving the retirement benefits provided by the Plan to the surviving spouse as though the Participant had never elected the PLSDO. In the event such Participant's surviving spouse elects to receive the lump sum cash distribution elected by the Participant prior to his/her death and in accordance with subparagraph (c)(2) above, then the monthly retirement benefit payable to such surviving spouse shall be reduced in accordance with the deceased Participant's election of a PLSDO and subparagraph (c)(1) above.

(g) Any lump sum cash distribution payable in accordance with this Section 149.09 shall be subject to applicable Federal and State Income Tax Regulations and withholding and excise taxes.

(h) A Participant who elects a PLSDO shall continue to make all required Participant Contributions to the Plan until his/her selected Employment Termination Date. (Ord. 3-2012. Passed 2-1-12.)

149.10 MISCELLANEOUS.

(a) Funding Policy: The Employer shall make contributions to the Pension Fund in accordance with Section 149.02(a) and the Board shall invest the Pension Fund in accordance with Section 149.02(a) and the Board shall invest the Pension Fund in accordance with the terms of the Plan and Act 205.

(b) Other City Funds Not Liable: So long as the City funds the Plan in conformance with Act 205, payment of pensions and allowances as provided under this Plan shall not be a charge on any other fund of the Employer or account under its control, other than the Fund related to the Firefighters' Pension Plan established hereunder.

(c) Information to be Furnished by the Employer: The Employer shall furnish to the Board such information in the Employer's possession as the Board requires from time to time to perform its duties under the Plan.

(d) Prohibition Against Diversion of Funds:

- (1) Except as provided below and otherwise specifically permitted by law, it shall be impossible by operation of the Plan or of the Pension Fund, by termination of either, by power of revocation or amendment, by the happening of any contingency, by collateral arrangement or by any other means, for any part of the corpus or income of the Pension Fund maintained pursuant to the Plan or any Funds contributed thereto to be used for, or diverted to, purposes other than the exclusive benefit of Participants, former Participants or their Survivors. (2) In the event the Employer shall make an excessive contribution under a mistake of fact, the Employer may demand repayment of such excessive contribution at any time within one (1) year following the term of payment and the trustee or custodian of the Pension Fund shall return such amount to the Employer within the one (1) year period. Earnings of the Plan attributable to the contributions may not be returned to the Employer but any losses attributable thereto must reduce the amount so returned.

(e) Participant's Rights: This Plan shall not be deemed to constitute a contract between the Employer and any Participant or to be a consideration or an inducement for the employment of any Participant or Employee. Nothing contained in this Plan shall be deemed to give any Participant or Employee the right to be retained in the service of the Employer or to interfere with the right of the Employer to discharge any Participant or Employee at any time regardless of the effect which such discharge shall have upon the Employee as a Participant in this Plan.

(f) Anti-Alienation Provision:

- (1) Subject to the exceptions provided below, no benefit which shall be payable out of the Pension Fund to any person (including a Participant or any Survivor) shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, charge, or claim of any creditor. Any attempt to anticipate, alienate, sell, transfer, assign, pledge, encumber, or charge the same shall be void; and no such benefit shall in any manner be liable for, or subject to, the debts, contracts, liabilities, engagements, or torts of any such person, nor shall it be subject to attachment or legal process for or against such person, and the same shall not be recognized by the Board, except to such extent as may be required by law.
- (2) Subparagraph (1) shall not apply to a "qualified domestic relations order" defined in Code Section 414(p), and those other domestic relations orders permitted to be so treated by the Administrator under the provisions of the Retirement Equity Act of 1984 or other federal or state law. The Administrator shall establish a written procedure to determine the qualified status of domestic relations orders and to administer distributions under such qualified orders. Further, to the extent provided under a "qualified domestic relations order," a former spouse of a Participant shall be treated as the spouse or surviving spouse for all purposes under the Plan.

(g) Incapacity of Recipient of Benefits: If any person entitled to receive benefits shall be physically or mentally incapable of receiving or acknowledging receipt of any payment of benefits, the Board, upon the receipt of satisfactory evidence that such person is so incapacitated and that another person or institution is maintaining him and that no guardian or committee has been appointed for him, may provide for the payment of benefits hereunder to such person or institution so maintaining him, and any such payments so made shall be deemed for every purpose to have been made to or for the benefit of such incapacitated person.

(h) Ownership of Plan Assets: Nothing contained herein shall be deemed to give any Participant or his beneficiary any interest in any specific property of the Plan or any right except to receive such distributions as are expressly provided for in this Plan.

(i) Legal Action: In the event any claim, suit or proceeding is brought regarding the pension Fund and/or the Plan established hereunder to which the Employer or the Board or members of the Board may be a party, and such claim, suit or proceeding is resolved in favor of the Employer or the Board, they shall be entitled to be reimbursed from the Pension Fund for any and all costs, attorney's fees, and other expenses pertaining thereto incurred by them for which they shall have become liable.

(j) Indemnification of Fiduciaries: To the fullest extent allowed by Act 205, the Employer shall defend and hold harmless City Council, the Board and their members, and shall indemnify the same, against any and all claims or liabilities which may be asserted against any of them by reason of any action or omission in the administration or operation of the Plan, except in the case of any criminal liability, fraud or willful wrongdoing.

(k) Headings: The headings and subheadings of this Plan have been inserted for convenience of reference and are to be ignored in any construction of the provisions hereof.

(l) Gender and Number: Wherever any words are used herein in the masculine, feminine or neuter gender, they shall be construed as though they were also used in another gender in all cases where they would so apply, and whenever any words are used herein in the singular or plural form, they shall be construed as though they were also used in the other form in all cases where they would so apply.

(m) Receipt and Release for Payments: Any payment to a Participant, the Participant's legal representative, Survivor, or to any guardian or committee appointed for such Participant or Survivor in accordance with the provisions of the Plan, shall, to the extent thereof, be in full satisfaction of all claims hereunder against the Board and the Employer, either of whom may require such Participant, legal representative, Survivor, guardian or committee, as a condition precedent to such payment, to execute a receipt and release thereof in such form as shall be determined by the Board or the Employer.

(n) Governing Law To Prevail Over Inconsistent Plan Provisions: The Plan shall be governed by, and construed in accordance with Act 205 and the laws of the Commonwealth of Pennsylvania except to the extent that such laws have been specifically preempted by the Code or other Federal legislation. Notwithstanding any provision of this Plan to the contrary, contributions, benefits and service credit with respect to qualified military service will be provided in accordance with Section 414(u) of the Internal Revenue Code and regulations duly promulgated thereunder.
